

**Маленькие шаги
имеют значение.**

An aerial photograph of a massive glacier flowing through a mountain valley. The glacier is a mix of white and grey, indicating it carries a lot of sediment. It flows from the top of the frame towards a large, greyish lake at the bottom. The lake is filled with numerous icebergs of various sizes. The surrounding mountains are rugged and brownish-grey, with some patches of green forest. The overall scene is one of a powerful natural force in a high-altitude environment.

**CLIMATE
JUSTICE NOW**

A group of diverse people, including men and women of various ethnicities, are gathered in a modern, brightly lit indoor space, possibly a mall or a public building. They are holding a long, white banner that stretches across the width of the frame. The banner features the text "survival is not negotiable" in a large, bold, black font. The word "survival" is in a lowercase, cursive-style font, while the rest of the text is in a clean, sans-serif font. The background shows a high ceiling with a grid of skylights and several large, green, leaf-shaped decorations hanging from the ceiling. The floor is made of light-colored stone tiles. The overall atmosphere is one of a public demonstration or protest.

survival is not negotiable

ЛИБАН

Two divers in black wetsuits and scuba gear are holding a large white sign underwater. The sign has bold black text. The background shows a coral reef and blue water with bubbles.

ABOUT DAY OF ACTION SPREAD THE WORD PEOPLE

Dear World,

This is an invitation to help build a movement—to take one day and use it to stop the climate crisis.

We are a group of people from around the planet—young and old, scientists and writers and activists—who have one thing in common. We know the most important number on earth: 350. And we know how to use that number to finally get global action on the worst crisis humans have ever faced.

But we can only do it if you help.
