

Activity about you-icebreaker

The background of the slide is a tropical sunset scene. It features a blue sky with a large orange sun setting over a dark blue body of water. The sun's reflection is visible on the water. On the left and right sides, there are green palm trees with brown trunks.

A tall, weathered wooden signpost stands against a bright blue sky filled with fluffy white clouds. The signpost is covered in numerous directional signs, each pointing in a different direction. The signs are made of light-colored wood and feature black text indicating the name of a location and the distance to it. Some signs are partially obscured or broken. The locations listed include international cities like Jakarta, Tokyo, Hong Kong, Sydney, Perth, Melbourne, and Adelaide, as well as Australian cities and towns like Darwin, Katherine, Elliot, Alice Springs, Walchope, and Mine. There are also signs for local landmarks like the Airport and Hospital. The signpost itself is a simple, vertical wooden pole with a dark, possibly metal, cap at the top. The overall scene is a classic representation of a 'signpost in the middle of nowhere' in a remote area.
