Поработайте над содержанием презентации:

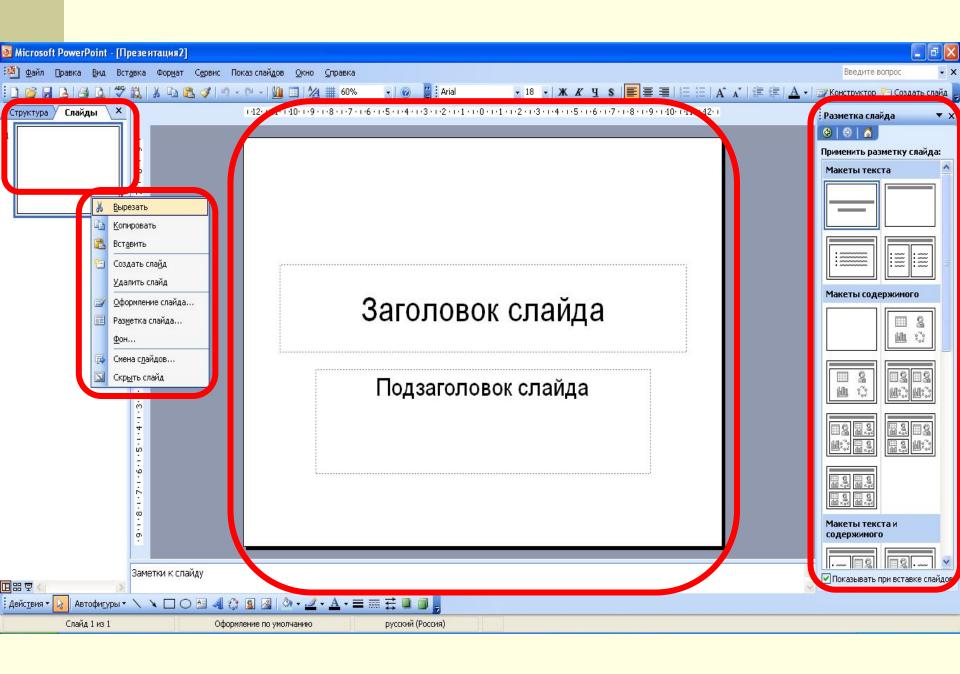

- 1. Сформулируйте законченную идею, мысль.
- 2. Продумайте план изложения идеи.
- 3. Создайте перечень названий частей (слайдов).

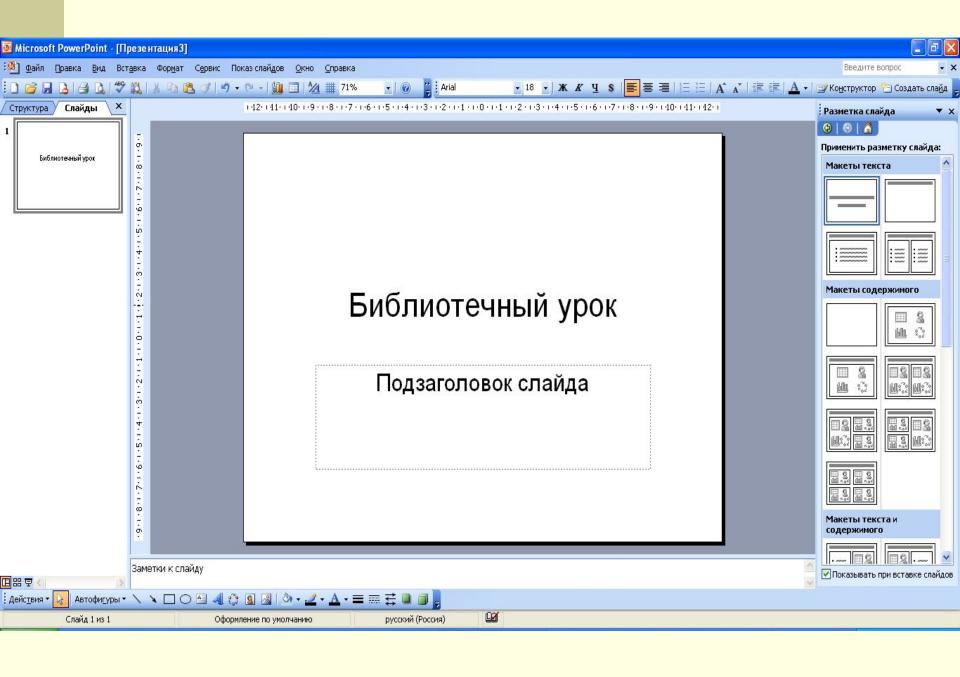

Подходы к созданию презентаций:

