

*Trade
fairs*

*We live in wonderful town Rybinsk.
But unfortunately few tourists came
to us. It is necessary to create a
project of bringing in of tourists in
our city.*

*Our city is very beautiful and interesting.
We have a big museum, beautiful bridge
and cathedral. Nature in our town is also
beautiful. But however it all not
particularly attractive tourists to us.*

To attract tourists in our town, it is needed to create regular fairs. They must be placed on all of large squares of the town and there must had products inherent of our town. It must be dazzling and wonderful

*this project will be safety for ecology
of our town*

This project will need a little bit of investments

All products and many of devices for trade fairs will be made town's people.

*Financially it will be easily
feasibly!*

*Many people with pleasure
will take part herein*

There will be different products on fairs, means it attracted different tourists.

Fairs will gives by town community a considerable benefit. From sales a city budget will be got a lot of money. During trade fairs, will open new vacancies and town's inhabitants with pleasure will communicate with the tourists.
