---

- " G O D "
- God is the most important thing ever! He created all the things on this list if you think about it.
- That is true.  
God is the only person who loves for real.  
Satan can't defeat god.
- Allah is the most important entity in this life .

- " M U S I C "
- It brings the world together in so many ways
- Everyone love at least one genre! That's why I love listing to it
- Music is my life. I am so glad that someone invented music.

- F A M I L Y
- I think family is really the only thing you actually have and I believe they are the most important and I really adore my family
- They are persons who will be there to listen and love...
- I noticed the people who have had near death experiences who went to heaven or hell and got to come back have something in common. New awareness of God, Heaven, Hell, self, and a new understanding of how important family and friends are to them.

- L O V E
- Love and music were a tough choice. "When the power of love overcomes the love of power the world will know peace" Jimi Hendrix.
- Why is God above love? I mean, I'm not an atheist at all, I believe that there could be something out there, but seriously, Loving one another is more important than loving a God that might not even exist and if God does exist, God will accept you for your love to others.
- It's important because it brings people together and make them happy most of the time and sometimes they even might go even farther than they think

# Main things in our life

- Happiness
- This means I am the source of my own happiness whether it's about what I am doing, what I like to have, because if I am happy about myself then it usually shared to someone else. When I am finished a project I like, it makes me happy and I would probably treat myself a nice vacation trip, shopping, taking family trip, making other people happy buy using their services and having great times with family and loved ones.
- Life isn't all about misery. God gives you Hardships in your First 10 years of life. If you be good in those first 10 years, you will have a happy life