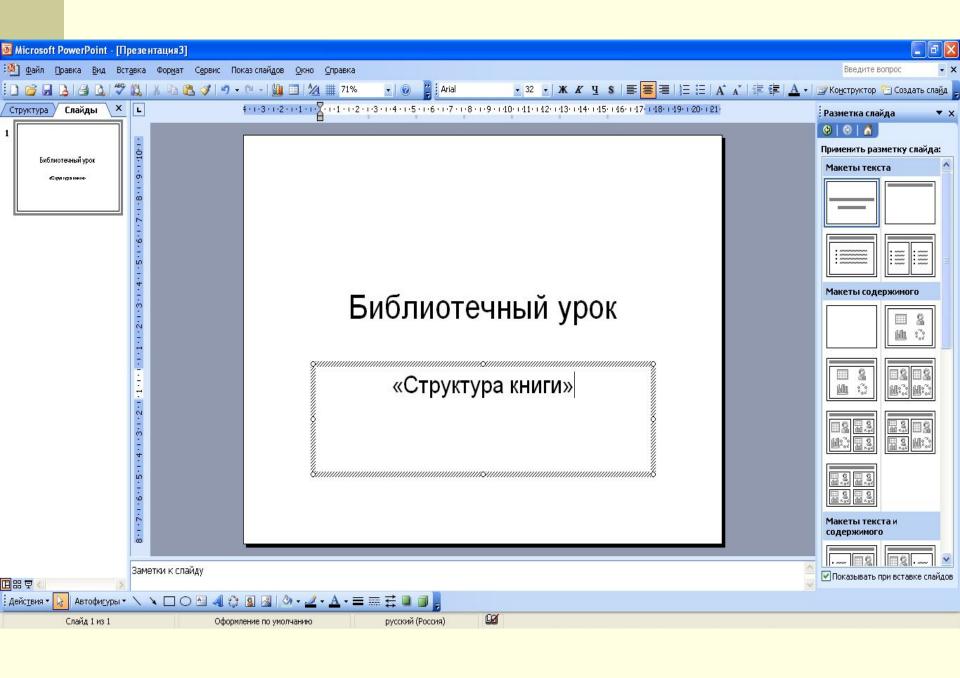

- презентация это лишь иллюстрация рассказа;
- лучше одна картинка (схема), чем много текста;
- используйте визуальные акценты (выделения).

