

The background of the slide is a composite image. The top half shows a dark, starry sky with a large, glowing blue sphere, possibly representing Earth or a planet, partially obscured by wispy white clouds. The bottom half shows a bright, shimmering sea at sunset or sunrise, with a dark, rocky shoreline in the foreground.

Физический мир, в котором мы живём

для 10-х классов**

An abstract graphic design on a dark blue background. It features a central bright blue point from which several green, glowing, teardrop-shaped forms radiate outwards. Two blue, cone-like structures with wavy, golden-yellow lines at their tips extend from the center towards the top-right and bottom-left. Thin, white, curved lines and a vertical line with circular arrows at the top and bottom suggest motion or orbits around the central point.
