History of our gymnasium

- The history of gymnasium goes back to 1939. Really the first building of our gymnasium is building of school in nagornoe. Actually two schools start living from there – our and school № 21.
- The first headmaster – Vasiliy Fedorovich Kovyasin. He died during the world war the second. From 1941 the school began working as primary, but from 1948 – as secondary too.

In 1952 the school was given a new building. Now it is the building of lyceum №1. In 1956 the school got the second building. Some teachers started work there – in school №21, and the rest became teachers of school №25.

On the first of September in 1979 the school moved to a new building, where it is situated now. The headmaster – Feldstein was given a symbolic key. He cut the red ribbon and everyone came into the building.

From 2005 the school became a gymnasium № 10.

Nowadays

Our gymnasium is one of the best schools of Murmansk. Our pupils always took part in different competitions. Our gymnasium has it's own symbols. They are: a hymn and an emblem. Gymnasium is very safety. Health of our pupils -special care of all gymnasium collective and parents.