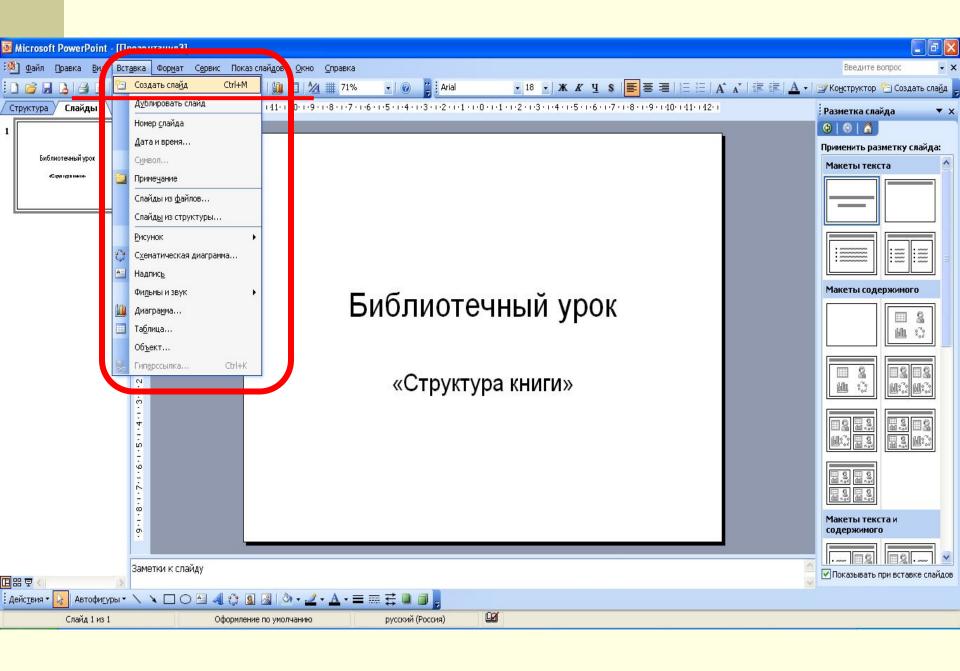

Microsoft PowerPoint

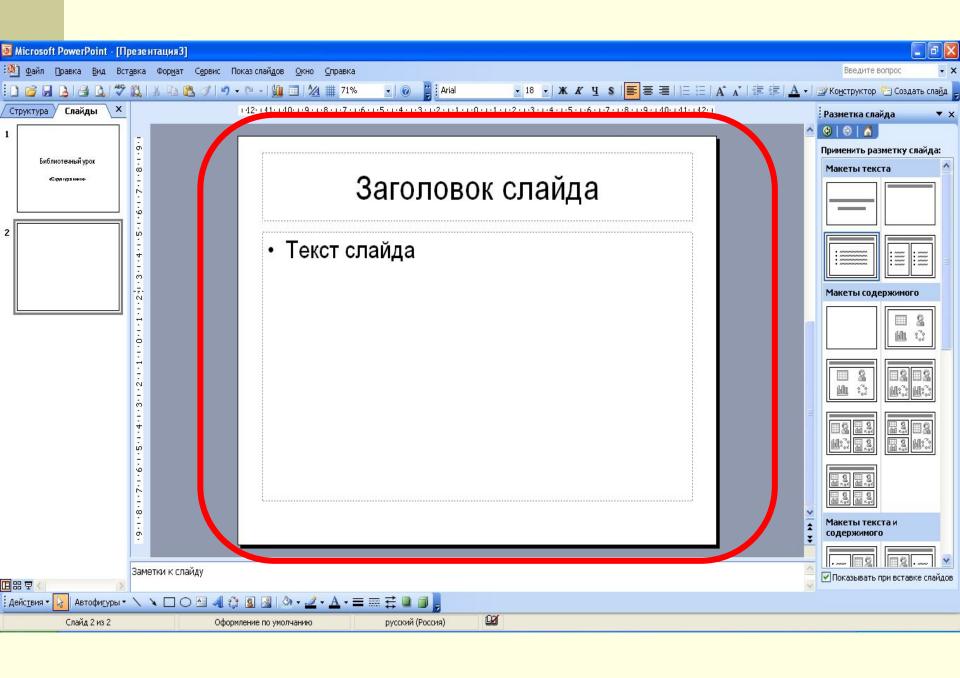

