

A still life arrangement of various dairy products on a white surface. In the background, a large white ceramic pitcher is filled with milk. To its left, a glass of milk sits next to a glass of water. Further left is a white ceramic butter dish with a lid, and a small white pitcher containing milk. In the foreground, a white ceramic butter dish with a woven brown base holds a large block of butter. To its right, a dark red ceramic bowl is filled with crumbled white cheese. In the bottom right corner, a wooden spoon holds a small portion of the same crumbled cheese. The text "Milk and dairy products" is overlaid in the center in a dark blue font on an orange rectangular background.

"Milk and dairy products"

Молочная ферма

*-fats;
- proteins;
- carbohydrates.*

A microscopic image of a bone cross-section, showing a central canal (Haversian canal) surrounded by bone tissue. The image is in grayscale, with the central canal appearing as a bright, circular structure. The surrounding bone tissue shows a complex, porous structure with various channels and trabeculae.
