# About myself and my art (2002-2007)

- My name is Esipova Yulya, I'm 15 years old. I'm a painter. I paint from about 5 years old. In 2002, I began to study painting at the "Children's art studio at the Art Museum". There I was taught the basics of drawing. Learn to paint with gouache, watercolor, markers, pastels and watercolor pencils.

- I'm 9 years old.

# “Children's art studio at the Art Museum”.

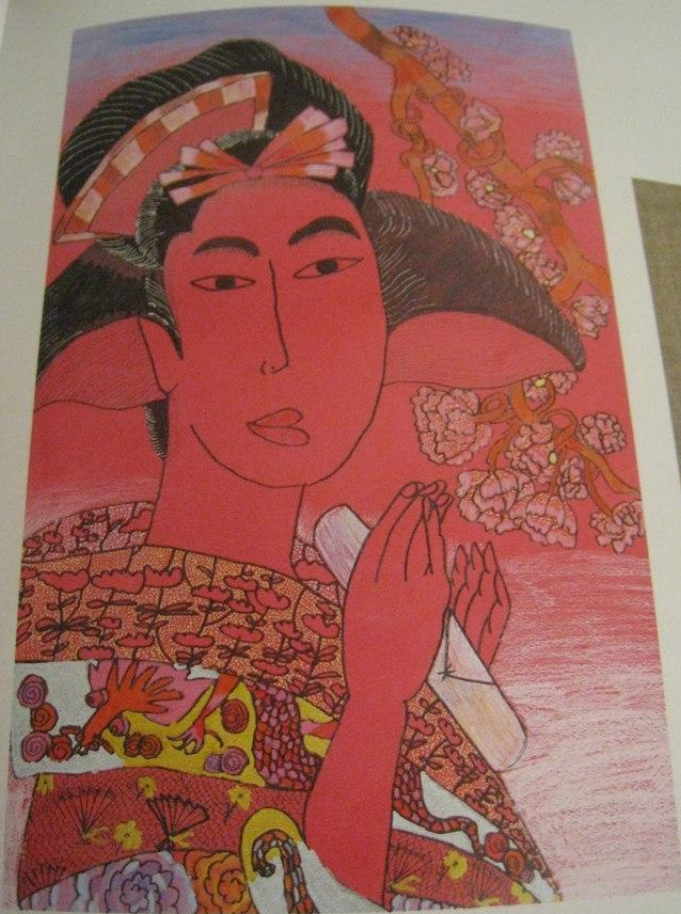

Now I will show you some of my  
works painted in 5-9 years.

- ***This is one of my first works! I drew it at the age of 5-6 years. The exact name, I naturally do not remember.***
- ***But remember that the name was like "Egyptian Princess"***

- **Some of my work, I found in a certain magazine in our city recently!**

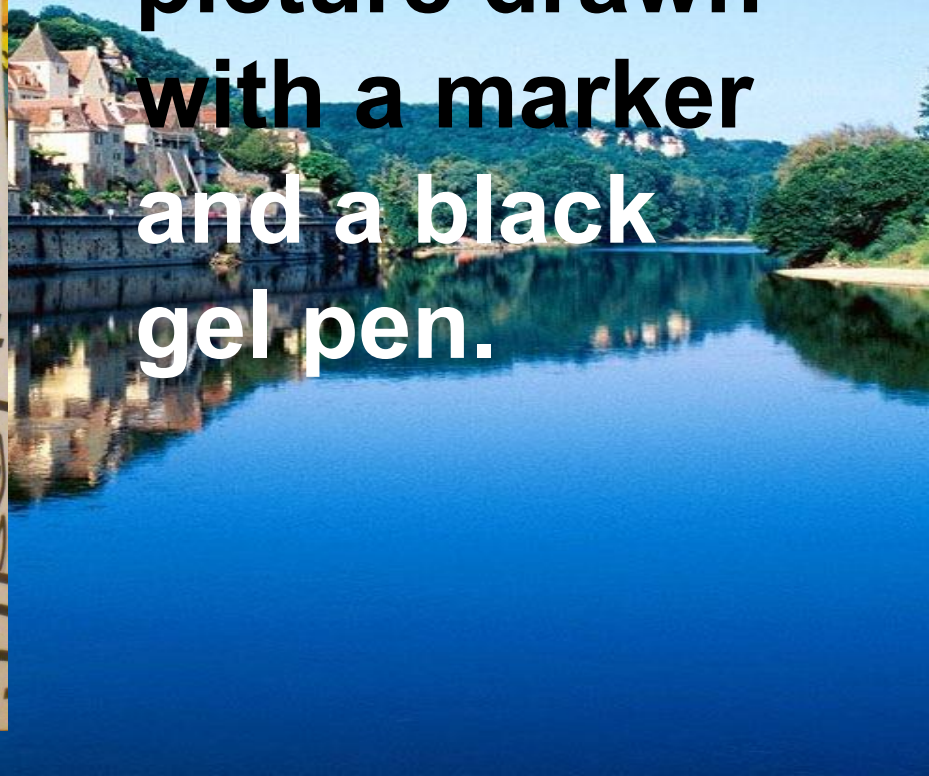

This is one of my favorite pictures! I drew it in 8 years. The picture painted in watercolor and pastel. Unfortunately, we had to leave our pictures at school of art, but sometimes we look them without permission.

Was a trying times :D I hope they do not know about it.

- This picture I drew when I was 9 years old. The picture drawn with a marker and a black gel pen.

• In 2007 I graduated from the "Children's art studio at the Art Museum" and I was transferred to "Art School" for older children. At this art school I studied for three years only. And in 2010 I left her. And I started my own career.

- My teacher at the art school was Alexander Ivanov. He always demanded of me a lot and have always said that God has given me the ability to draw well.