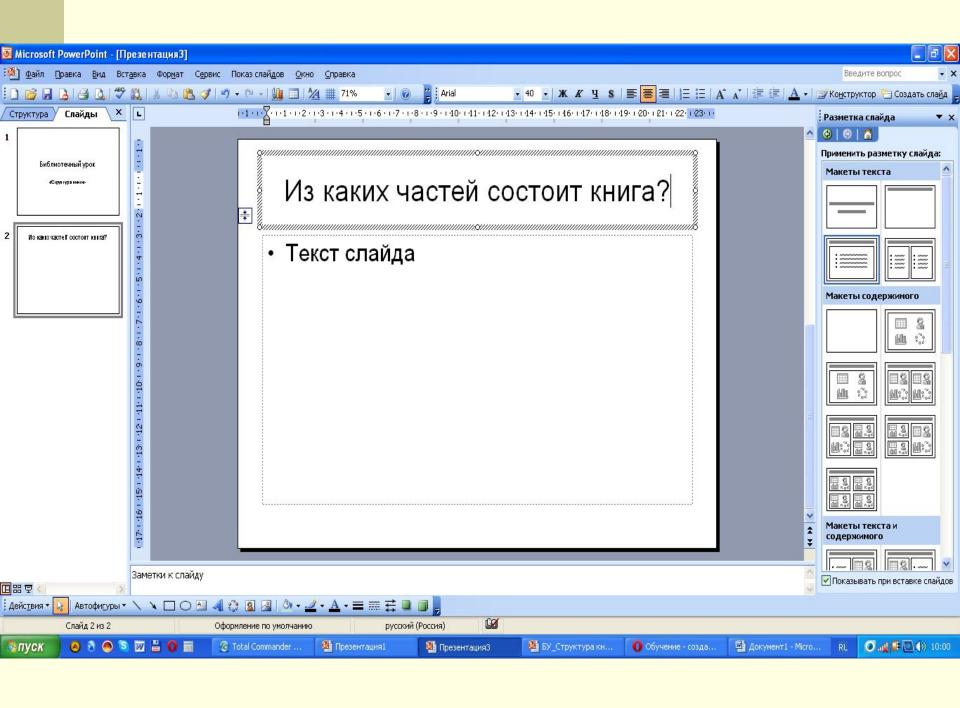

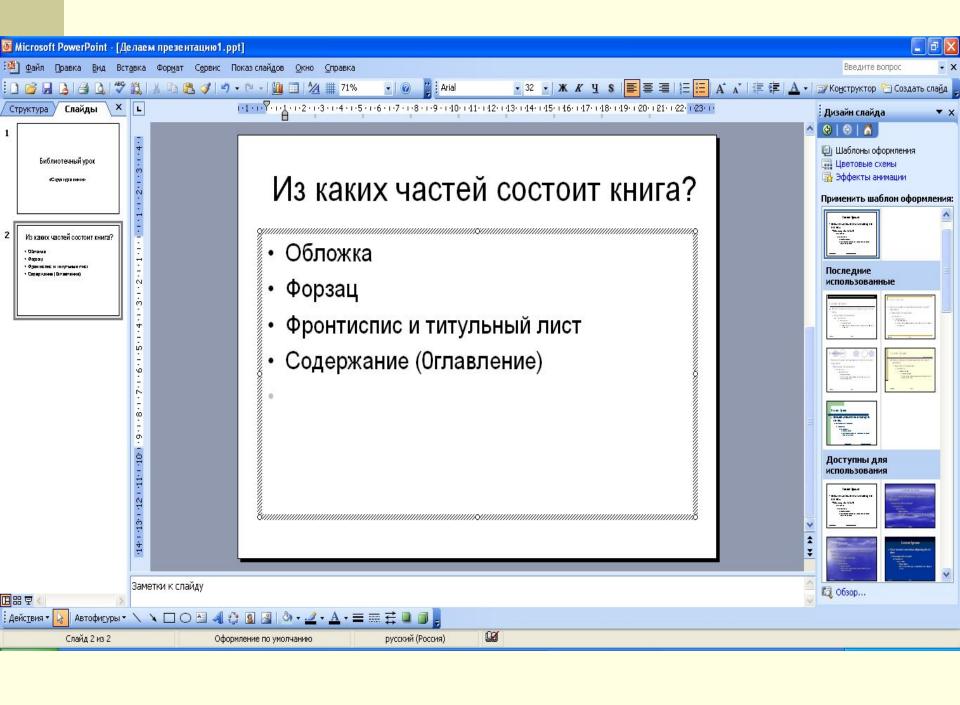

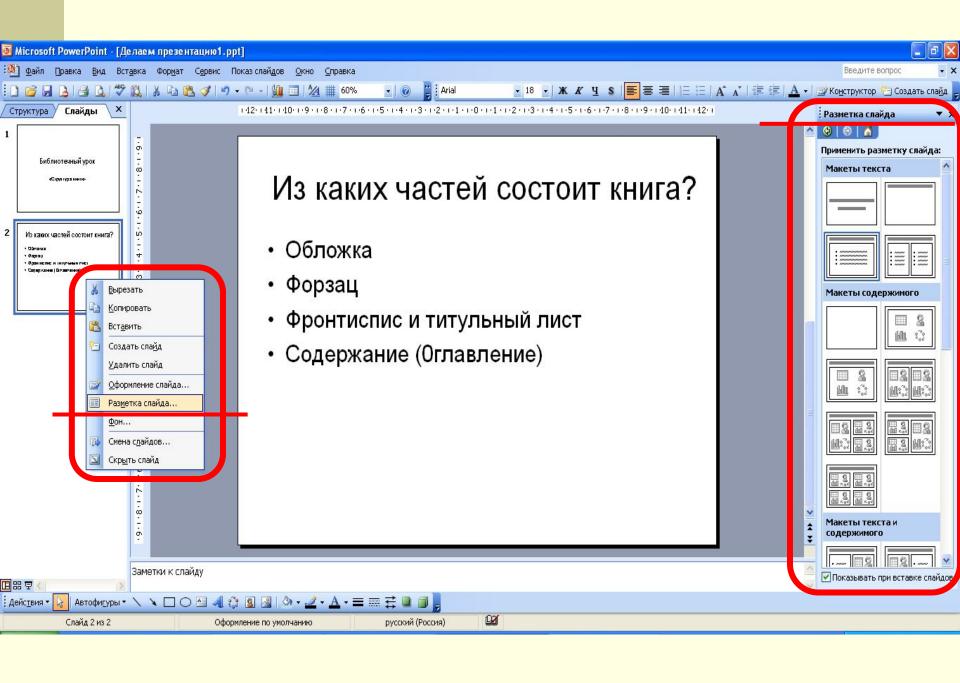

