Global Energy International Prize Laureates 2006

**Academician
Evgeniy VELIKHOV**
President of the Russian Scientific
Research Center
“Kurchatov Institute”

Doctor Masaji YOSHIKAWA
Chair of the JAERI,
Member of the Thermonuclear
Research Council at the Ministry
of Nuclear Energy of Japan

Doctor Robert AYMAR
CERN Director General

**International Thermonuclear Experimental Reactor –
ITER (project)**

Global Energy International Prize Laureate 2007

**Professor
Thorsteinn Ingi SIGFUSSON**
Chairman of Icelandic New Energy Ltd.
and Chairman of Genery-Varmaraf Ltd.,
a thermoelectric company

*“Research and
development
to implement hydrogen
energy generation in
Iceland”*

Global Energy International Prize Laureates 2008

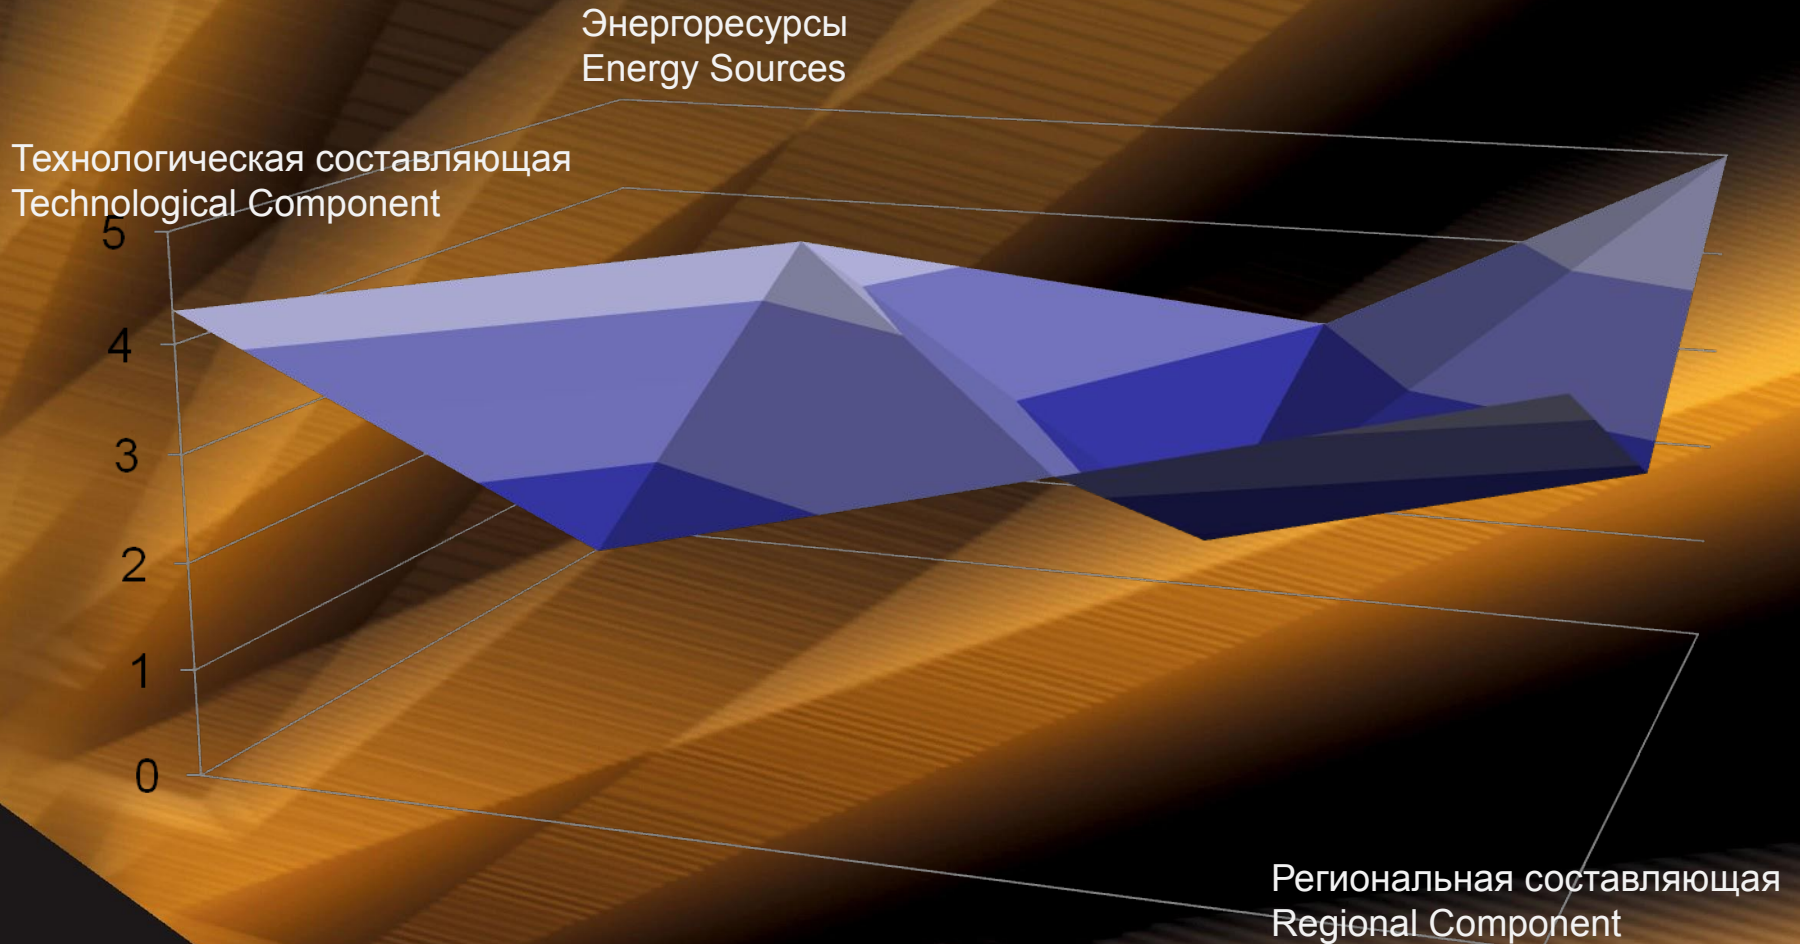

Eduard Volkov

Clement W. Bowman

“For the development of highly efficient technologies and utilities for extracting oil from oil shale and oil sands, thus contributing to the energy saving problem of humanity”
