

HUMAN DIET

diet - a set of rules for the use of food a person or other living organism.

DIET PLANNING

- Adequacy
 - enough energy and nutrients (all) are included in the diet to meet the needs of healthy people
 - balance
 - consuming the right amount of each type of food – not too much, not too little
- 

Calories (energy)

- energy in from food = energy out for metabolism and activities
- choose foods of high nutrient density

nutrient density

- choose foods that give you the most nutrient for the least food energy
- empty-calorie foods
- deliver only energy, little or no protein vitamins, minerals

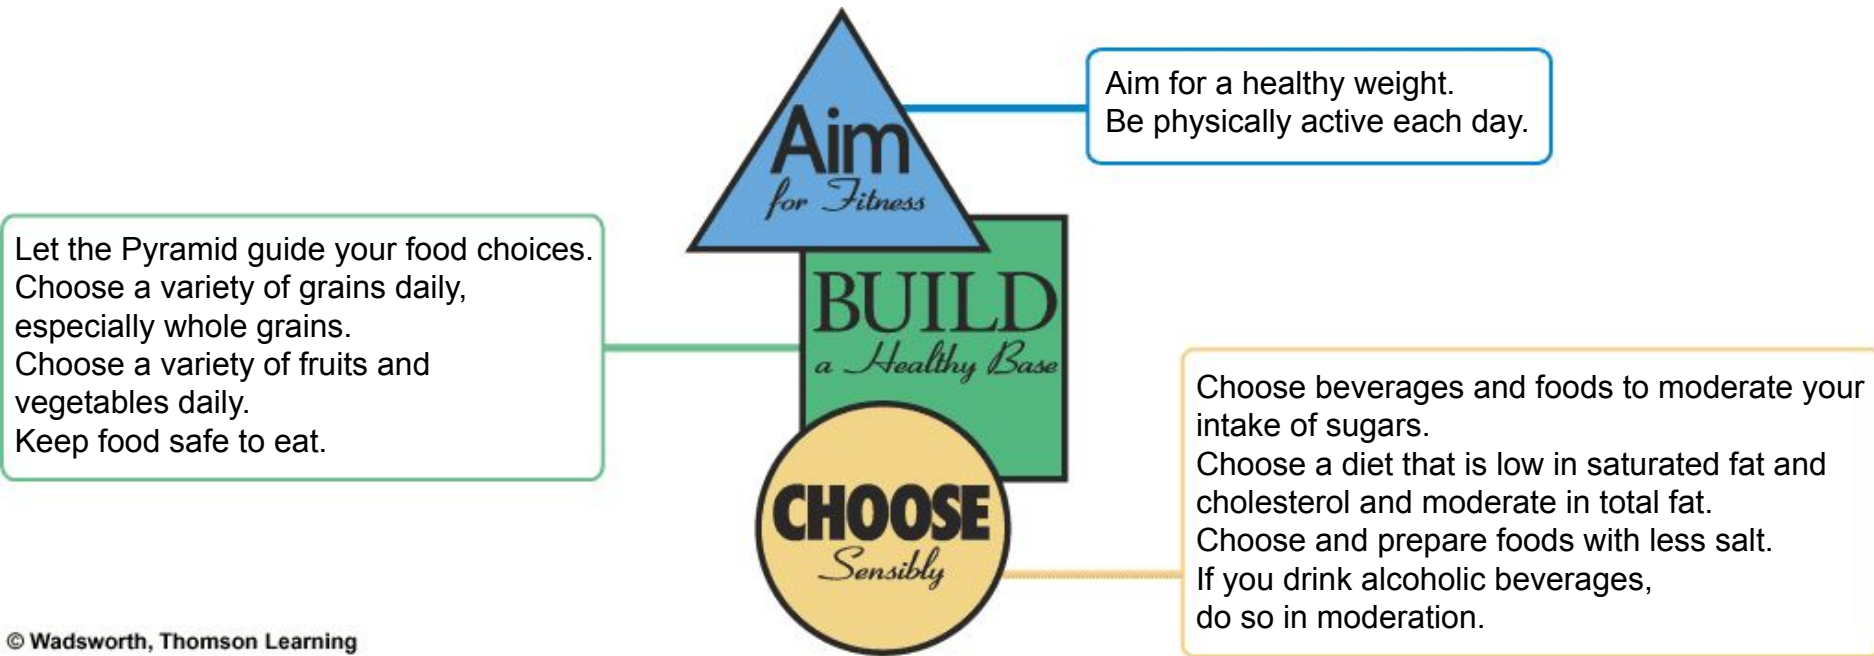

variety

- vary your choices, even wishing a food group
- different foods contain different nutrients
- eating nutritiously shouldn't be boring

GUIDELINES

FOOD GROUP PLAN

easy way to create a balanced diet

- just select foods from the 5 groups, according to the rules
- number of recommended serving is listed
- lists the foods according to their nutrient density

**BREADS, CEREALS, AND
OTHER
GRAIN PRODUCTS
6 TO 11 SERVINGS PER
DAY**

FOOD GROUP PLAN

VEGETABLES: 3 TO 5 SERVINGS PER DAY

FRUITS: 2 TO 4 SERVINGS PER DAY

FOOD GROUP PLAN

**MEAT, POULTRY, FISH, AND ALTERNATES:
2 TO 3 SERVINGS PER DAY**

**MILK, CHEESE, AND YOGURT:
2 SERVINGS PER DAY**

FOOD GROUP PLAN

**FATS, SWEETS, AND
ALCOHOLIC BEVERAGES:
USE SPARINGLY**

FOOD GUIDE PYRAMID

Key:

● Fat (naturally occurring and added)

▼ Sugars (added)

These symbols show fats, oils and added sugars in foods.

Food Guide Pyramid

A Guide to Daily Food Choices

The breadth of the base shows that grains (breads, cereals, rice, and pasta) deserve most emphasis in the diet. The tip is smallest: use fats, oils, and sweets sparingly.

75% of a day's food should come from grains, vegetables and fruits

VEGETARIAN FOOD GUIDE

vegetarians eat mainly plant foods

- grains, vegetables, legumes, fruits, seeds, nuts
- may include eggs and/or milk products
- food groups are similar
- meat alternates are selected

HEALTHY EATING INDEX

established by the **USDA** to determine how well a diet meets recommendations

© Wadsworth, Thomson Learning

how do you plan a healthy diet?

- start with what you like and build on that
- think food groups and nutrient-rich
- most food is processed

FOR HEALTHY DIET

choose

- whole-grain regularly
- fresh vegetables
- raw, frozen, cooked, canned (without salt) are OK
- Legumes
- beans and peas
- cheap, high in fiber
