# Письмо предложение

- Цель письма предложения заинтересовать возможных клиентов в покупке вашего товара. Большинство таких писем расцениваются как спам и удаляются, поэтому старайтесь написать письмо так, чтобы получатель захотел его дочитать.

- Общий топ письма должен соответствовать формату делового письма.
  - Письмо предложение должно четко рассказывать о предлагаемом товаре/услуге с целью произвести положительное впечатление на покупателя.
  - Письмо –предложение по возможности должно быть кратким, чтобы его действительно дочитала до конца.
- 

# Mention the advantage or benefit early in the letter

- Не стесняйтесь хвалить свой товар!
- Example vocabulary includes *convenient, user-friendly, high-quality, value for money, economical, affordable and stylish.*

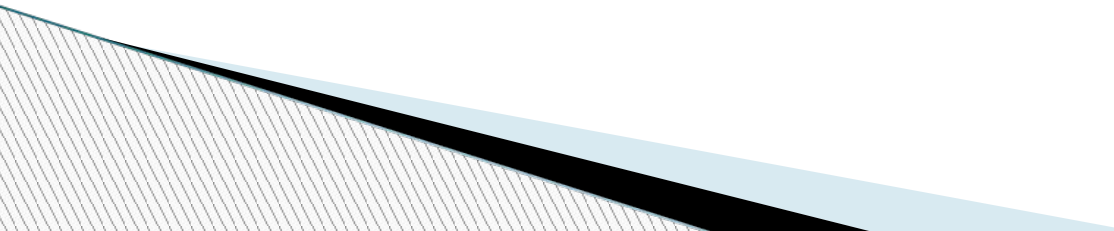

# Provide news of interest to the reader

- Докажите, что Вы предлагаете продукт который действительно нужен покупателю.
- For example, say that your product or service will save customers' time or money – two types of human needs or wants. For instance:  
*'Enjoy playing mobile games on the bus? Play and learn at the same time with our English language learning games!'*

# Arouse interest/curiosity

- Для того чтобы вызвать любопытство покупателя часто используются риторически вопросы:
- 'Are you paying too much for your...?'

# Elaborate what the product can do

- Но не перегружайте письмо техническими характеристиками моделей, лучше рассказать как это приобретение облегчит или улучшит жизнь покупателя.
  - Обращайтесь к нему напрямую:
  - often use **'you/your'** and **'we'** words rather than more distant words (e.g. 'the user', 'the ticket').
- 

# Positive expressions

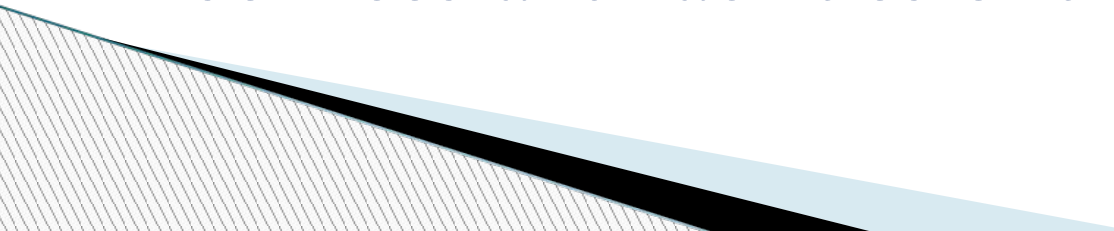

- Постарайтесь выдерживать ПОЗИТИВНЫЙ ТОН ПИСЬМА.
- Instead of saying “Don’t waste your hard-earned money”, you could say “Save your hard-earned money”.
- Instead of saying “We are offering a 15% discount. Don’t be late because this promotion period will end next month”, say “This month you can enjoy a 15% discount”.

# Rhetorical questions

- Do you dream of owning your own home but are worried about the monthly mortgage payments?
- Are you tired of having to pay bills by post?
- A rhetorical question can sometimes be even more motivating or persuasive.
- Have you ever despaired of finding serviced apartments which provide personalized but affordable services? If so, we have the answer to your quest for the perfect hotel-style apartment.
- Are you paying too much for your office furniture? Why overpay for essential fixtures and fittings in the workplace when you wouldn't knowingly overpay at home?

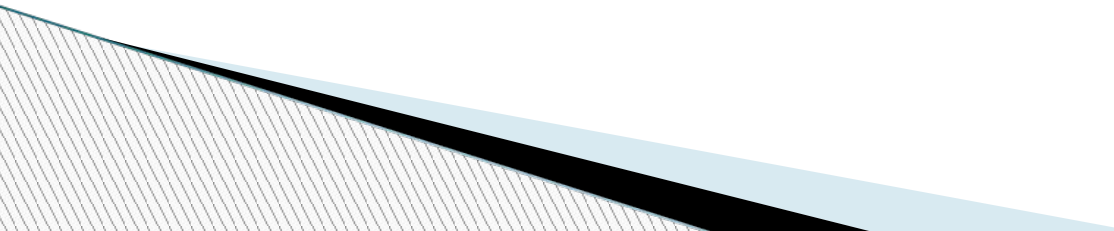

# Interesting adjectives

- Another way to motivate the reader to read on is to use interesting adjectives. Here are some examples:
  - A fantastic, ultra-modern meeting room with state-of-the-art equipment.
  - A brand new concept in professional financial advice for those who demand personalized services and facilities of the highest standard.
-

# Пример письма-предложения:

- "Вы хотите сделать свою квартиру более привлекательной и удобной? Не забивать себе голову покраской стен?"
- Владелец квартиры тратит массу времени и денег, что бы поддерживать ее в хорошем состоянии. Вы отлично это знаете и хотели бы найти возможность сэкономить деньги и время. Представьте, что ваша квартира выглядит лучше, а у вас появилось больше свободного времени. Вы будете делать все, что душе угодно, а не как обычно красить, чистить и заниматься ремонтом.

- Людей, которые имели дело с нами, т.е. с фирмой... (название), легко узнать, потому что они чаще улыбаются. Почему бы и не улыбаться, если тебе не нужно больше ничего красить и чистить? Заполните купон с маркой и тотчас же отправьте его. В ответ мы вышлем брошюру с подробной информацией. Когда вы увидите, как наша фирма может улучшить вашу квартиру, то зададите себе вопрос: "Почему я не сделал этого раньше?".
