

My English project

Safety near water

*Prepared by
Andriana Stasiu*

You mustn't play in the water!

You mustn't swim for a long distance!

You mustn't swim where prohibited!

You mustn't jump into the water if there are a lot of people!

You mustn't skate when the ice is thin!

You must swim in the life jacket!

You must swim in the designated areas!

You must stay with your family near the water!

You can sunbathe on the beach!

You can fish!

*Thank you for your
attention!*
