

I love Russia

Russia is my country. It is the biggest country in the world. Russia is situated on two continents: Europe and Asia.

The Urals (the Ural mountains) form a natural border between the continents.

The Volga is the longest river in Europe. It flows into the Caspian Sea.

There are many beautiful old towns – both big and small – on its banks. Practically all of them are interesting places, famous for their history.

The Volga

The Volga

Mishkin

Ulyanovsk

Volgograd

The Baltic Sea

Seas and oceans wash Russia in the north, south, east and west. The Black Sea is in the South; the Baltic Sea is in the West

The Black Sea

The White Sea

The plant and animal worlds of my country are also very rich.

Gerard Koehl

There are a lot of different animals, birds and plants in our forests, fields and mountains.

One Russian symbol is the Russian national flag. This flag has three wide stripes on it.

The stripes are white, blue and red. The upper stripe is white, the middle stripe is blue and the red stripe is at the bottom. These colours have always been symbolic in Russia: white – noble and sincere, blue – honest and devoted – devoted to friends, family and to the country. The red colour has always meant love and bravery.

Another symbol of Russia which all Russian people know and love is **the birch tree**. You can find these trees everywhere. People sing beautiful songs with poetic words about birch trees.

Russian people have always loved their country though life in Russia has never been easy. Russian people have always been devoted to their **Motherland.**

Russia is my country and I love it very much.
