

“My perfect school”

Performed
by Alina Shahai

Plan:

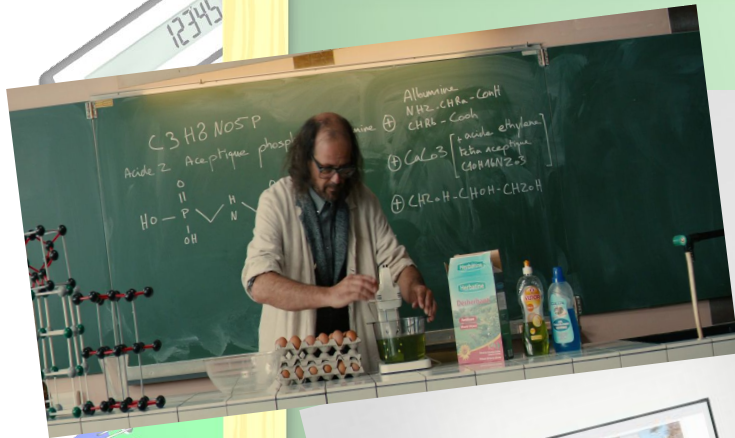

1. School.
2. Teachers.
3. Education.
4. Sports.
5. A dining-room.
6. Students.

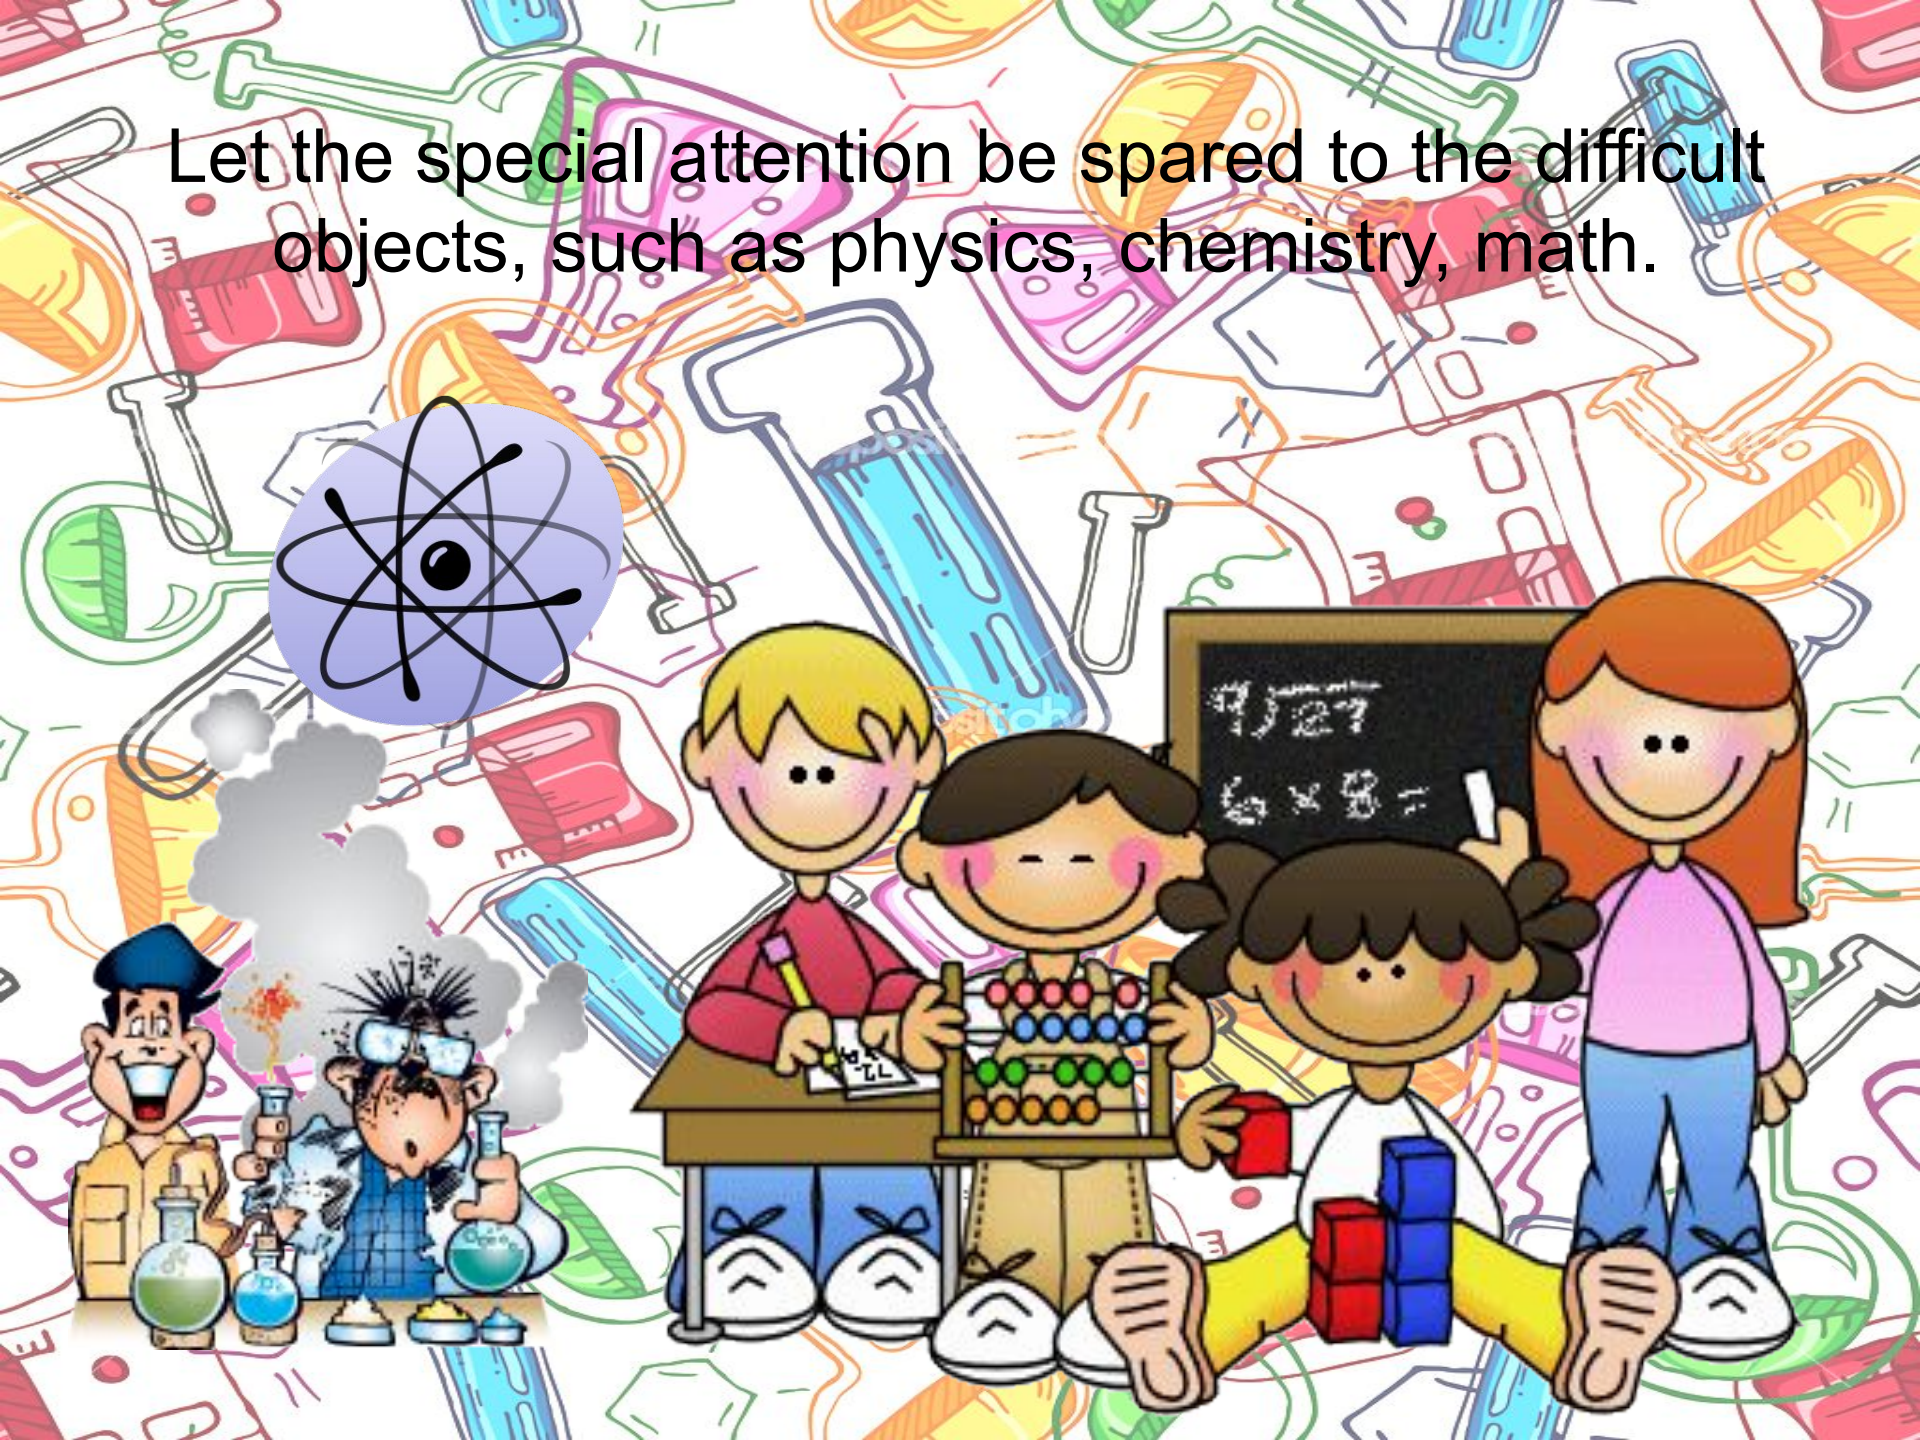

There must be enormous building with by a great number beautiful spacious classes.

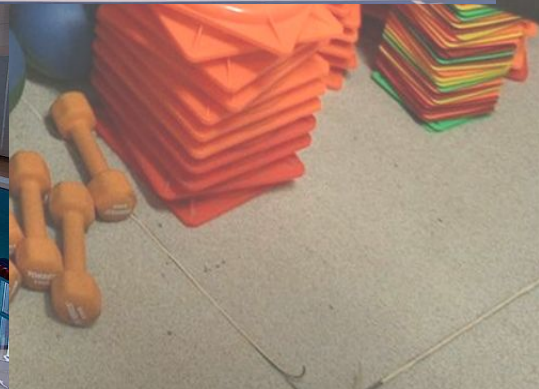

Comfortable for students time-table and clever, sociable teachers.

Let the special attention be spared to the difficult objects, such as physics, chemistry, math.

And there must be an expensive modern inventory in sporting halls and computer classes, it will be good, a pool will be even if. Then to alternate the lessons of physical education and employment in a pool.

A dining-room must contain many tables, as in a cafe, restaurants and the fresh refined foods.

Class-mates from decent families, kind,
not boring.

Such I see my perfect school.
