От началото на април витаят слухове за фалита на една банка, и се чудя дали са сериозни или е тъгналото от някоя първоаприлска шега. ☹

The thing none of the Obama zealots realize is that Obama's promises are nothing but empty rhetoric. he tell's you what you want to hear. The man will stop at nothing to get elected. You praise him now, but chances are too high you'll regret voting for him. Do you really think he will keep his word? Of course he mentions slavery yet ignores the fact that whites were enslaved in higher numbers.
