Freedom Day**

A close-up photograph of two men's faces. The man on the left is wearing a black balaclava with a mesh face. The man on the right is a close-up of his face. Both men have large metal padlocks hanging from their mouths. The padlock on the right is a large, dark metal padlock with a brass-colored label that reads 'YONGE' and 'YONGE'. The background is blurred, showing what appears to be a street scene with a sign that says 'PADA'.

**World Press Freedom Day** is a global observance and not a public holiday.

**World Press Freedom Day** gives people the chance to pay tribute to media professionals who risked or lost their lives in the line of duty. Many communities, organizations and individuals take part in this day through various events such as art exhibitions, dinners featuring keynote speakers, and awards nights to honor those who risked their lives to bring news to the world

**May 3** also serves as a day of remembrance for those journalists who lost their lives in the exercise of their profession.
