

SCIENCE FICTION

I CAN IDENTIFY FEATURES
OF THE SCIENCE FICTION
GENRE.

**Science fiction often involves
*space travel.***

**Sometimes there are
*aliens.***

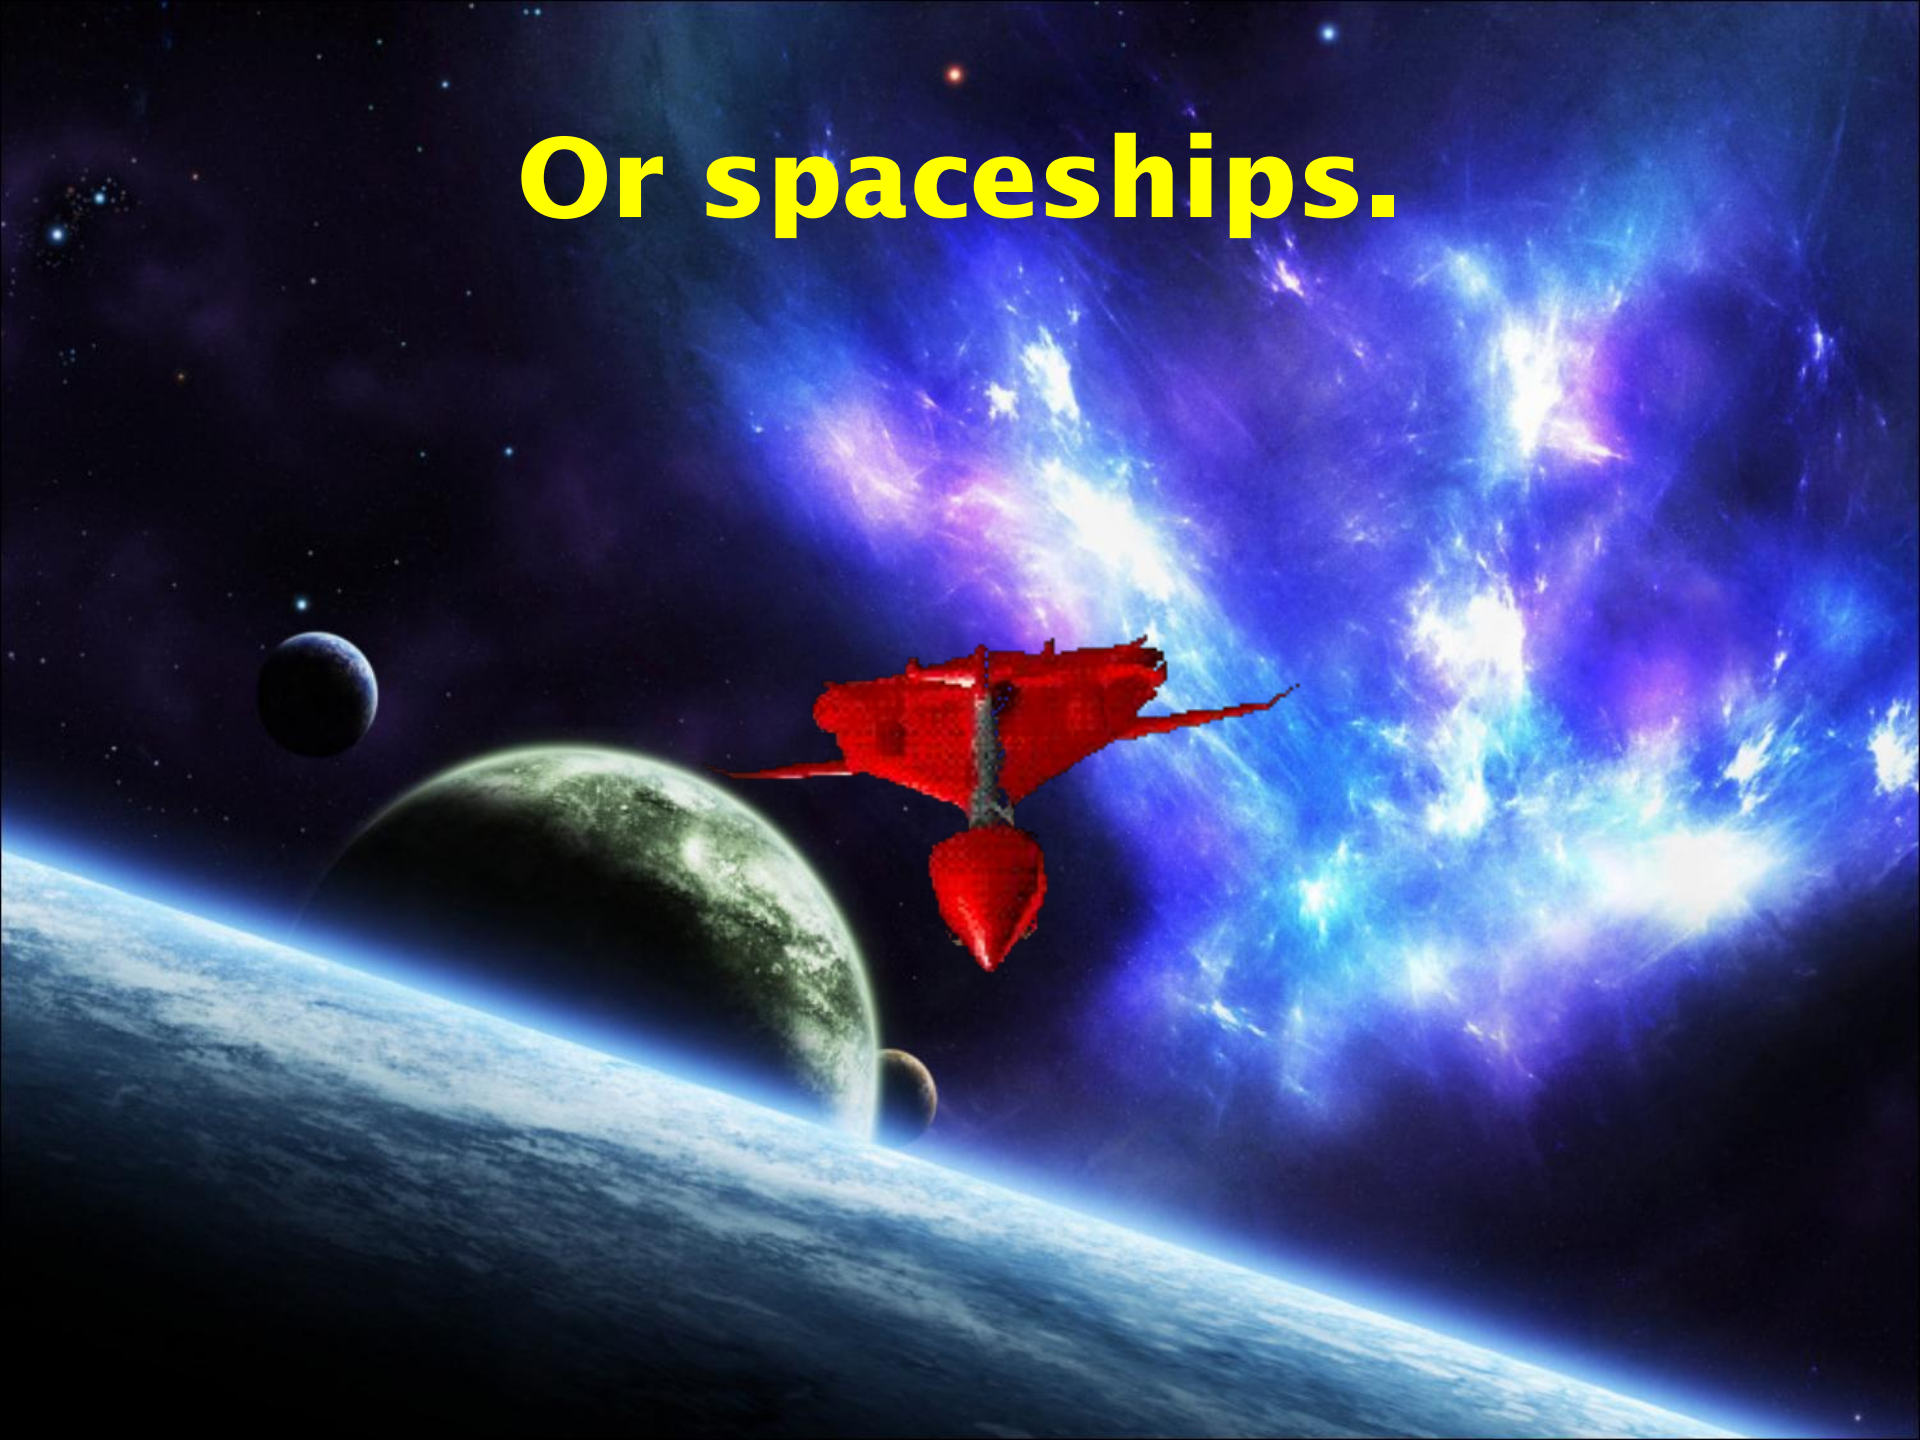

Often there are *cool machines*
like robots...

Or weapons...

Or spaceships.

**Sometimes the story is set in
the *future*.**

It might be set in an *alien world*.

There might be *time travel*.

However, characters behave like normal humans!