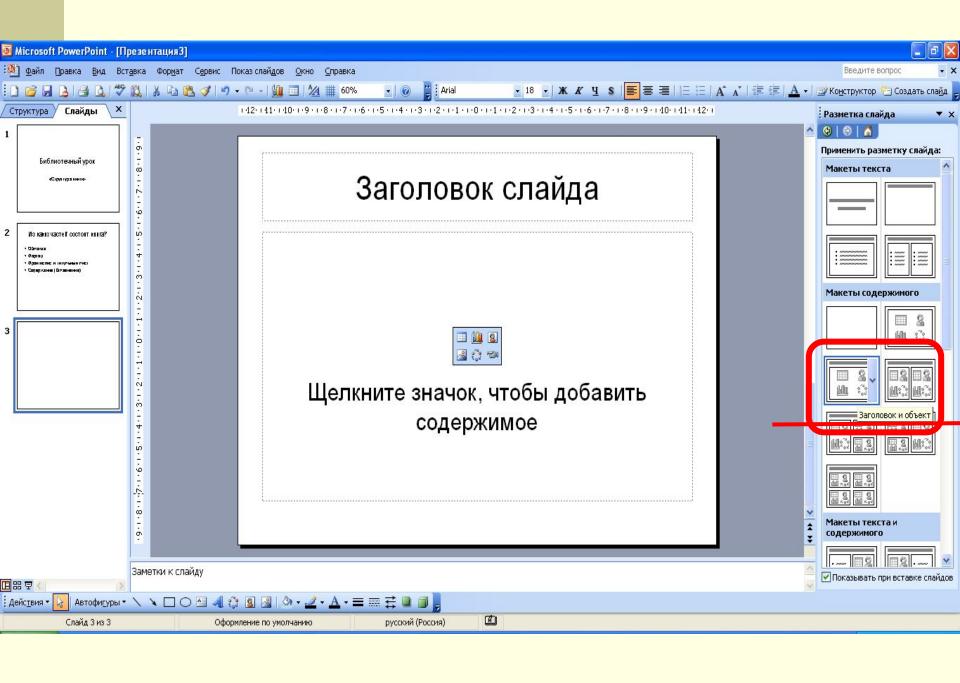

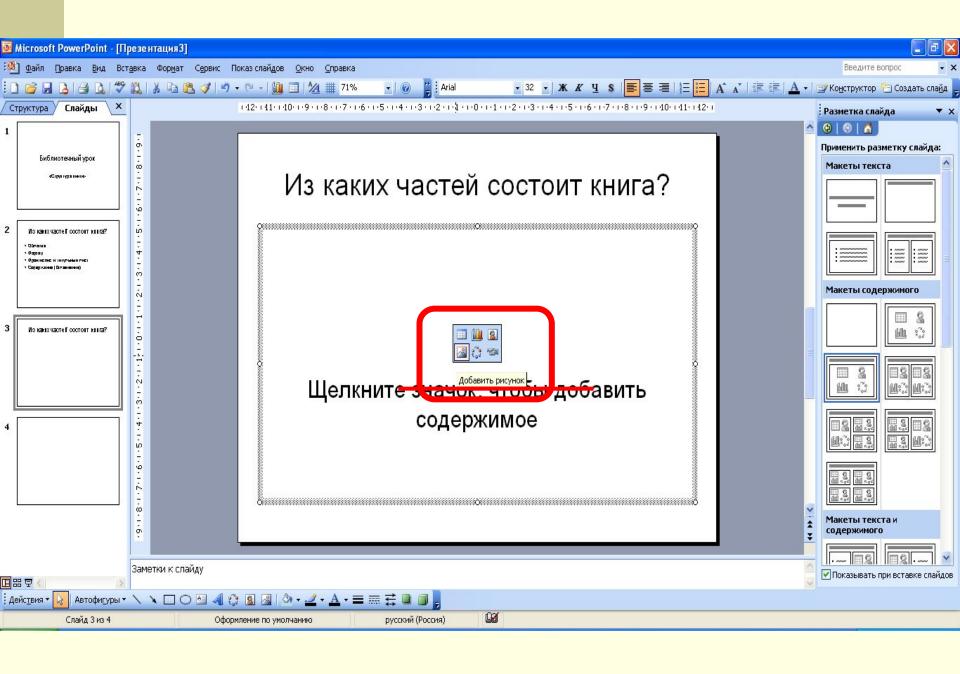

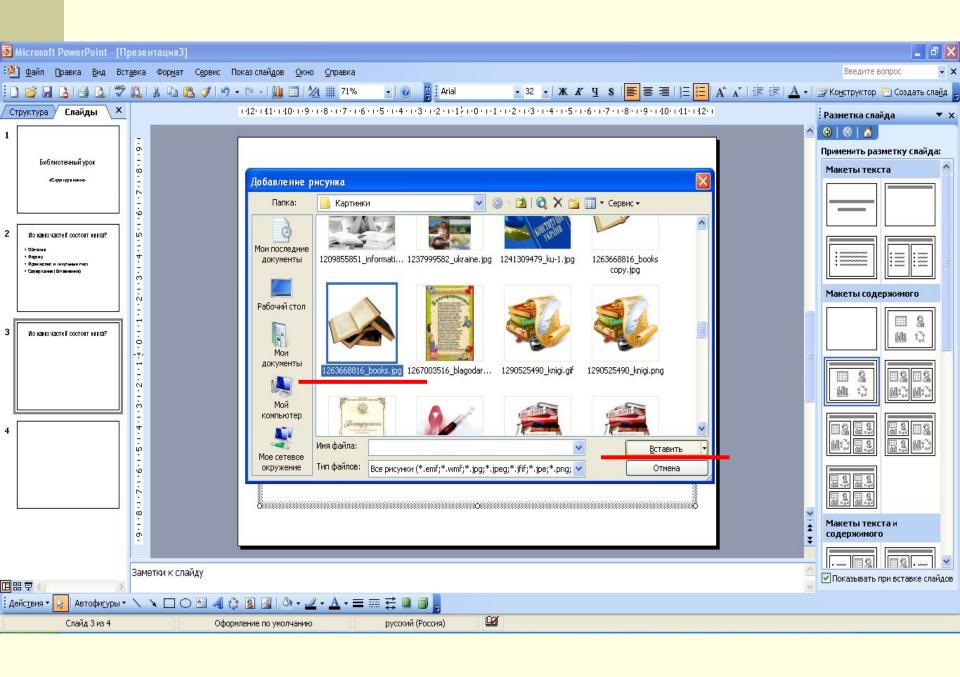