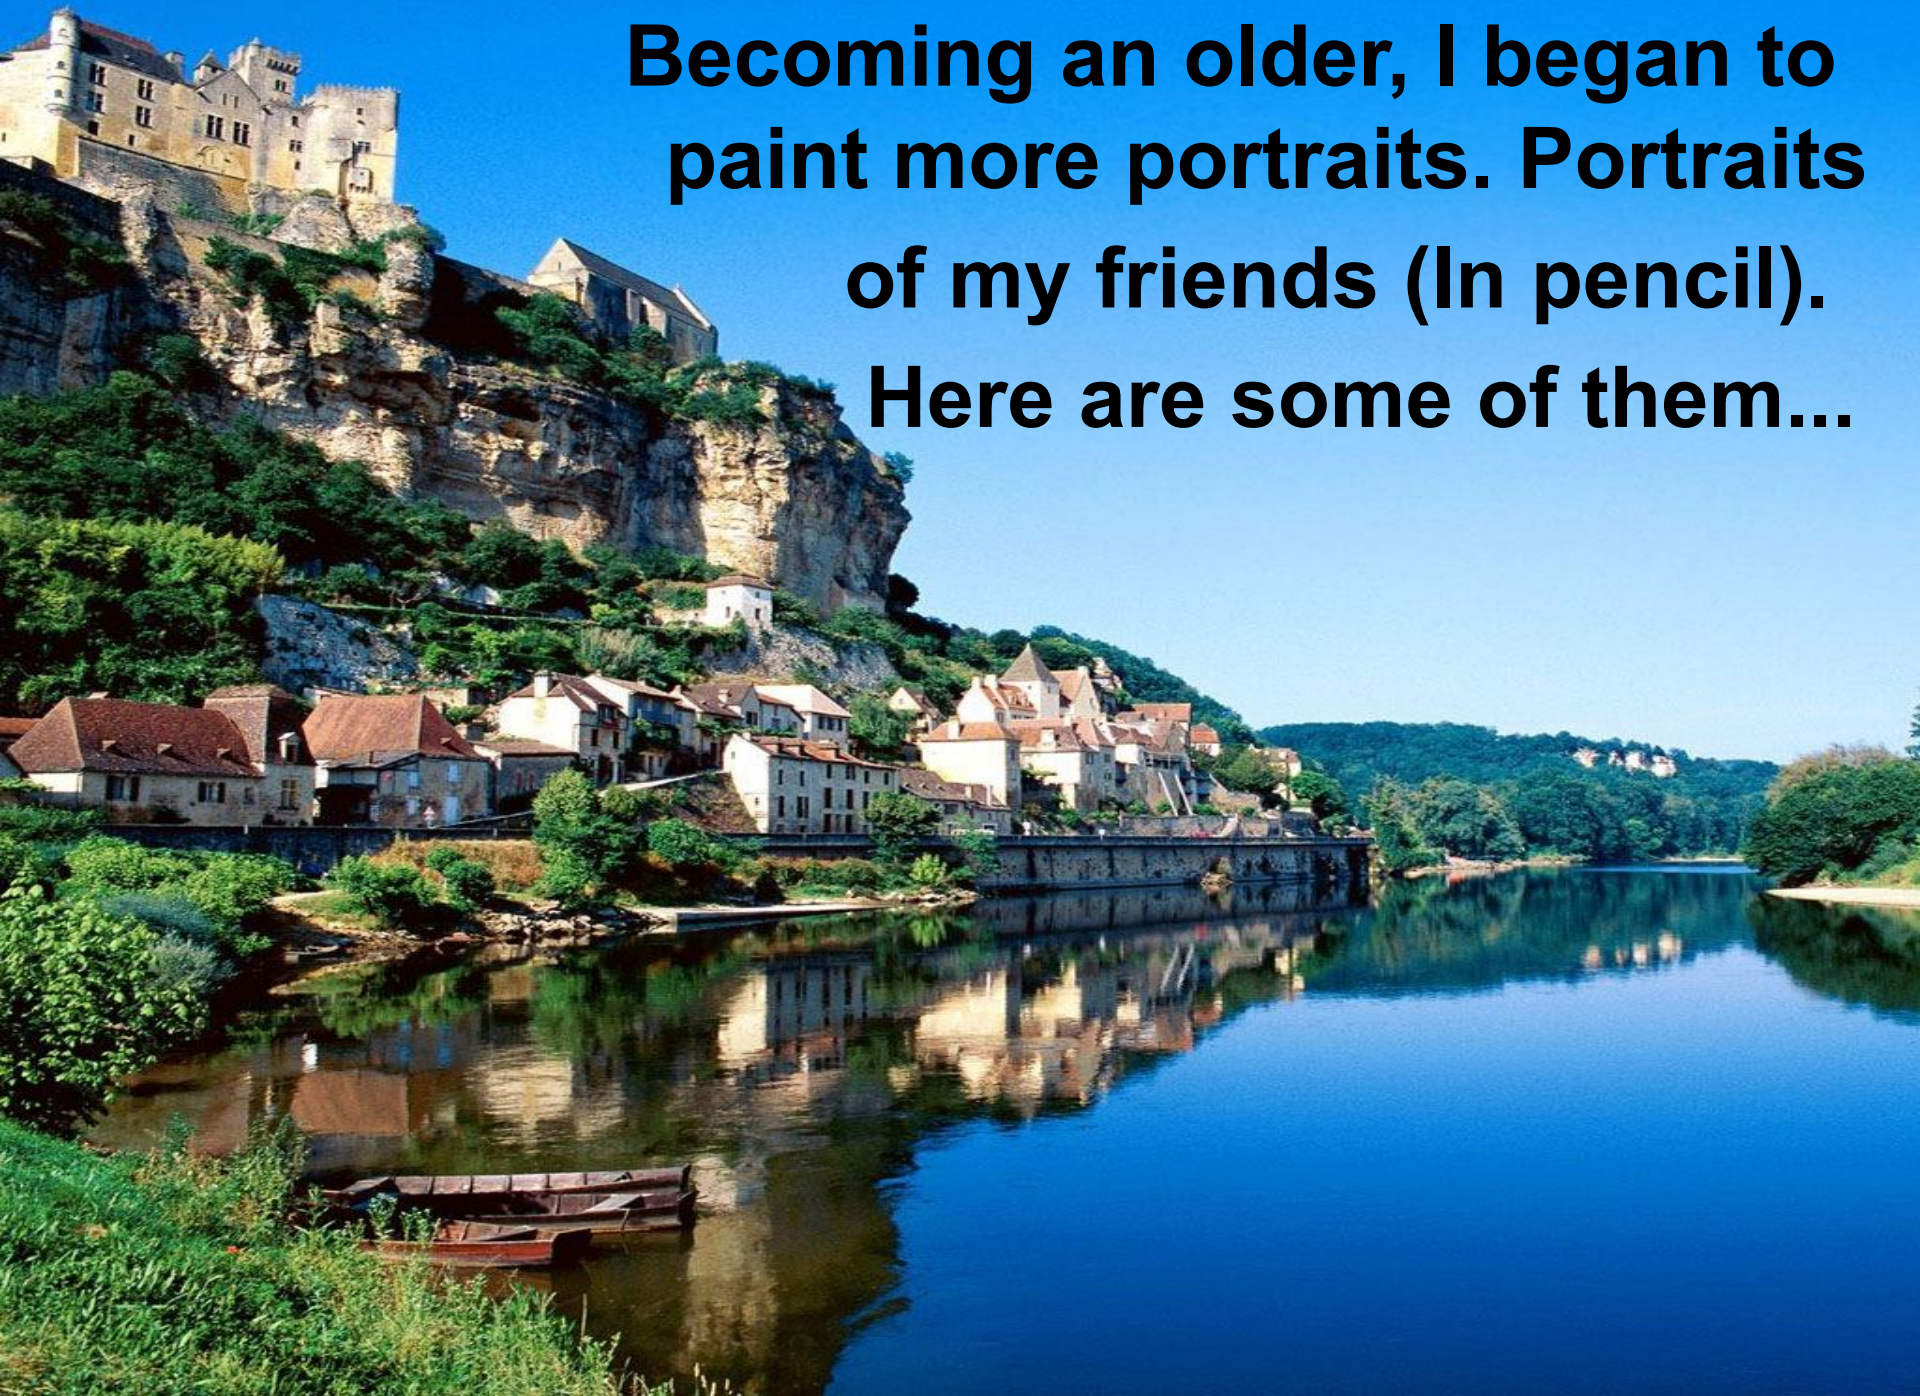

(It was very hard to find a photo of him.)

- After I left the Art school, I continued to paint. But I just painted for myself.

