

Anti-Aging Skin Therapy

Анти-эйджинговое
лечение кожи

Overview

- **Интегрированная лечебная система**
- **Клинически проверенное лечение кожи**
- **Результаты уже через 7 дней**
- **Эксклюзивная технология**
- **Запатентованные ингредиенты**

Effects of Aging

Последствия старения

- Старение с возрастом и от воздействия окружающей среды
- Угнетение клеточного обновления
- Разрушение коллагена и эластина
- Истончение кожи, потеря эластичности
- Складки и морщины становятся более заметными

Effectiveness
of Hydroxy Acids
and Vitamin C

Эффективность
гидроксикислот и
витамина С

- **Стимулируют выработку коллагена и эластина**
- **Повышают обновление клеток кожи**
- **Препятствуют образованию пигментных пятен**

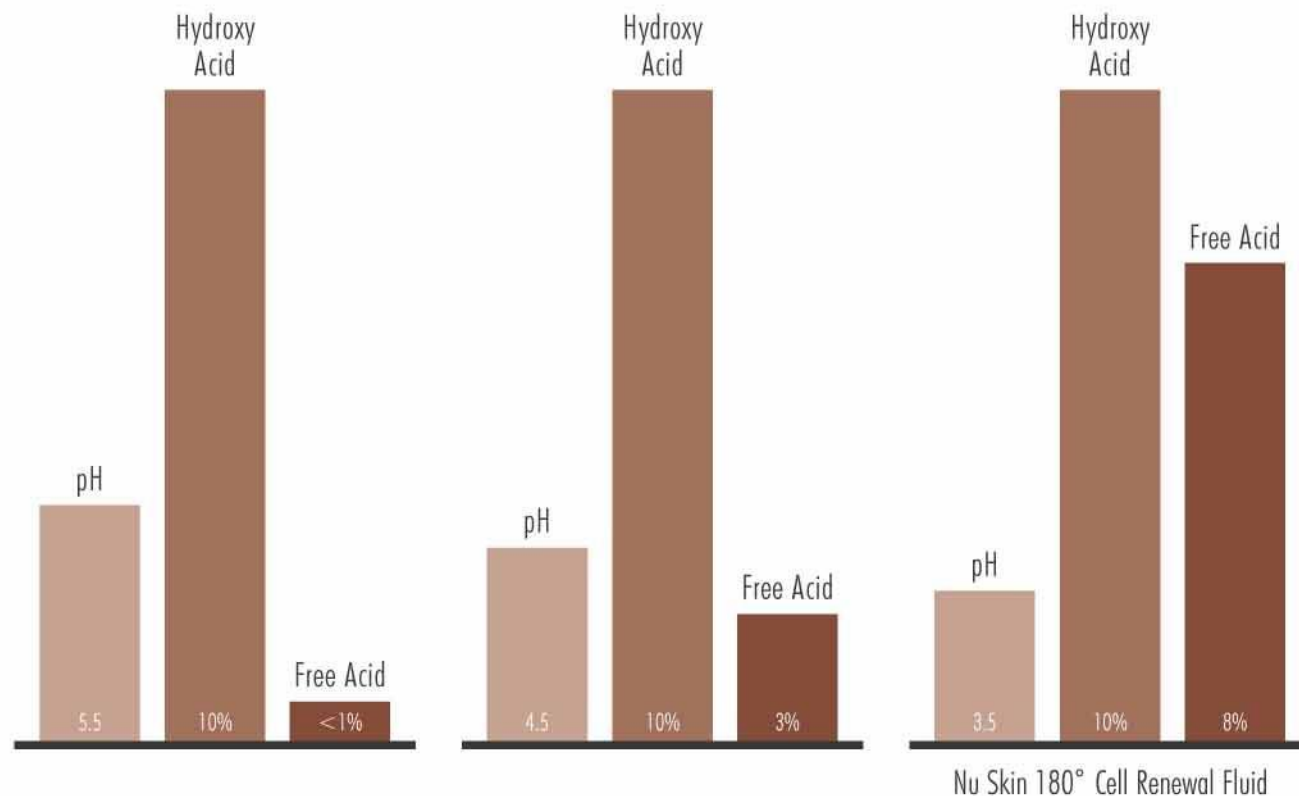

The 180° Advantage

- High levels of hydroxy acids
- Exceptional comfort
- Exclusive HMW Complex
 - Hypnea Musciformis Extract
 - Mugwort Extract
 - Willhowherb (*Epilobium angustifolium*) Extract

Free Acid

Low pH level + high hydroxy acid level = high free acid level

*Comparisons are based on calculated estimates