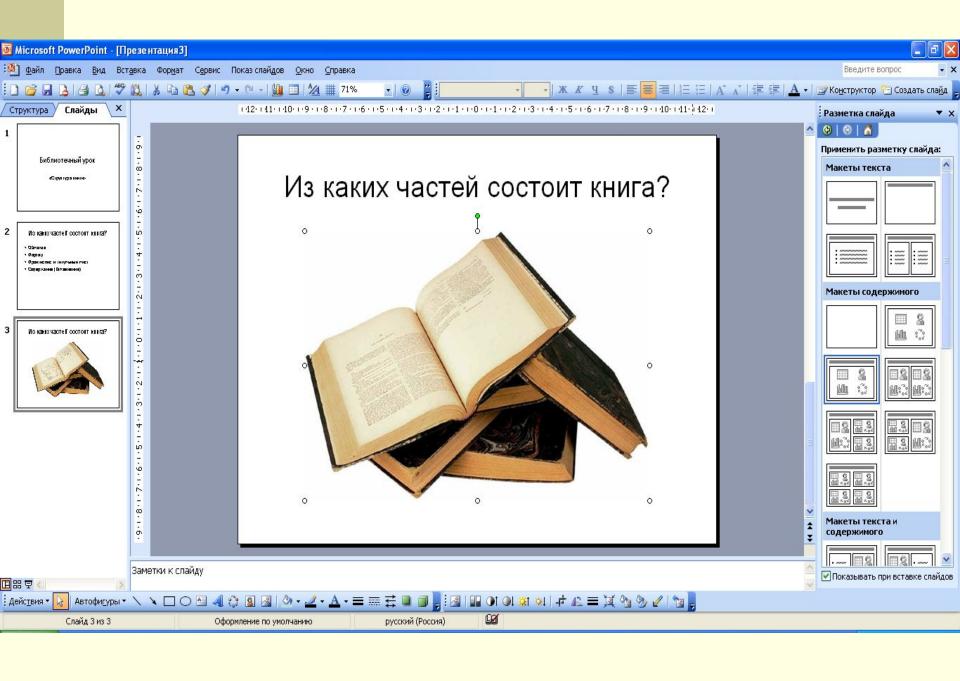

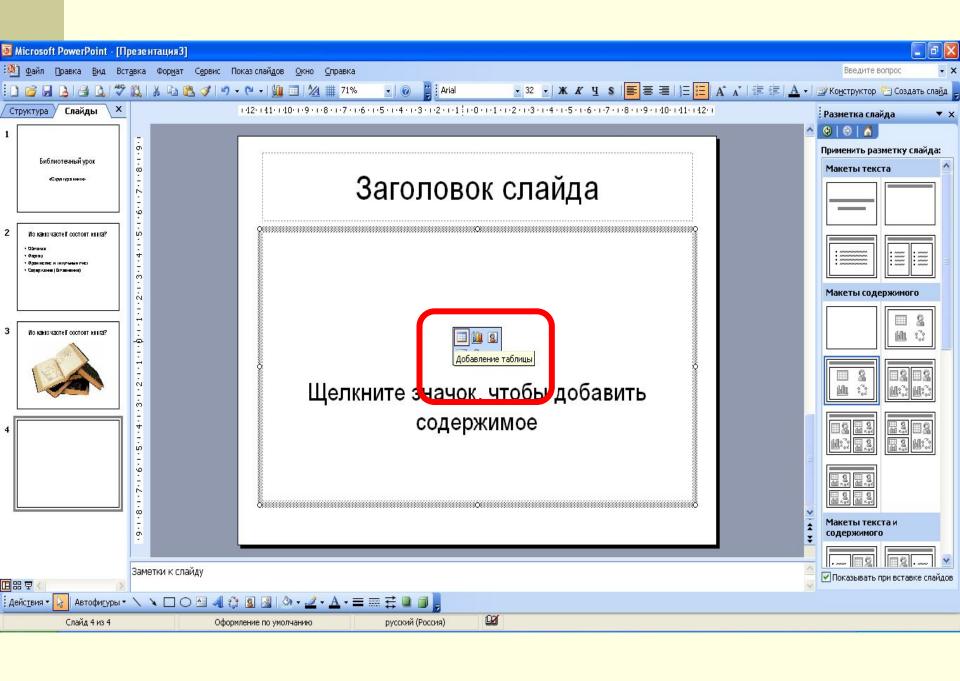

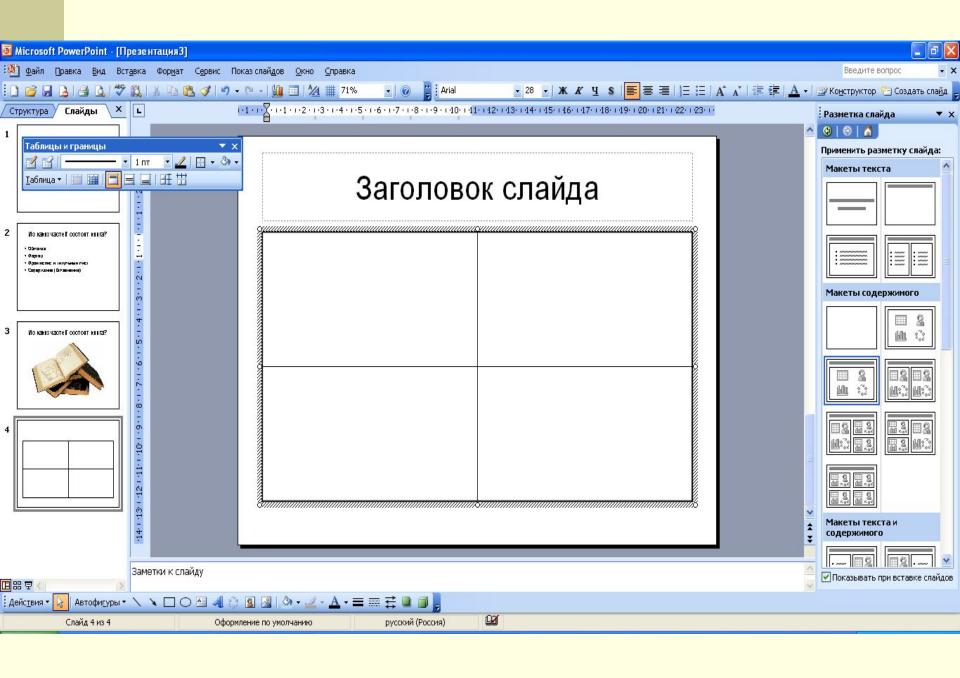