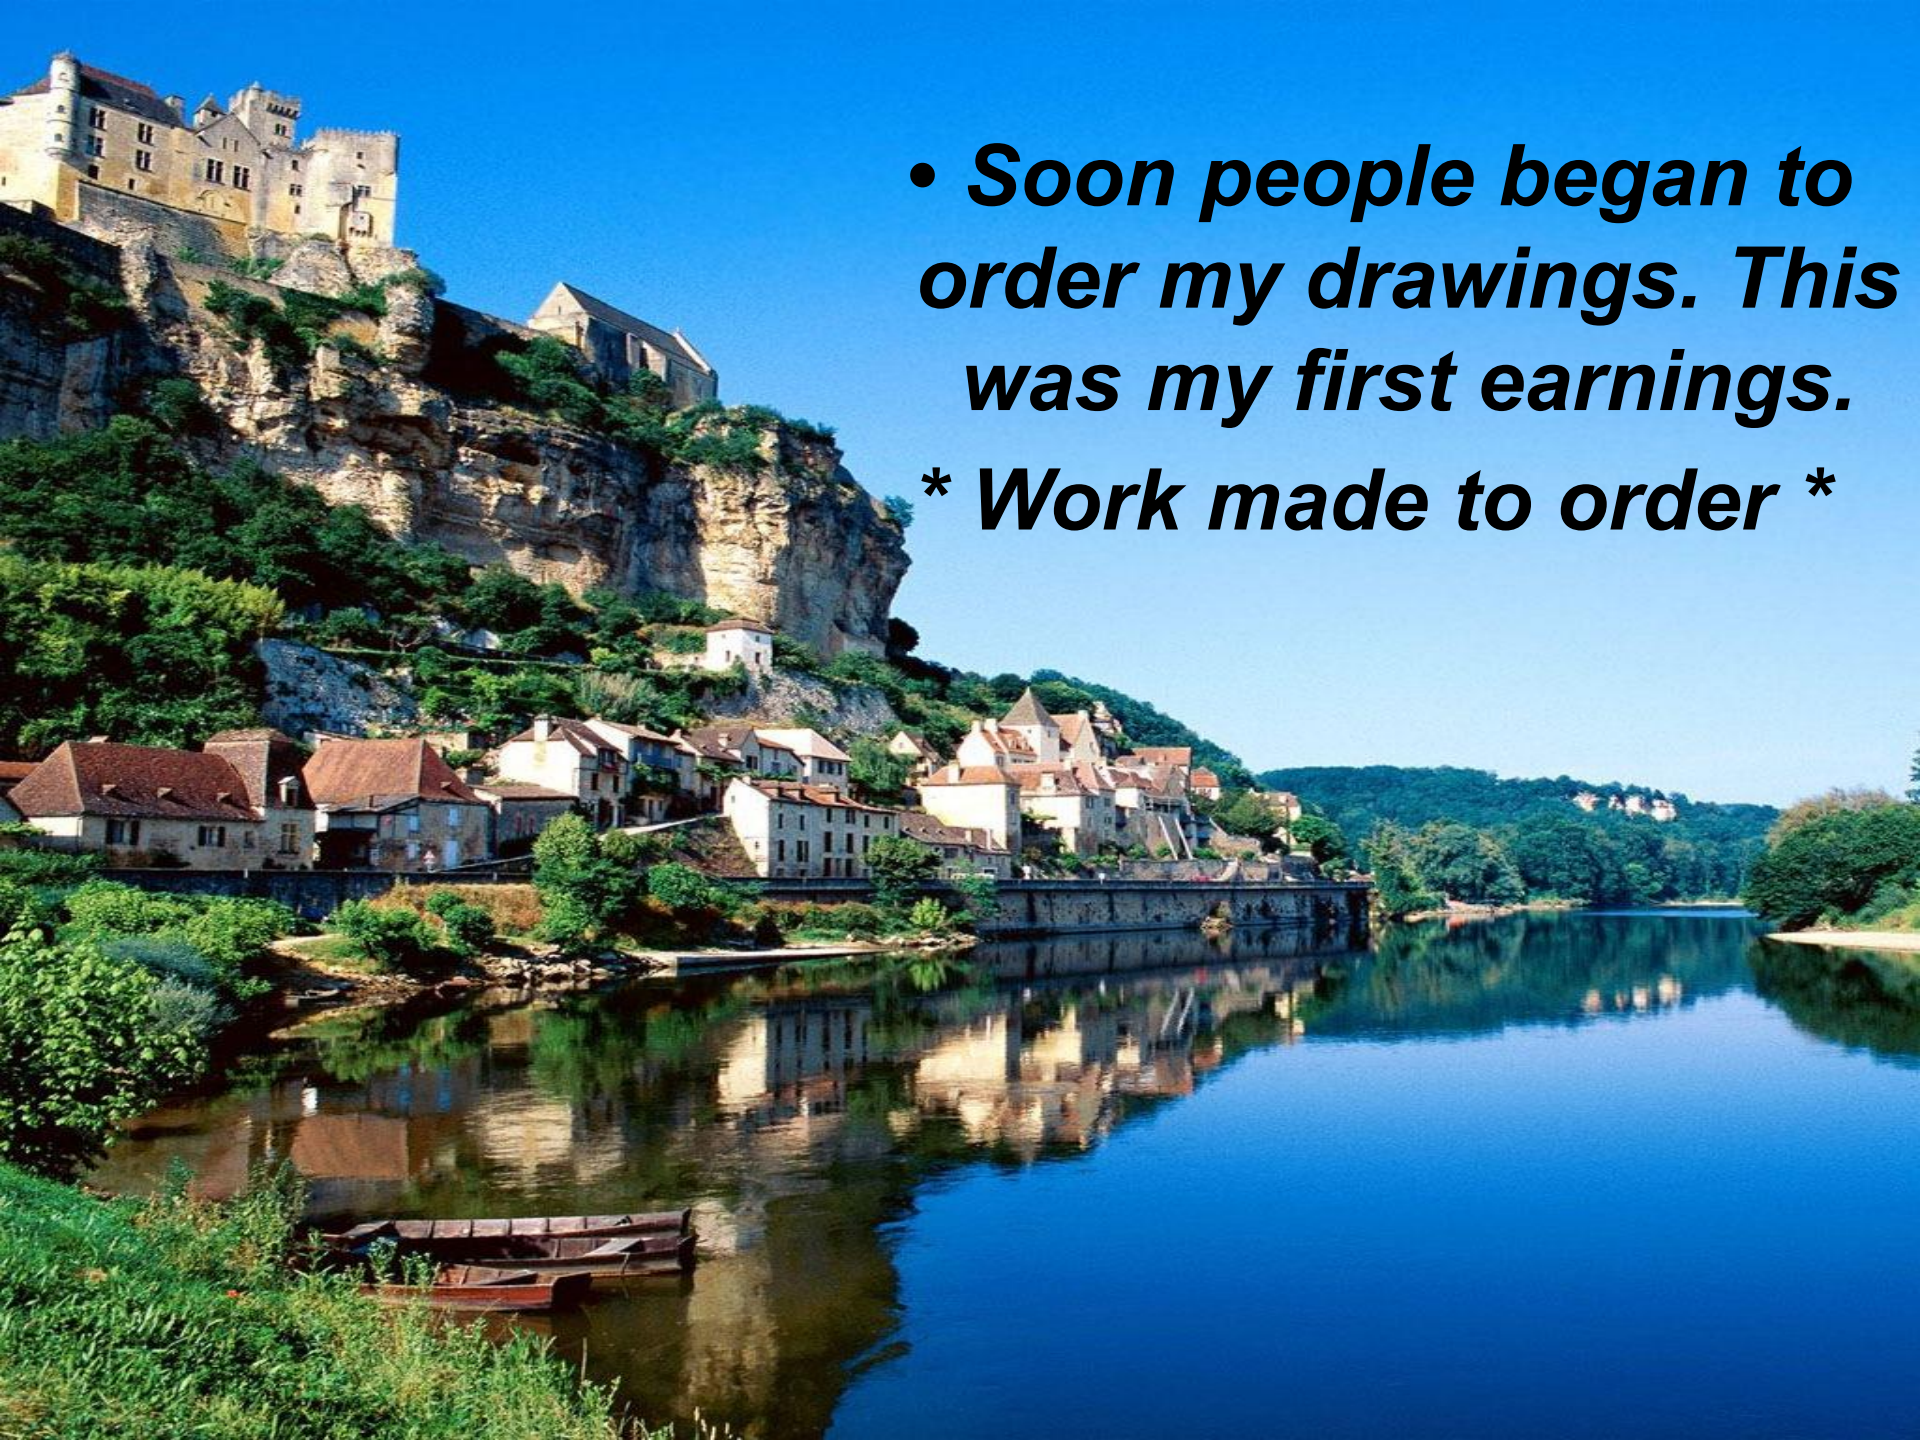

**Becoming an older, I began to  
paint more portraits. Portraits  
of my friends (In pencil).  
Here are some of them...**

