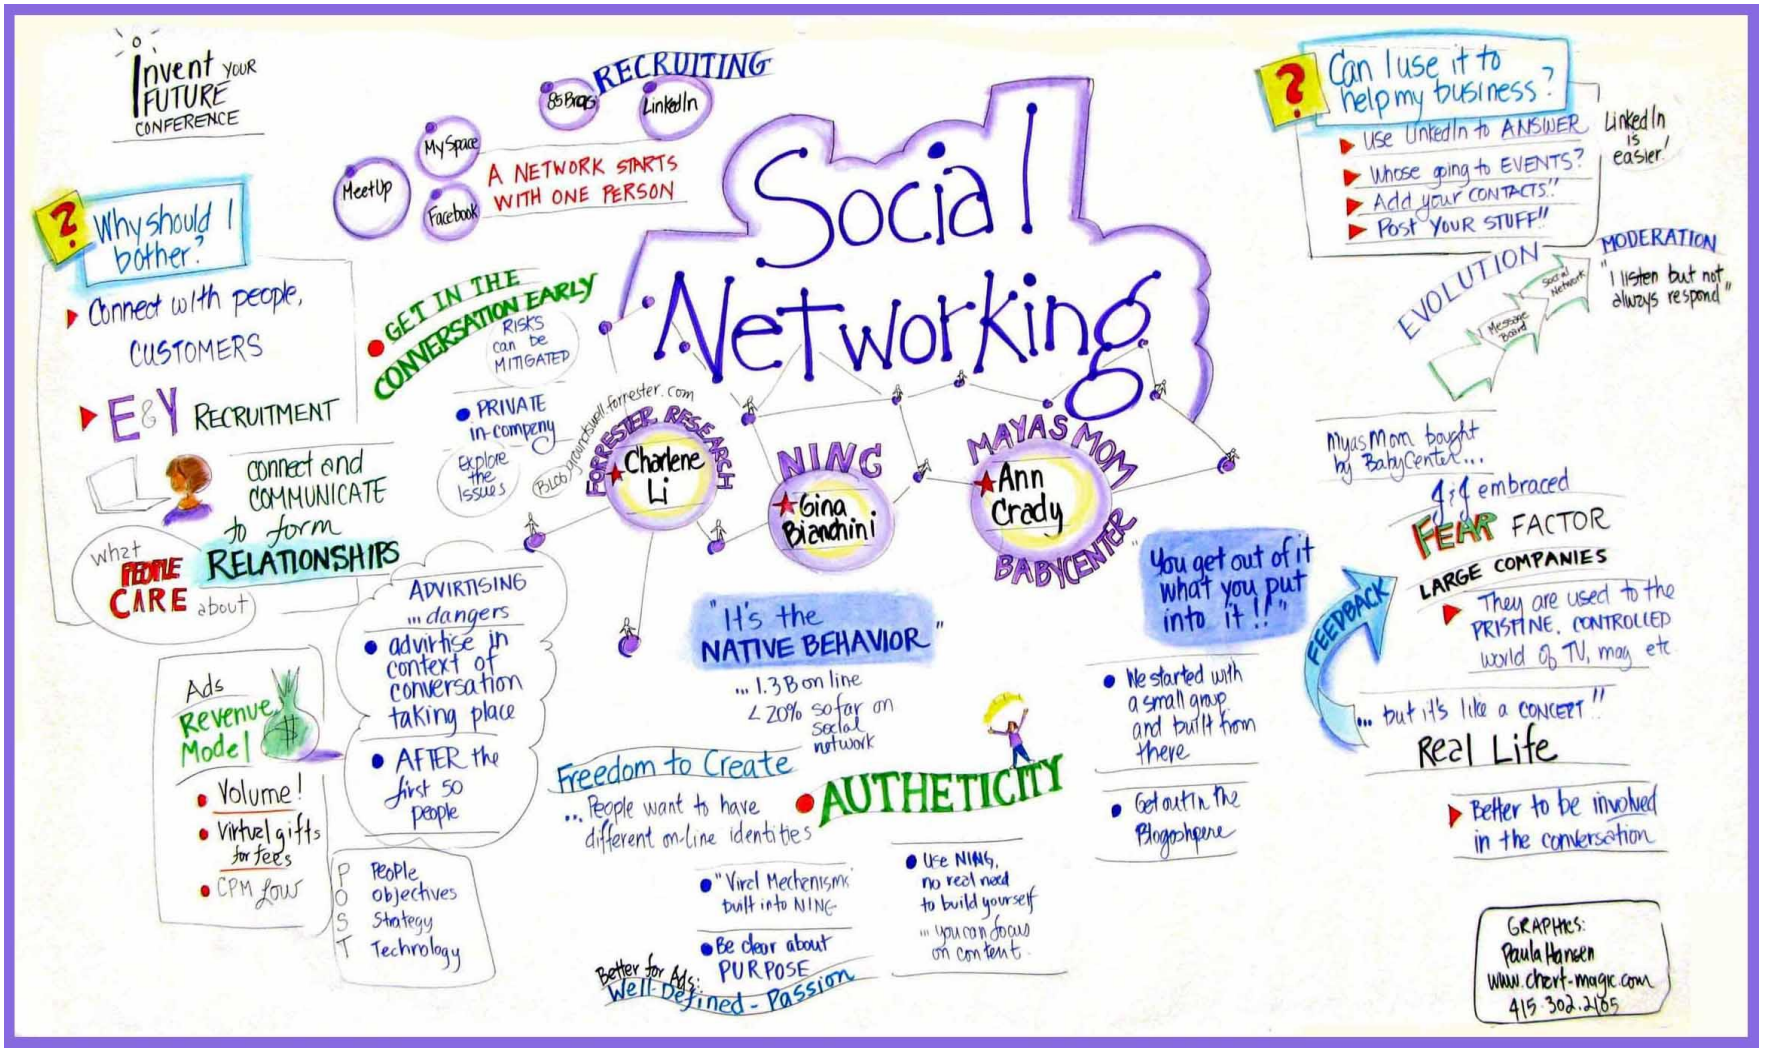
The ideal Social Network

Main features

The Ideal Social Network



an interface should be user-friendly (it should be easy to manage your page)

Should contain an attractive interface (design of the web-site has to be very colorful)

Markable Friends List

a convenient audio-player (you can search & create your own playlist or listen to music of your friends)

a good collection of video clips and movies (so you can watch videos depending on your mood)

a range of flash games
