

# THE WORST JOB

Sapargalieva Zhamal

To my opinion, the worst work is the work of a waiter

- The wait staff, support staff, or staff those who work in the restaurant or bar visit clients - providing them with food and drink as requested.

- I think it is the worst job, because you need to follow the rules of etiquette, and the most importantly rule is customer always right!

- *This work also requires nerves of steel and correct as customers are very capricious and annoying that just does not have enough energy*

- 
- 
- With such a large expenditure of effort, the salary does not meet this expenditure of time and labor. There is also no career growth. This work lasted until late in the time and sometimes it is difficult to get a taxi. because it is very dark there is an opportunity to get into a bad story.

- 
- 
- Happens is that drunken customers behave extremely annoying to the waiters. And in the midst of the party tipsy guests instigate fights, fighting with each other.