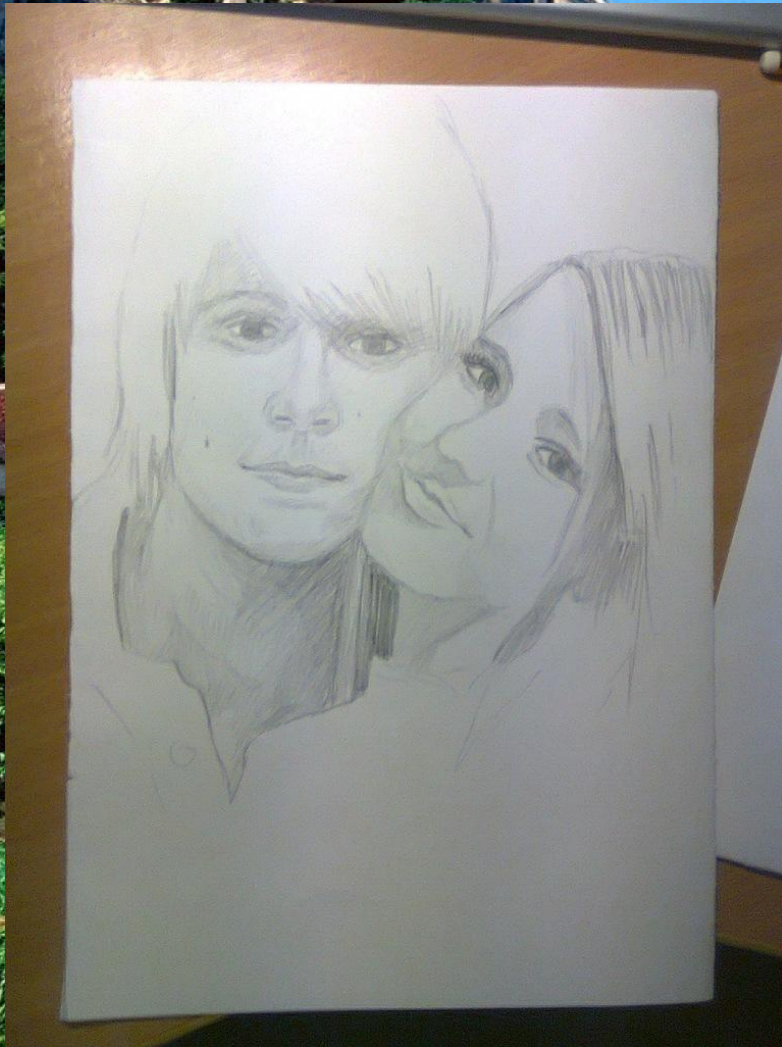

- *Soon people began to order my drawings. This was my first earnings.*

**Here are some of  
my works.  
Painted for  
myself. (2011)**

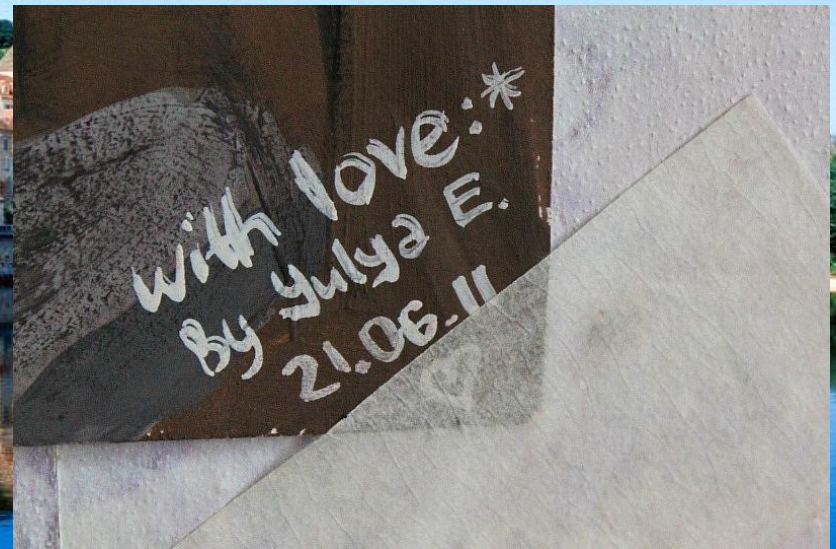

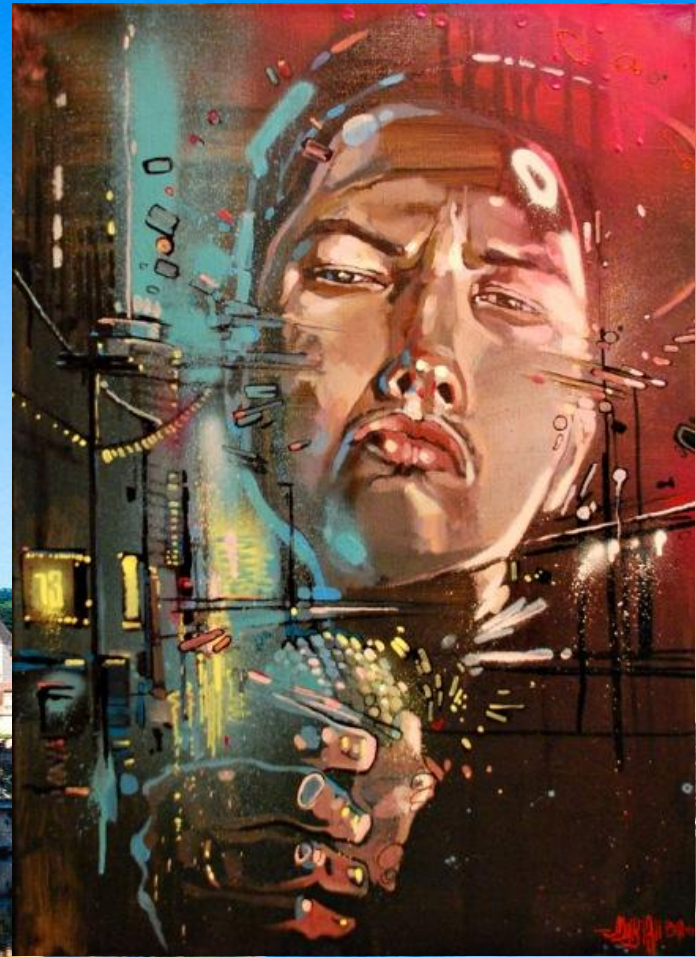

- I also love to paint with gouache! I have a lot of work painted in gouache. Basically it also portraits.

For example:  
LUBA 😊

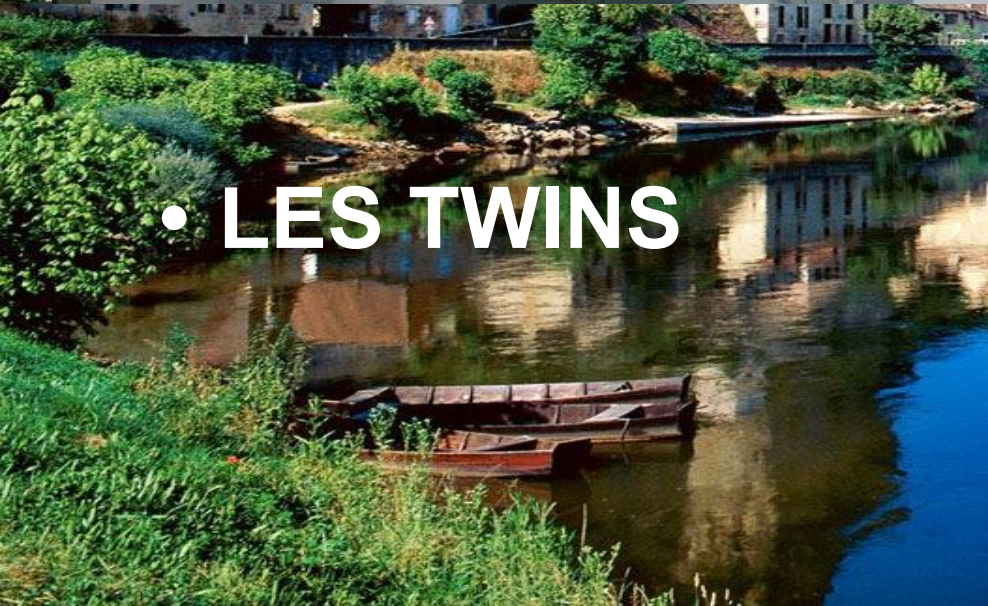

- Copied from the work of Max 13.

