

Service of the AMGC

presentation

2009

What is the AMGC?

The Advertising & Marketing Group COMPASS (AMGC) is the group of specialists and companies, since 2007 working together to solve specific marketing practical problems of Clients in Ukraine. The Group is headed by the managing partner, highly qualified specialists - Dr. Roman Kolyadyuk

The AMGC is a user of advanced international and its own standardized technologies for **research, marketing strategic planning**, branding, naming, marketing communications and PR

All of them developed in the Advertising & Marketing Technologies Bureau "Roman Kolyadyuk & Ko" / "KOLYADYUK & PARTNERS" and Ark Thompson (Ukrainian part of the world's largest advertising and JWT communications corporation)

Under each project under the head of the AMGC is formed optimal composition of highly professional team of leading experts in their fields or, if necessary, reliable partner companies

So, we achieve the flexibility of service, high quality combined with the availability of value for customers. We have low cost of services due to absence of "ballast" idle in the project, but the paid professional staff

All the important work done on technologies and standards of international level

We offer all customers a partnership, reliable and efficient, like a compass in the way

AMGC's strategic planning

Marketing strategy for long term period

Strategic planning in marketing and advertising is based on the original standardized technology named *StrategyTech*. It based on comprehensive market research of consumers and competitors:

StrategyTech = ImTech + ShoppingTech + PsiTech,

where:

PsiTech – The technology of analyses of psychological portraits of target audiences, their underlying motivations;

ShoppingTech – the technology of research of the consumer behavior (who, where, how, why buy, etc.);

ImTech - techniques of measurment the brand image and competitor's brands, their strengths and weaknesses, the actual positioning in the minds of target audiences

International Standards ICC / ESOMAR, EFAMRO

Strategic planning includes:

- Marketing strategy for 3 years or more (a planned market share and the nature of companie's behavior, a set of sound marketing purposes, ways, means and timetables for their achievement, budgeting)
 - communication strategy to achieve the objectives of marketing (advertising + PR + BTL and other plans)
 - If necessary, re-branding strategy or branding, measures to improve governance, or business structure, etc. - depending on the specific problems and tasks of the Customer

Developers: specialists of higher qualification (with a degree in marketing) and practical experience of successful work of the Director of Strategic Planning and Marketing Director

Terms of strategic planning, along with studies, has duration from 2,5 to 5 months depending on the complexity of markets and situations. **Pricing - flexible**
