

The worst job in the world...

«Sewage diver»

Костанай 2012 г.

43 years old Devi Lal works as sewage's cleaner in New Delhi (India).

- Every day Devi manually cleans public sewers. And in order to do this work good, he has to sink in sewage to remove accumulated debris there.

- He receives \$ 3.50 per day and a bottle of alcohol for disinfection. Clothes for rich divers - shorts, poor - cowards.

- Regard to the safety ... that according to the chairman of the Safai Karamchari Commission Delhi Harman Singh about 70% of sewage divers die at work. For the last six months at work in Delhi died 61 "sewer divers."