• LES TWINS

- **Picture taken with the gel pens.**

- Also this year in our city was "Vogue ball". This is a dance competition. And I was asked to do the cups. Cups were simple wooden dolls. I need to be hand-painted.

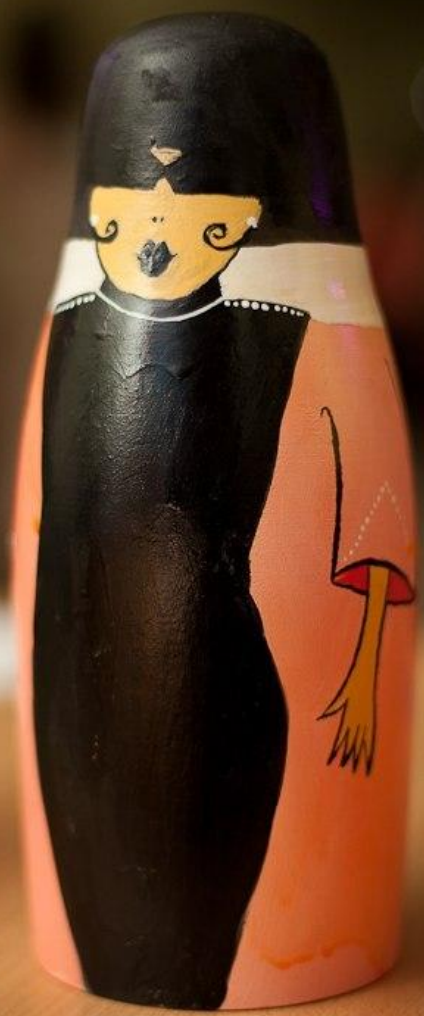

- For a week I drew them by hand ... And this is what came out of it ...