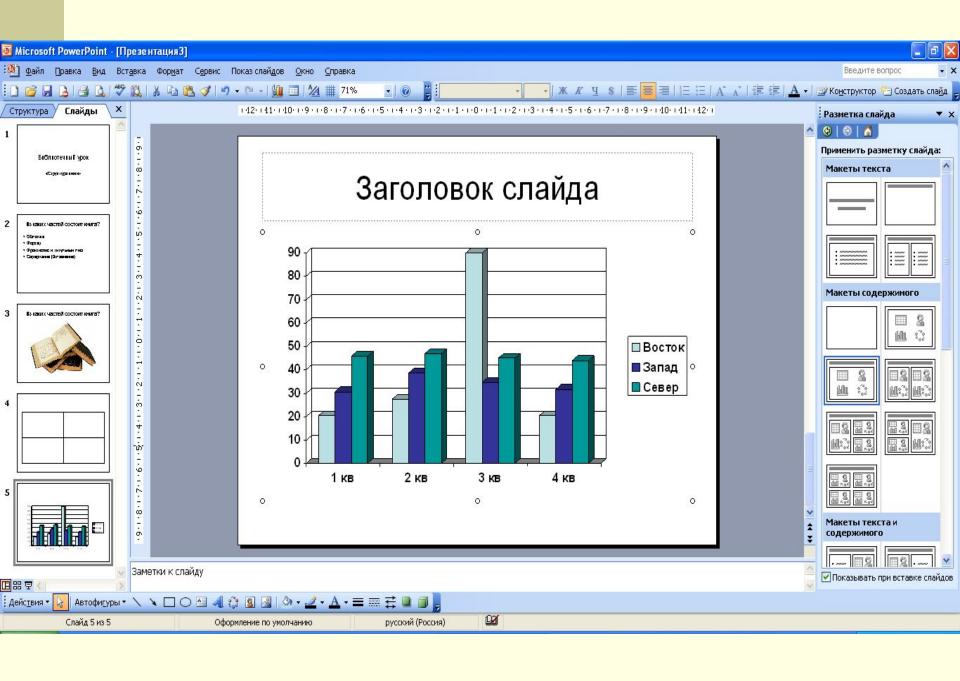

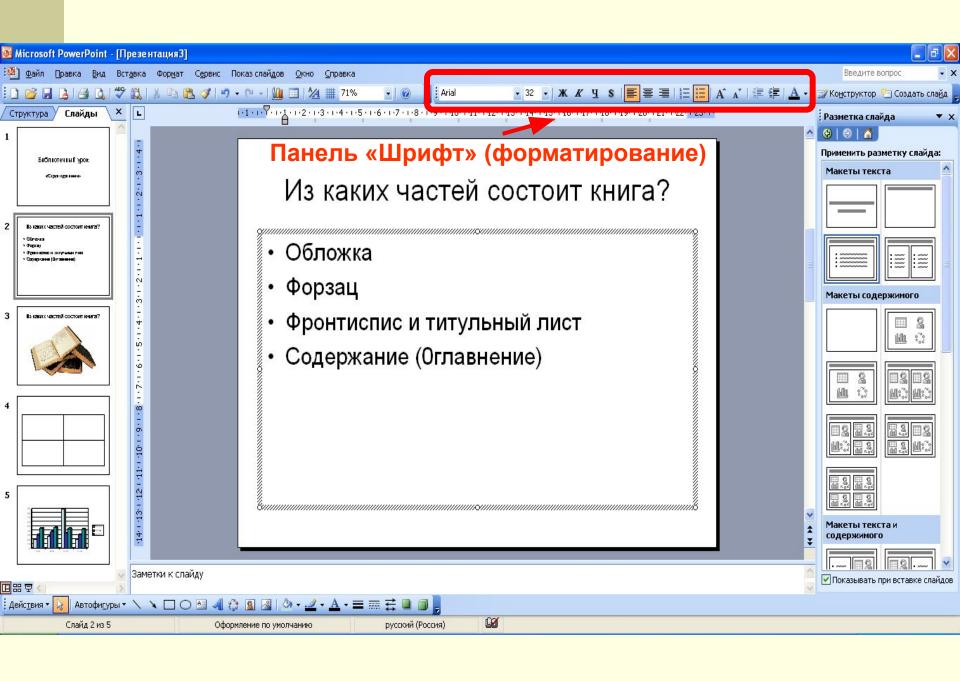

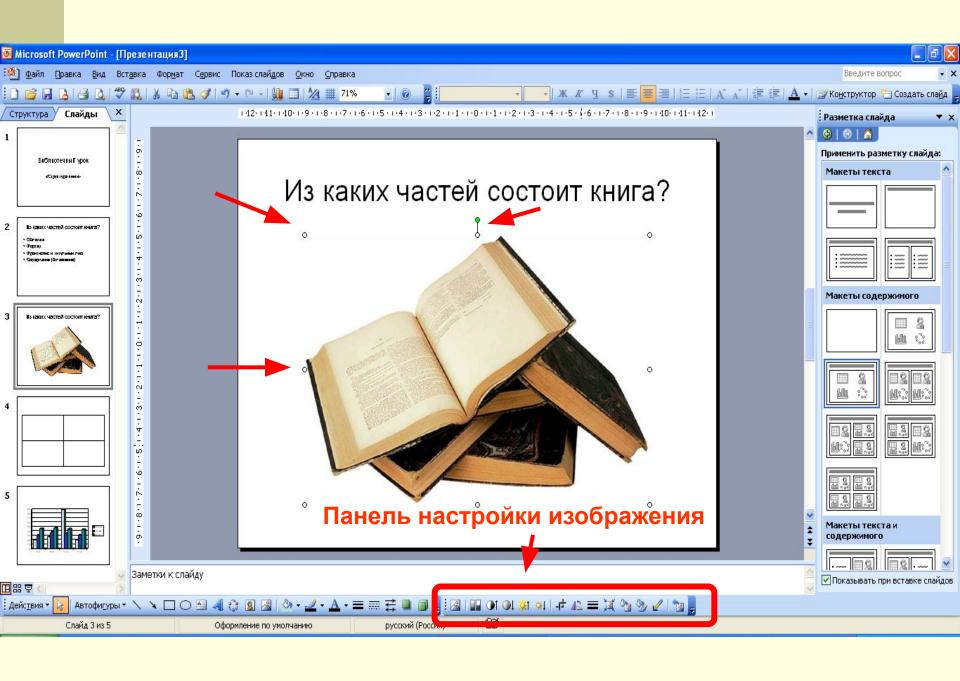

