

Порівняння Drupal та TYPO3

Микола

info@web-spectr.com

[m](#)

Особливості: Drupal

- Категоризація інформації (таксономія)
- Побудова **будь-якої вкладеності** та взаємовідносин інформації
- **Малий строк** на освоєння системи
- **Розділення прав** на доступ до інформації
- Зручна **темізація**
- Розвинена **система кешування**
- Надзвичайно велика кількість модулів
- Активна спільнота

Особливості: TYPO3

- **Все включено** в коробку
- Розділення на **BackEnd** та **FrontEnd**
- Внутрішня конфігураційна мова **Typoscript**
- **Довгий час** на освоєння
- Дуже багато **документації**
- Організація сторінок у вигляді **дерева**
- **Чорнова** та **робоча** версія сайту
- Одна інсталяція на **багато сайтів і доменів**
- Історія всіх змін та **версіонінг**

- Install site
- Configure site
- Finished

Requirements problem

The following error must be resolved before you can continue the installation process:

The Drupal installer requires that you create a settings file as part of the installation process.

1. Copy the `./sites/default/default.settings.php` file to `./sites/default/settings.php`.
2. Change file permissions so that it is writable by the web server. If you are unsure how to grant file permissions, please consult the [on-line handbook](#).

More details about installing Drupal are available in `INSTALL.txt`.

Please check the error messages and [try again](#).

Drupal installation complete

Congratulations, Drupal has been successfully installed.

You may now visit [your new site](#).

Встановлення: Drupal

The screenshot shows the Drupal 7 installation welcome page for a test site. The page has a blue header with the Drupal logo and the text "test.drupal". On the left, there is a sidebar with the word "admin" and four menu items: "My account", "Create content", "Administer", and "Log out". The main content area has a light blue background and contains a welcome message and four numbered steps for getting started.

 test.drupal

admin

- My account
- ▷ Create content
- ▷ Administer
- Log out

Welcome to your new Drupal website!

Please follow these steps to set up and start using your website:

- 1. Configure your website**

Once logged in, visit the [administration section](#), where you can [customize and configure](#) all aspects of your website.
- 2. Enable additional functionality**

Next, visit the [module list](#) and enable features which suit your specific needs. You can find additional modules in the [Drupal modules download section](#).
- 3. Customize your website design**

To change the "look and feel" of your website, visit the [themes section](#). You may choose from one of the included themes or download additional themes from the [Drupal themes download section](#).
- 4. Start posting content**

Finally, you can [create content](#) for your website. This message will disappear once you have created a post to the front page.

You're done!

Apparently you have completed the basic setup of the TYPO3 database.

Now you can choose between these options:

- **Go to the frontend pages**

- **Go to the backend login**

(username may be: *admin*, password may be: *password*.)

- **Continue to configure TYPO3** (Recommended).

This will let you analyse and verify that everything in your PHP installation is alright. Also if you want to configure TYPO3 to use all the cool features, you *must* dig into the this!

 **IMPORTANT**

Адміністрування: Drupal 6

The screenshot displays the Drupal 6 administration interface for a site named "test.drupal". The interface is divided into a left sidebar and a main content area. The sidebar, under the heading "admin", contains a list of navigation links: "My account", "Create content", "Administer" (expanded to show "Content management", "Site building", "Site configuration", "User management", "Reports", "Help"), and "Log out". The main content area, titled "Administer", has two tabs: "By task" (selected) and "By module". A green warning box at the top states: "Cron has not run. Please visit the [status report](#) for more information." Below this, a red error box contains two bullet points: "One or more problems were detected with your Drupal installation. Check the [status report](#) for more information." and "There is a security update available for your version of Drupal. To ensure the security of your server, you should update immediately! See the [available updates](#) page for more information." The main content area also includes a welcome message: "Welcome to the administration section. Here you may control how your site functions." and a "Hide descriptions" link. Below this, there are four summary boxes: "Content management" (Manage your site's content.), "Site building" (Control how your site looks and feels.), "Comments" (List and edit site comments and the comment moderation queue.), and "Content" (View, edit, and delete your site's content.). Additionally, there are boxes for "Blocks" (Configure what block content appears in your site's sidebars and other regions.) and "Menus" (Control your site's navigation).

НОВИЙ КОНТЕНТ: Drupal 6

The screenshot displays the Drupal 6 user interface for creating a new story. At the top left, the Drupal logo is visible next to the site name 'test.drupal'. A breadcrumb trail shows 'Home > Create content'. The main heading is 'Create Story'. Below this, there is a 'Title:' field with an asterisk indicating it is required. A 'Menu settings' link is present with a right-pointing arrow. A 'Body:' label is positioned above a large text area. A button labeled 'Split summary at cursor' is located to the right of the text area. On the left side, a navigation menu for the user 'admin' includes links for 'My account', 'Create content' (with a dropdown arrow), 'Page', 'Story', 'Administer', and 'Log out'.

Адміністрування: TYPO3

The screenshot displays the TYPO3 administration interface. At the top left, the 'TYPO3' logo is visible. The top navigation bar includes a user profile for 'admin', a 'Logout' button, and a workspace selector set to '[LIVE workspace]'. The main interface is divided into three vertical sections:

- Left Panel (Navigation):** Contains a sidebar menu with categories: 'Web' (Page, View, List, Info, Access, Functions, Versioning, Template), 'File' (Filelist), 'User tools' (Task center, User settings, Workspace), 'Admin tools' (User Admin, Ext Manager, DB check, Configuration, Install, Log), and 'Help' (About modules, About, Manual, TypoScript Help).
- Middle Panel (Page Structure):** Shows a tree view of the site structure. It starts with 'New TYPO3 site', followed by a 'Home' page. Under 'Home', there are sub-pages: 'About', 'News', 'Catalog', and 'Contacts'. A search filter is present at the top of this panel.
- Right Panel (Page Content Editor):** Displays the 'Pagecontent' editor for the selected page. It includes buttons for 'Edit page properties', 'Move page', 'New page', and 'New conten'. Below these are three columns: 'LEFT', 'NORMAL', and 'RIGHT'. A 'Create page content' button is located in the 'NORMAL' column. There is also a checkbox for 'Show hidden content elements' and a 'SEARCH' section with a 'Search String' input, a dropdown menu set to 'This page', and a 'Search' button.

НОВИЙ КОНТЕНТ: TYPO3

The screenshot displays the TYPO3 CMS interface. On the left is a sidebar menu with categories: Web, File, User tools, Admin tools, and Help. The main area shows a page editor for 'Pagecontent NEW - [PID: 5] About'. The 'Text' tab is active, showing a rich text editor with a toolbar containing options for block and text styles, bold, italic, strikethrough, subscript, and superscript, as well as alignment and list tools. The editor content area is currently empty. At the bottom, there is a checkbox labeled 'Disable Rich Text Editor:'.
