

**Garden dacha.**

# Plan:

- 1.Choosing and preparation of territory and its protection.
  - 2.Choosing of the material of paths and platforms.
  - 3.Small architectural forms.
  4. Kinds and laying- out of plants in the garden.
  - 5.Choosing plants.
  - 6.Choosing and planning of furniture in a garden.
- The conclusion.

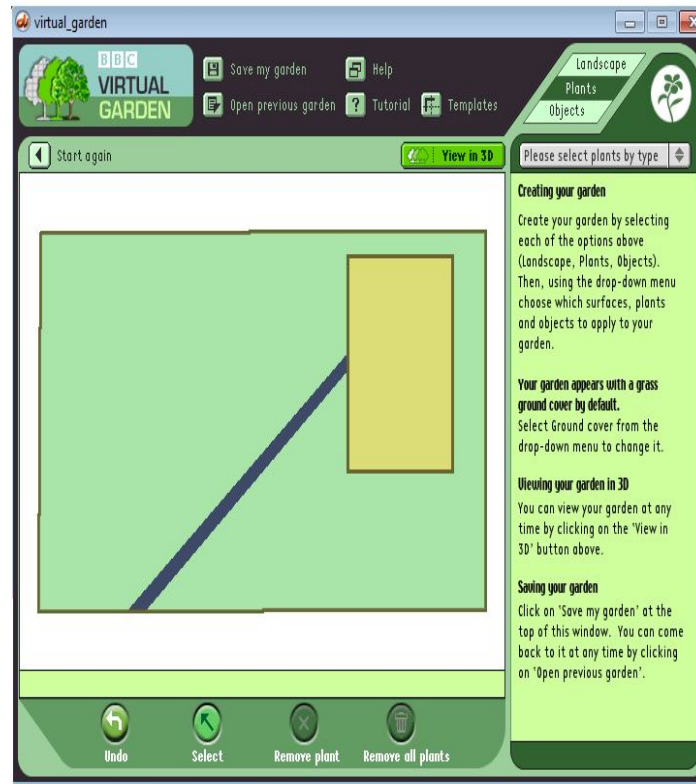

# 1. Choosing and preparation of territory and its protection.

- 1) The platform of territory looks as a rectangular.
- 2) Protection from a wooden fence.

## 2. Arrangement of paths and platforms. A choice of a material.

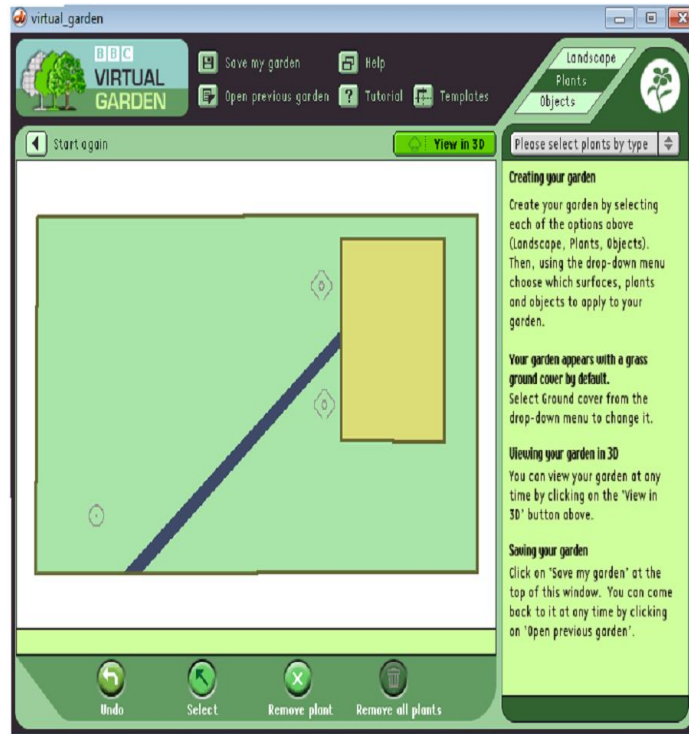

- 1) The platform for rest, is made from Desking (25sm).
- 2) Paths are applied from Patio ( slate).

# 3.Small architectural forms.

I have chosen  
ornamental  
fountain them 2  
and spherical  
fountain.

The serve object  
for addition of  
originality of my  
garden.

As I have added  
pool Modern  
pond.

## 4. Kinds and laying– out of plants in the garden.

### Lay – out of a garden.

1) Arrangement of trees near a fence.

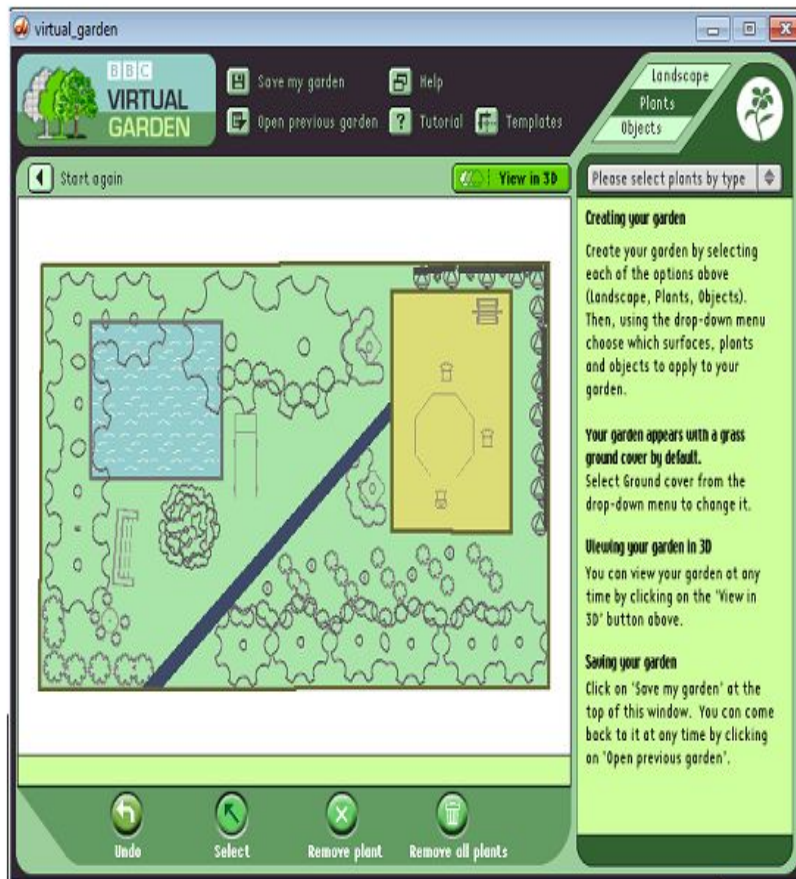

2) Arrangement of colors, near a platform for rest, near a bench and in other places, you will see.

### 3) Plants are:

- Biennials;
- Bulbs;
- Climbers;
- Deciduous plants;
- Evergreen plants;
- Ferns;
- Grosses;
- Half – handy annuals;
- Half – handy perennials;
- Hardy annuals;
- Hardy perennials;

# 5.Choosing plants.

# The conclusion.

In present time this theme is very actual, because, many people buying a summer residence do not want to work on it her, and simple want to have a rest and enjoy beauty and fresh air.