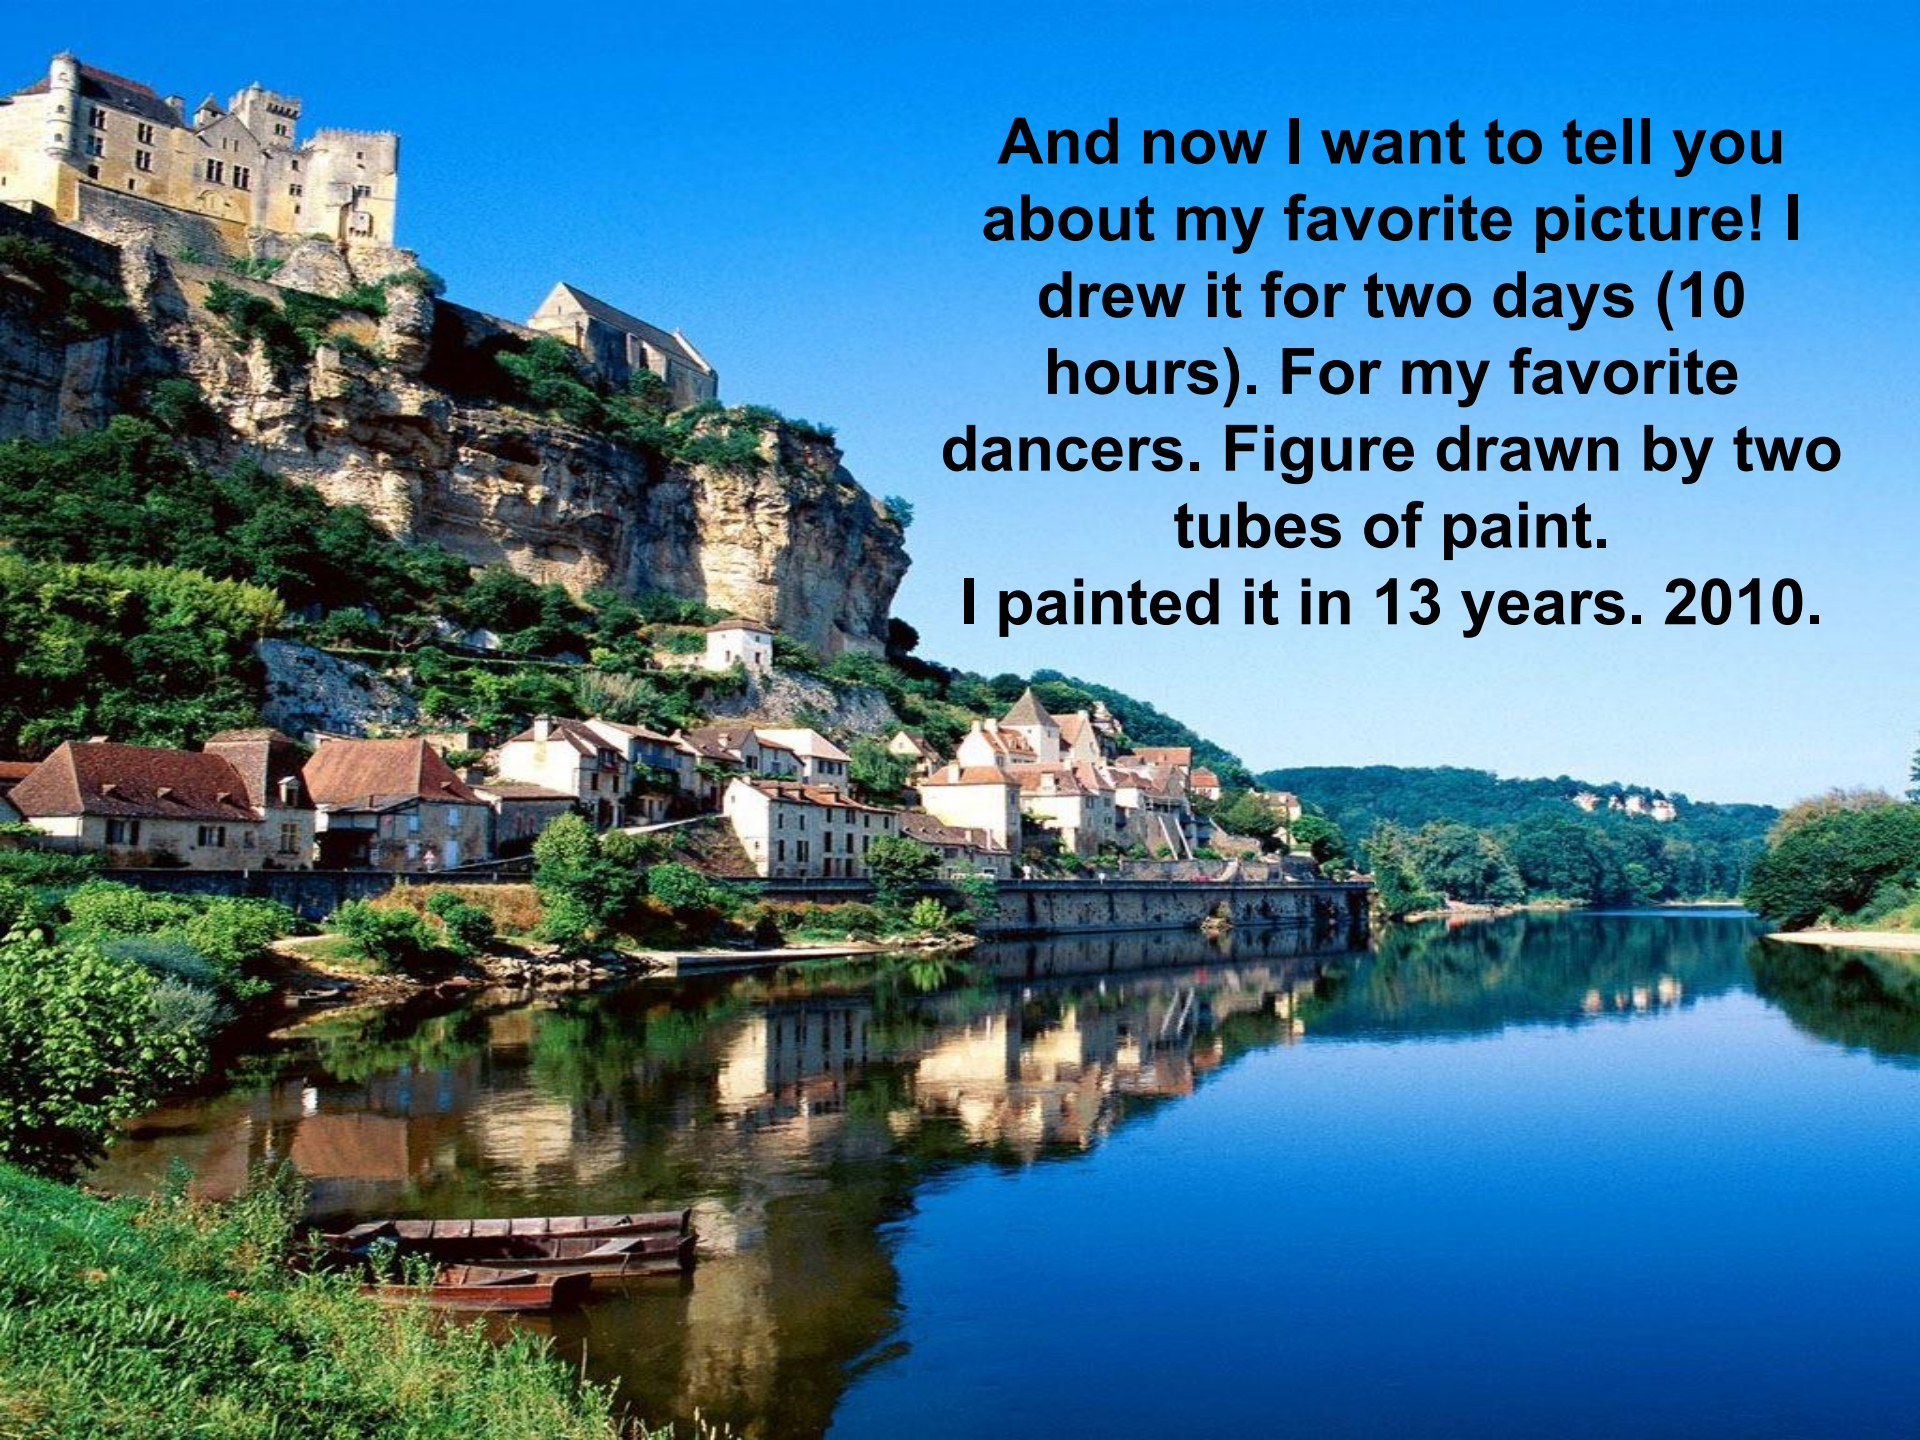

**And now I want to tell you  
about my favorite picture! I  
drew it for two days (10  
hours). For my favorite  
dancers. Figure drawn by two  
tubes of paint.  
I painted it in 13 years. 2010.**

