

THE WORST JOB

Kosogorova A.

A street cleaner

- It is very difficult and thankless job.

- Firstly, a street cleaner has the worst work conditions . He works outside and it doesn't depend of weather conditions.

- A street cleaner cleans the roads from the snow in winter.

- 
- He takes off the trash and sweeps yards in summer .
It`s ugly and disgusting.
 - He works hardly, but he doesn`t receive a good
pay.
