СУША

The diagram illustrates the water cycle. At the top, a green oval labeled 'СУША' (Land) is connected to two light blue ovals labeled 'ОКЕАН' (Ocean) at the bottom. A red arrow points from the left 'ОКЕАН' oval up to the 'СУША' oval, representing evaporation. Another red arrow points from the 'СУША' oval down to the right 'ОКЕАН' oval, representing precipitation. The background is a photograph of a rocky beach with shallow water.