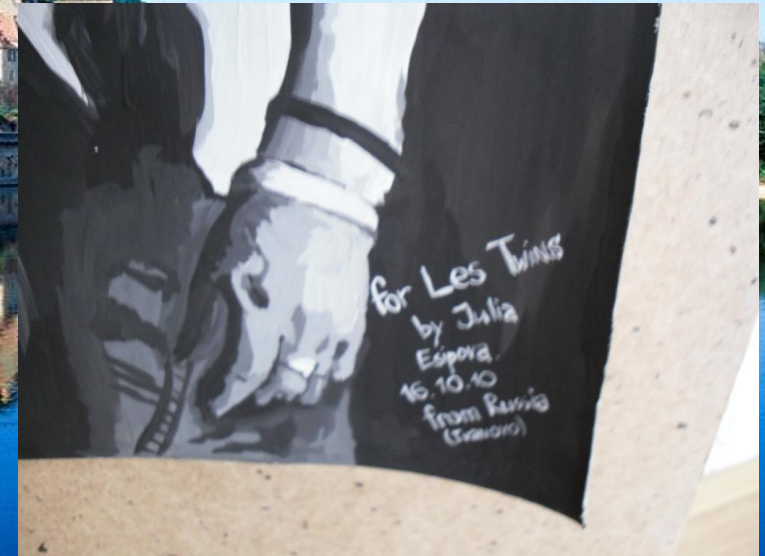

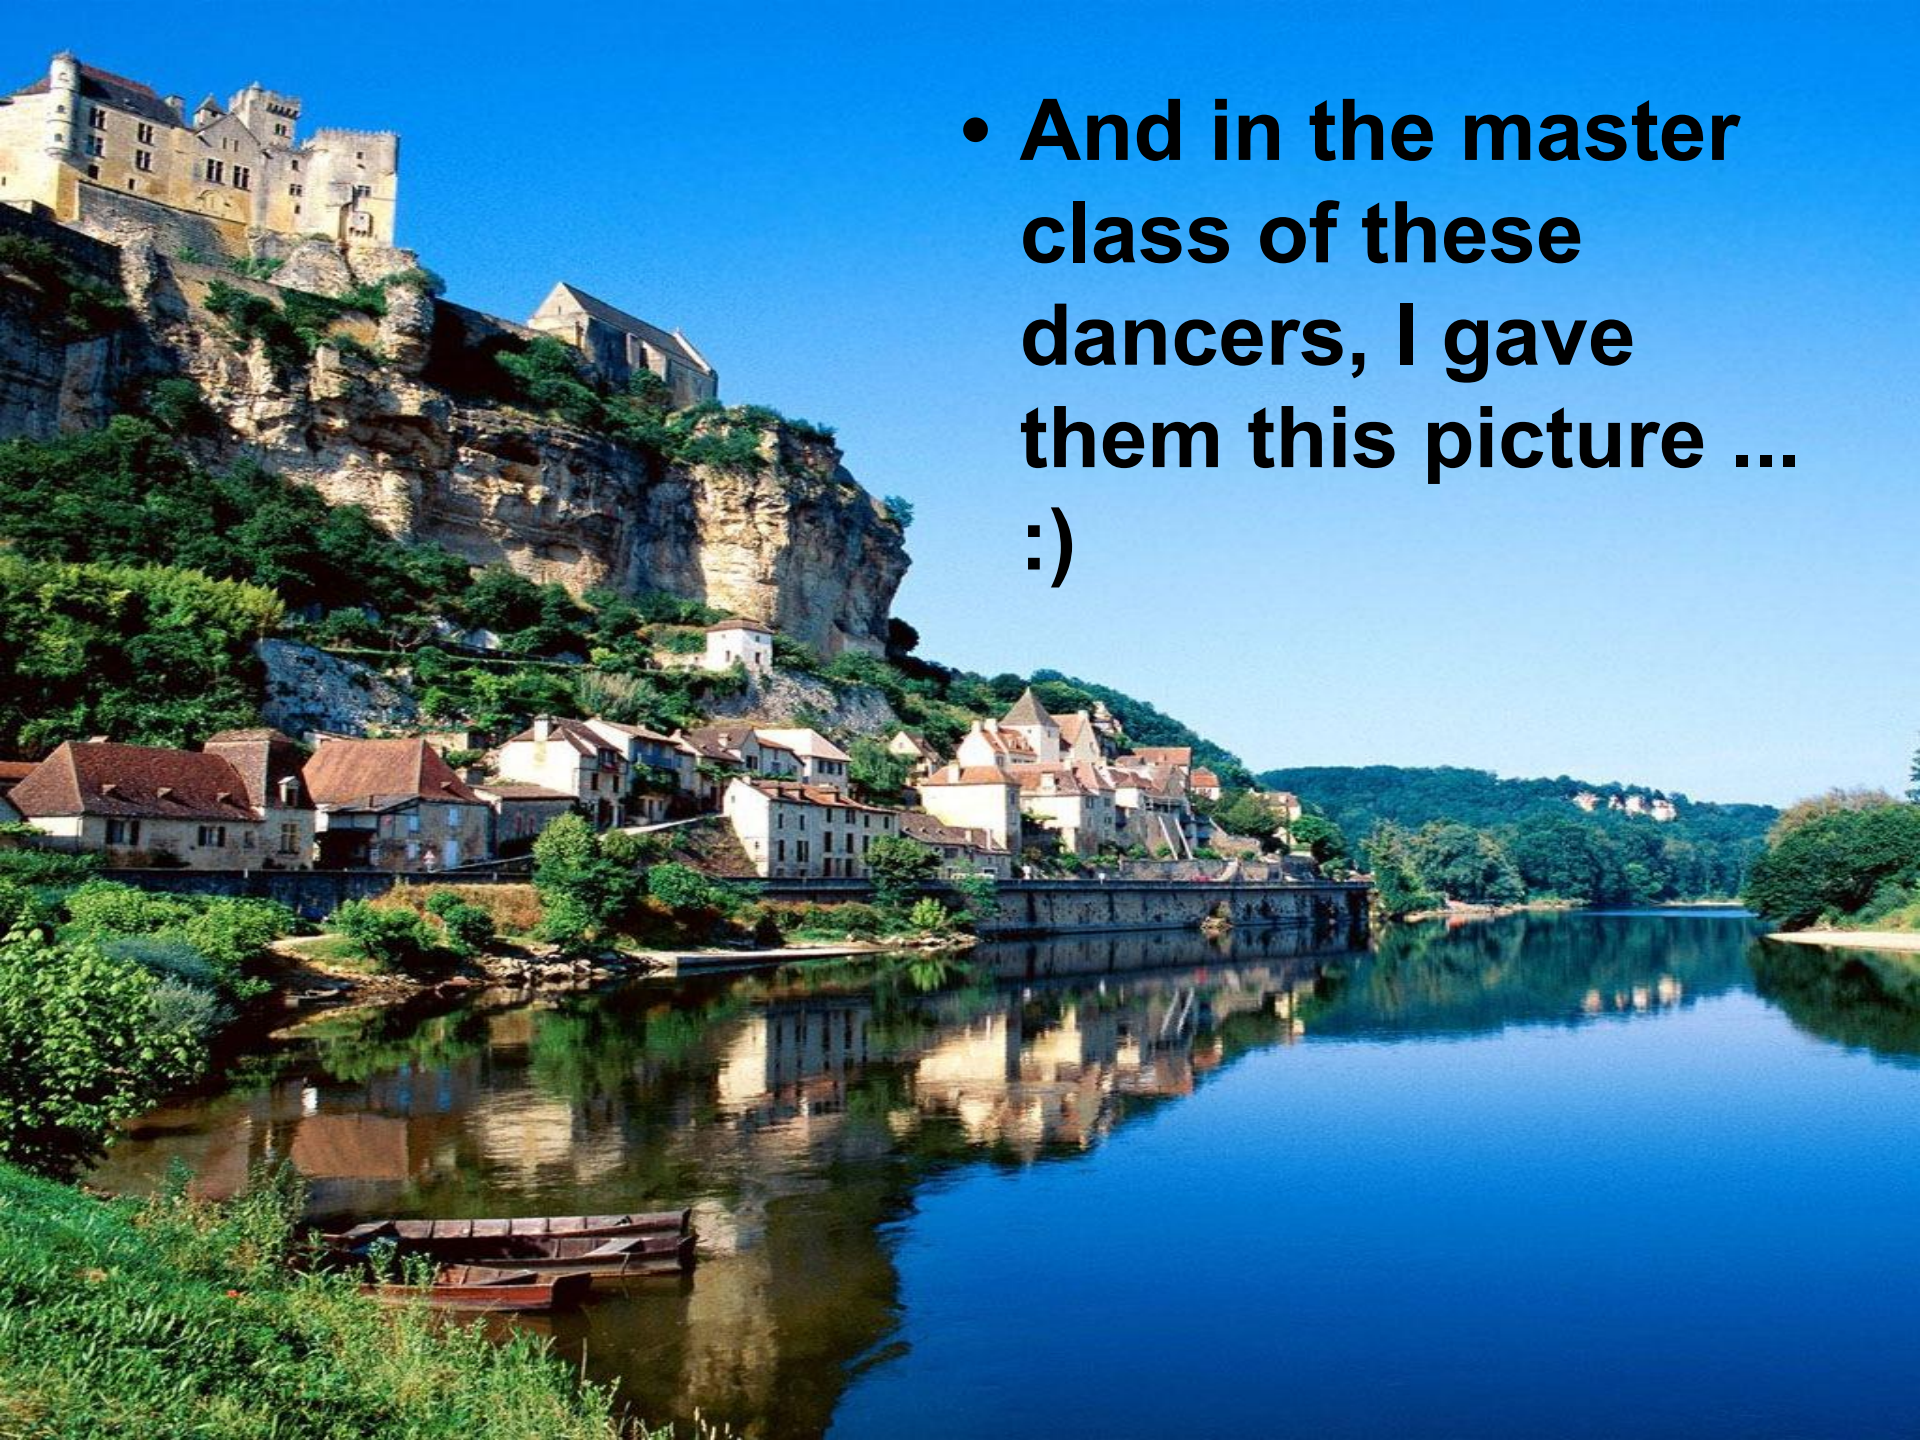

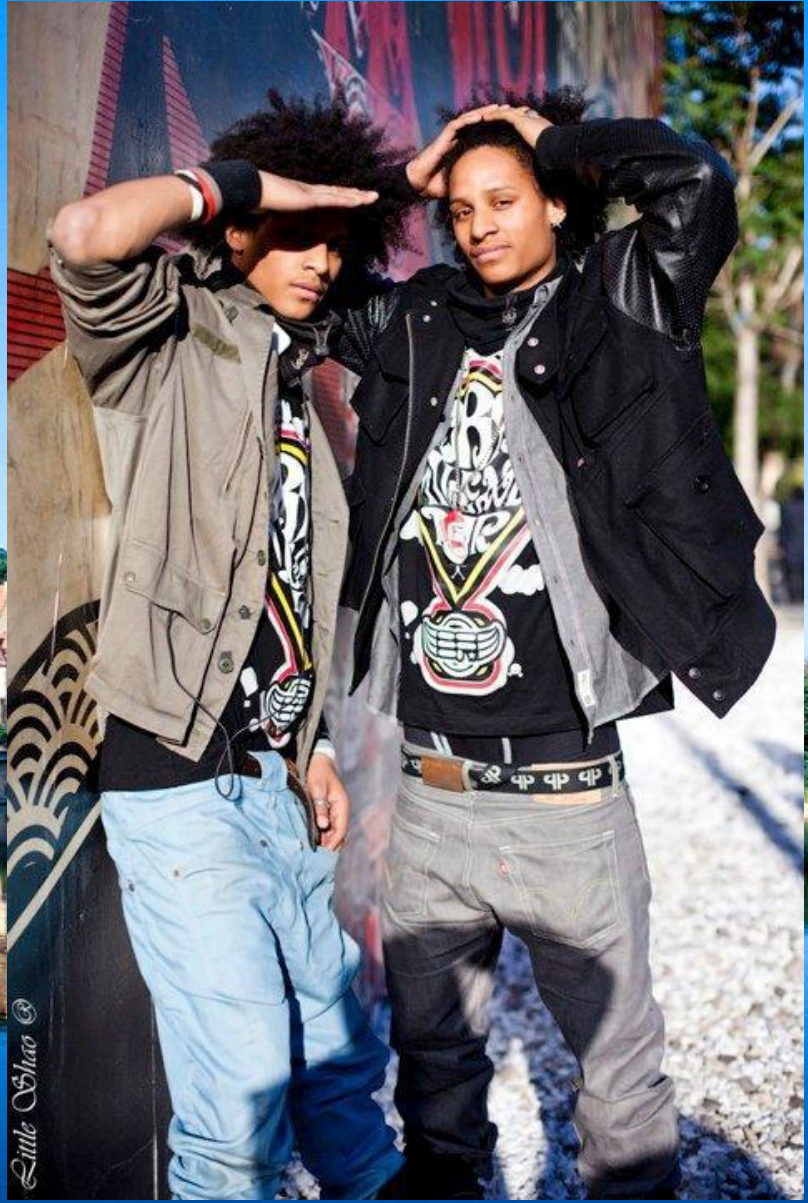

- “For Les Twins by Julia Espova. 16.10.10 From Russia (Ivanovo)”

- **And in the master class of these dancers, I gave them this picture ... :)**

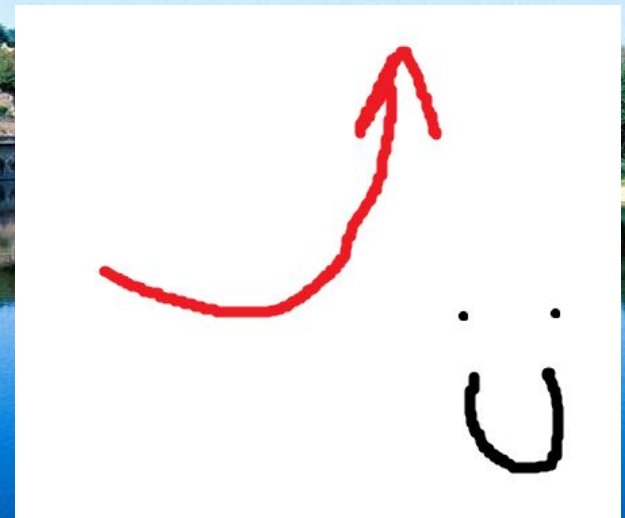

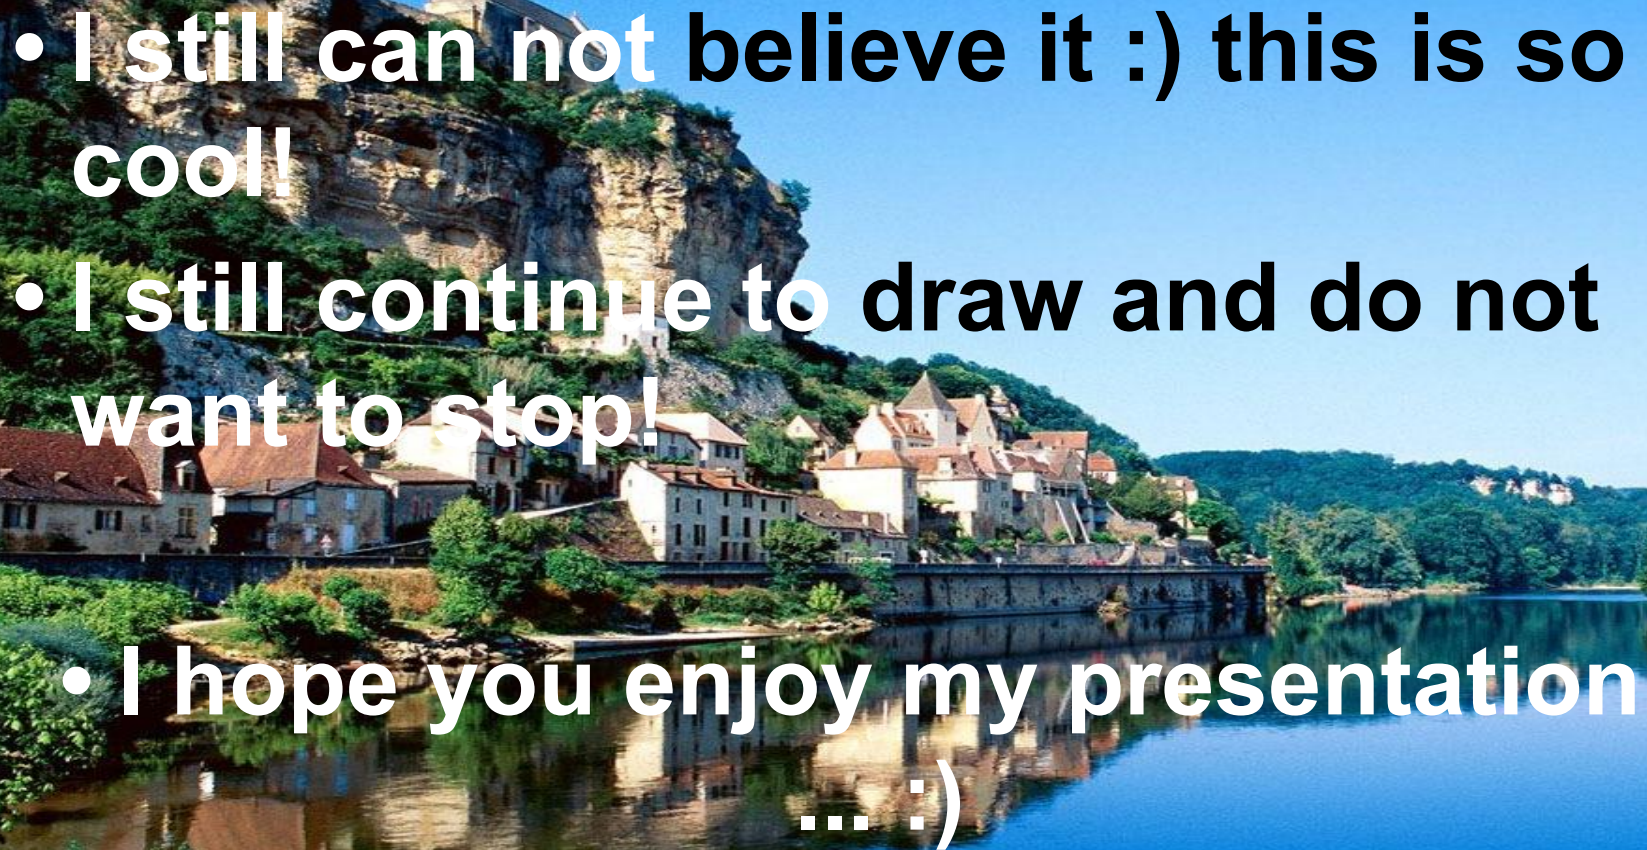

- They were in a great delight! smiled, laughed and hugged me, repeating "Oh my god! Awesome!!! It's so cool! It's so wonderful!" :)))

• But most surprising was that's what ... They printed my picture in his sweatshirt. And it went to "Juste Debout" in France! At the World Championships in hip-hop, AND WON!

- 
- A scenic view of a medieval castle perched on a cliffside overlooking a river valley with a small town and a boat.
- I still can not believe it :) this is so cool!
  - I still continue to draw and do not want to stop!
  - I hope you enjoy my presentation ... :)

PEACE ♥

THAT'S ALL 😊
