Main Function

According to the Constitution of Ukraine, the main function of the National Bank is **to ensure the stability of Ukraine's monetary unit.**

To carry out its major function, the National Bank shall foster the stability of the banking system and within its competence, the price stability.

Other functions

1. to determine and pursue the monetary policy in accordance with the General Principles of the Monetary Policy developed by the Council of the National Bank of Ukraine;
2. to issue the national currency of Ukraine on a monopoly basis and to organize its circulation;

The National Bank of Ukraine in compliance with the applicable laws has the exclusive right to issue money into circulation and to withdraw it from circulation. Cash money issued by the central bank is the only legal tender on the territory of the country to be accepted when effecting all payments.

There are the Banknote Printing and Minting Works and the Banknote Paper Mill to provide NBU's needs in cash.

3. to act as the last-instance creditor for banks and to organize the refinancing system;
4. to establish the rules of conducting banking transactions, accounting and reporting, protection of the information, funds and property for the banks;

The efficient and reliable system of electronic interbank transfers of the National Bank of Ukraine works in Ukraine, which covers the system of electronic payments and the system of express money transfers.

5. to organize and to provide the methodological support to the system of the monetary, crediting and banking statistical information and the statistics of the balance of payments;

6. to determine the system, procedure and modes of payments, including those between banks;
7. to determine the areas of the development of modern electronic banking technologies, to establish, co-ordinate and control the creation of electronic means of payment, payment system, banking automation and the banking information protection facilities;
8. to exercise the banking regulation and supervision;
9. to keep a Register of banks, to license banking business and transactions, if provided for by the laws;
10. to keep the official Register of identification numbers of issuers of payment cards of domestic payment systems;

11. to exercise the inspection certification of auditors for conducting audit of banks, temporary administrators and liquidators of a bank;
12. to compile, analyze and forecast the balance of payments;
For the purpose of carrying out the adequate macroeconomic analysis and forecasting the National Bank of Ukraine develops, keeps up to date and distributes monetary, banking and balance of payments statistics, publishes analytical and information materials.
13. to represent Ukraine's interests in central banks of other states, international banks and other crediting institutions, where the cooperation takes place at the level of central banks;

One of the basic functions of the National Bank of Ukraine is to represent the interests of Ukraine in its relations with the central banks of other countries and international financial organizations.

The National Bank of Ukraine cooperates with the International Monetary Fund, the World Bank and the European Bank for Reconstruction and Development, the Bank for International Settlements, central banks of many countries on the issues of monetary policy, organization of banking supervision, monetary and banking statistics, compilation of balance of payments, implementation of settlement systems and international accounting standards used in the international practice.

14. to exercise the currency regulation with the competence to be defined by a special law, to determine the procedure of effecting payments in the foreign currency, to organize and exercise the currency control over the commercial banks and other credit institutions which are in possession of a National Bank's license for the transactions with currency values;
15. to ensure the accumulation and custody of the gold and currency reserves and the conduction of transactions with them and the banking metals;

16. to analyze the status of the monetary, crediting, financial, pricing and currency relations;
17. to organize the collection and transportation of bank notes, coins and other values; to grant licenses for collection and transportation of bank notes, coins and other values;
18. to implement the national policy of the protection of state secrets within the system of the National Bank;

19. to take part in the training of personnel for Ukraine's banking system;
20. to define functioning characteristics of the banking system of Ukraine in case of martial law or a specific period, to exercise preparedness activity of the National Bank of Ukraine's system;
21. to exercise other functions in the monetary and crediting sphere within its competence defined by the law.
