The Later Middle Ages

Wealth, Population and Social Change

- England's wealth in the later Middle Ages was its land.
- The exploitation of land comprised growing corn, producing dairy goods, tending livestock.
- England's most important industry was textile, producing the finest wool in Europe from large sheep flocks.
- *St. Peter's Abbey (Gloucester) owned over 10 000 sheep by 1300. The total number is thought to have been of 15 to 18 mln.*
- Cornish tin mining was internationally famous but less significant.
- York, Coventry and London were centers of international trade. Fairs were popular. The thousand and more markets and fairs dotted about the English and Welsh countryside.

Wealth, Population and Social Change

- England's population reached its peak over 4 mln about the end of the 13th century.
- At that time there was insufficient cultivable land for all peasant families to have a good livelihood.
- It meant poverty, famine, disease and mortality.
- The weather was exceptionally bad in the beginning of the 14th century.
- Harvests of 1315, 1316, 1320, 1321 were very poor.
- In 1324-6 parts of England had severe floods which drowned thousands of sheep in Kent.
- In 1315 because of famine and disease 15% of males died in Halesoveen Manour (Worcester).
- England gradually recovered only in the 1320s.

The consequences of plague

- **The Black Death** struck England in 1348/9, reducing the population by a third.
- It progressed from the ports where it arrived in rat-fested ships.
- Only 1 in 10 was left alive.
- More local outbreaks of plague re-occured in 1360-2, 1369, 1375.
- The population steadily declined to about 2,5 mln.
- The living standards of peasants rose.

Wealth, Population and Social Change

- After the Black death social unrest was spreading.
- **A severe labour shortage.**
- **The Statute (Ordinance) of Labourers (1351)** tried to freeze wages and prevent serfs and workers from taking advantage of the resulting labour shortage
- All adults aged 12-60 had to be employed; those who escaped were brand-ironed, put in the stocks and yoked.

Edward, “the Black Prince” (1330-1376)

Edward, “the Black Prince” established a European reputation as one of the bravest warriors of his day.

He fought at Crecy at the age of 16,
Was given independent command in 1356,
won a sensational victory at Poitiers,
capturing the **French** king.

Richard II

The House of Anjou

Richard II

- Richard II, Edward III's grandson succeeded to a crown weakened by the demands of the French war.
- The period of his personal rule was tyrannical
- **the Peasants' Revolt (1381)** , provoked by the heavy taxation.

The Peasants' Revolt

- The rebels led by **Wat Tyler and John Ball**, a clergyman, a radical opponent of the church
- marched to London
- captured the Tower
- killed the archbishop of Canterbury and the Lord Chancellor.
- They supported the ideas of John Wycliffe (1330-1384)
- The ideas of social justice: “*When Adam delved and Eve span who was the gentleman?*”

The Peasants' Revolt

- The Peasants revolt made far reaching **demands**:
 - A charter of liberties;
 - The end of all lordship except the king's;
 - The end of serfdom;
 - Return of church land to people.

The Peasants' Revolt

- Richard II met the rebels at Smithfield.
- Wat Tyler pronounced their demands.
- During the negotiations Wat Tyler was treacherously killed
- The rebels were shocked and morally destroyed.
- They disbanded, but were physically tortured and executed.
- John Ball was hanged.
- The punitive actions continued into autumn, but Pall Tax withdrawn.

Richard II

- As an adult he governed moderately until 1397
- In 1399 his cousin, Henry Bolingbroke, Duke of Lancaster, forced him to abdicate and became king in his place as Henry IV.
- Richard was imprisoned and finally murdered in Pontefract Castle.

The Lancastrian and Yorkist Kings

LANCASTER AND YORK 1327-1485

Henry IV, Richard III, Henry V

The Lancastrian and Yorkist Kings

- **Henry IV** claimed the throne not by conquest, but by parliamentary election and was the founder of the **House of Lancaster**.
- Henry IV, the son of John of Gaunt, Edward III's fourth son, had no claim to the throne.
- The rightful heir was Edmund, Earl of March, who was descended from Edward's third son.
- Henry and his Lancastrian successors were not secure in their claim to the throne.

Henry V

- Henry V wanted to duplicate Edward III's military exploits in France.
- He was a capable , fearless, energetic monarch.
- Charles VI was insane.
- He renewed the war with France in 1413.
- He won at Agincourt in 1415 and had his success confirmed in **the Treaty of Troyes (1420)**.

Henry V

the Treaty of Troyes (1420)

- It gave Henry:
 1. the French king's daughter's hand in marriage
 2. the regency of the country
 3. the succession to the throne of France
- He became the regent of Charles VI, married Katherine of Valois, assumed control of the French government.
- In 1422 after the birth of the heir he died.

-
- In 1422 Charles VI died, bringing the nine-month-old Henry VI to the throne of both countries.
 - Henry's uncles, John of Lancaster, Duke of Bedford, and Humphrey of Gloucester ruled in France and in England.
 - In 1429 Joan of Arc inspired French resistance to English rule.
 - Joan was captured and burned as a heretic in 1431.

The Wars of the Roses

- The war in France emphasized Henry's inability at home.
- The loss of Normandy in 1450.
- The loss of everything in France, except Calais, in 1453, was a prelude to the Wars of the Roses.

The Wars of the Roses

- After the defeat at Castillon (June 1453) Henry suffered mental and physical collapse which lasted 17 months.
- The supporters of the rival House of York began to claim the throne
- Richard, Duke of York as a more direct descendant of Edward III.
- The issue was complicated in 1453, when the king's wife, Margaret of Anjou, gave birth to a son, destroying Richard's status as heir apparent.
- In 1455 civil war broke out, and continued until 1485.

The Wars of the Roses

- The Yorkists were successful at St Albans in 1455, and Henry VI became their prisoner.
- The turning point in the wars came in 1460. Richard was killed in battle at Wakefield by Margaret of Anjou, and his cause was taken up by his son, Edward.
- In 1461 Edward entered London and was proclaimed king by a council of peers as Edward IV.
- He defeated Margaret at Towton in 1461.

The Wars of the Roses

- Edward IV's chief adviser, Richard Neville, Earl of Warwick, called the "Kingmaker", dictated the policy of the country.
- They quarrelled and the earl backed the Lancastrians. Warwick landed from France, forcing Edward into exile, and proclaiming Henry VI again in 1470.

The Wars of the Roses

- Edward returned in 1471 from exile
- defeated and killed Warwick at Barnet
- three weeks later killed Henry VI's only son, Prince Edward at Tewkesbury.
- Thus Edward IV was firmly established on the throne.

Edward IV

- During his reign the revenues of the Crown greatly improved.
- He was a typical Renaissance prince, a patron of new learning and of the art of printing.
- When he died in 1483 his son Edward V was 12.
- was deposed three months later by his uncle, **Richard, Duke of Gloucester**, who became king as Richard III.
- The boy and his younger brother, who was declared illegitimate, were confined to the Tower of London where they died.
- Two years later, Henry Tudor, asserting a weak Lancastrian claim, defeated Richard at Bosworth and became Henry VII.

Richard III

England in the 15th Century

- The export of wool declined sharply
- It was replaced by woolen cloth, the product of a new cottage industry.
- Landlords exploited the demand for wool by **enclosing land** and raising more sheep.
- enclosed the common village pasture land for the rearing of the land owners' sheep.
- Many peasants lost their own fields altogether.
- Peasants began to constitute the class called **yeomen**.
- Large landlords entirely abandoned direct management of their estates into leasehold system.
