

My travel to the USA

Trofimov Dmitry

This New Year's holiday I spent with my mother in the USA.

This was my first travel to America. It was a long way- we flew from Moscow to London, from London to New York, from New York to Fort Myers. It took us almost all day. Everything was new and interesting for me - new life, new country- all so different.

I want to show you what I have seen there and how I spent time in Florida 😊

Funny notice, isn't it?

**DON'T KILL PELICANS
WITH KINDNESS**

Pelicans can't catch big fish by
helping themselves. Don't help them.

When we went to Miami, we visited Everglades National Park. It was interesting to see so many crocodiles around!

For breakfast we went to the restaurant in Indian Reservation, it's also in Everglades National Park

All the time that we were in Florida, the weather was very nice. If in Russia at this time it's a usual winter, in Miami it was summer weather and the temperature was about +18°+25°C

Naples is a small town where very rich people live, some houses there cost more than 10-15 million dollars

THE NAPLES PIER

Built in 1888 as a freight and passenger dock, the Naples Pier stands as a community landmark. Narrow gauge train rails spanning the length of the pier transported freight and baggage in the early 1900's. Part of the structure as well as the post office located on the pier was razed by fire in 1922. Rebuilt after damage by hurricanes in 1910, 1926, and 1960, it remains a public symbol of the area's history.

Just a beautiful car :)

One day we went to Busch Gardens on Tampa- it's not so far from Naples, so we enjoyed being there. It's as large as a city and there were a lot of animals and exotic birds there.

what I feel :)*

My travel

- I have never travelled so far away before. I've opened a new world for me. All what I saw on TV now I've seen in a reality. I think that I am happy, course not everybody can see all this and feel this but I've felt and I will keep these memories for all my life.
