Trofimov Dmitry

*This New Year's holiday I spent with  
my mother in the USA.*

*This was my first travel to America. It  
was a long way- we flew from Moscow  
to London, from London to New York,  
from New York to Fort Myers. It took us  
almost all day. Everything was new  
and interesting for me - new life, new  
country- all so different.*

*I want to show you what I have seen  
there and how I spent time in  
Florida 😊*

*All the time that we were in Florida, the weather was very nice. If in Russia at this time it's a usual winter, in Miami it was summer weather and the temperature was about +18°+25°C*

***Naples is a small town where very rich people live, some houses there cost more than 10-15 million dollars***

## THE NAPLES PIER

Built in 1888 as a freight and passenger dock, the Naples Pier stands as a community landmark. Narrow gauge train rails spanning the length of the pier transported freight and baggage in the early 1900's. Part of the structure as well as the post office located on the pier was razed by fire in 1922. Rebuilt after damage by hurricanes in 1910, 1926, and 1960, it remains a public symbol of the area's history.

*Just a beautiful car :)*

***One day we went to Busch Gardens on Tampa- it's not so far from Naples, so we enjoyed beeing there. It's as large as a city and there were a lot of animals and exotic birds there.***

*Just try it and you will understand  
what I feel :)*

# *My travel*

- I have never travelled so far away before. I've opened a new world for me. All what I saw on TV now I've seen in a reality. I think that I am happy, course not everybody can see all this and feel this but I've felt and I will keep these memories for all my life.