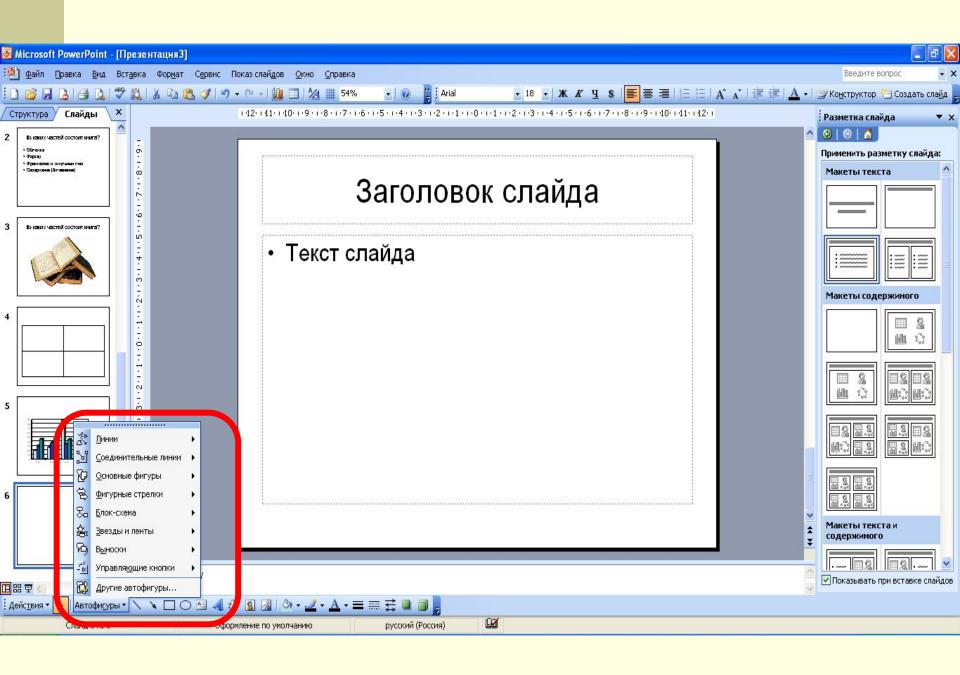

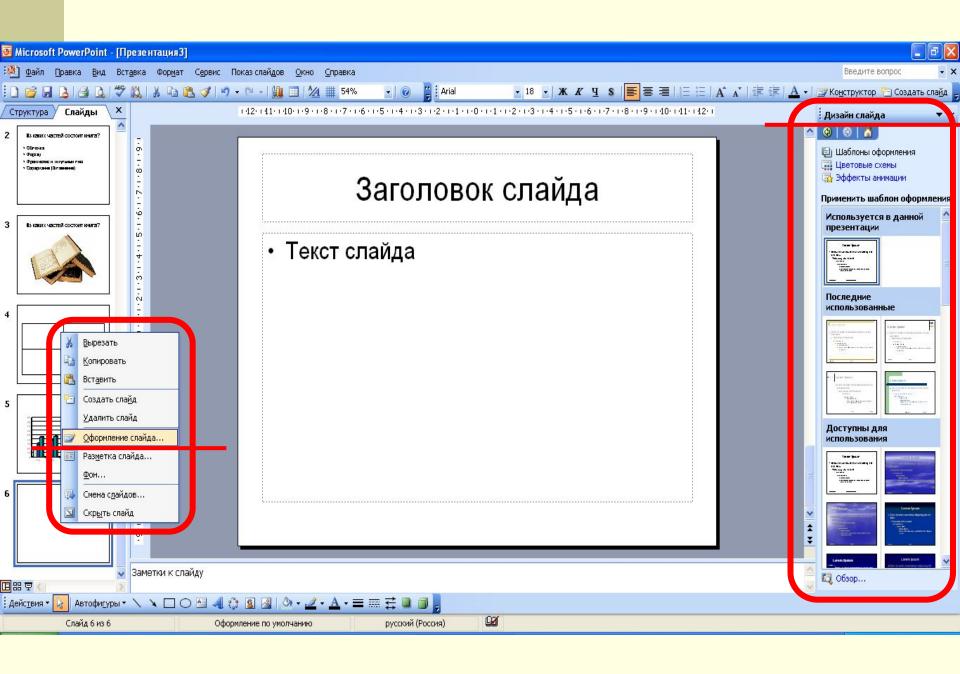

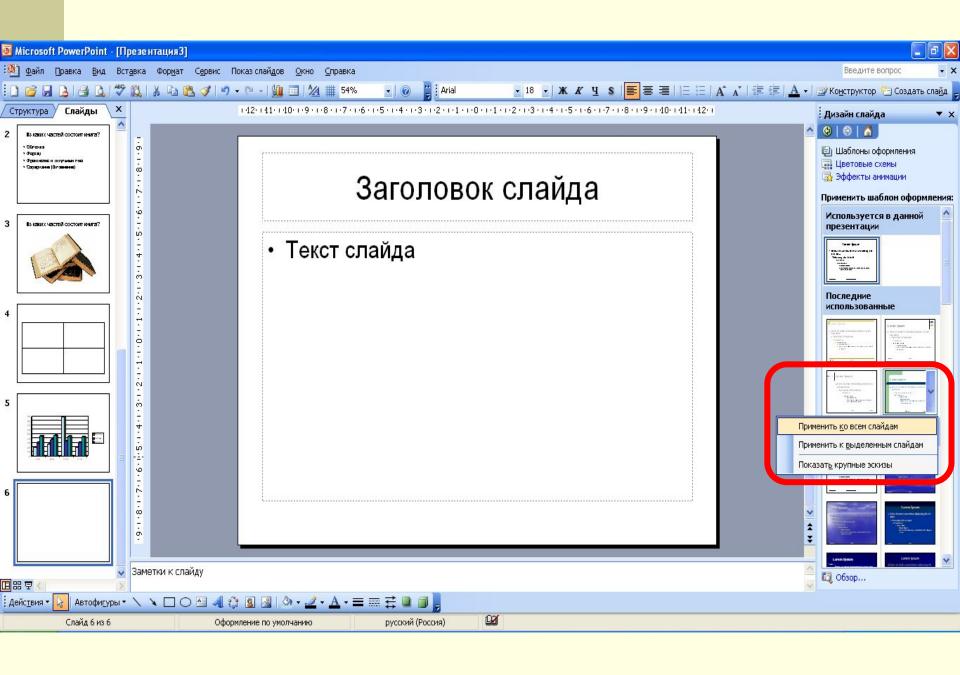

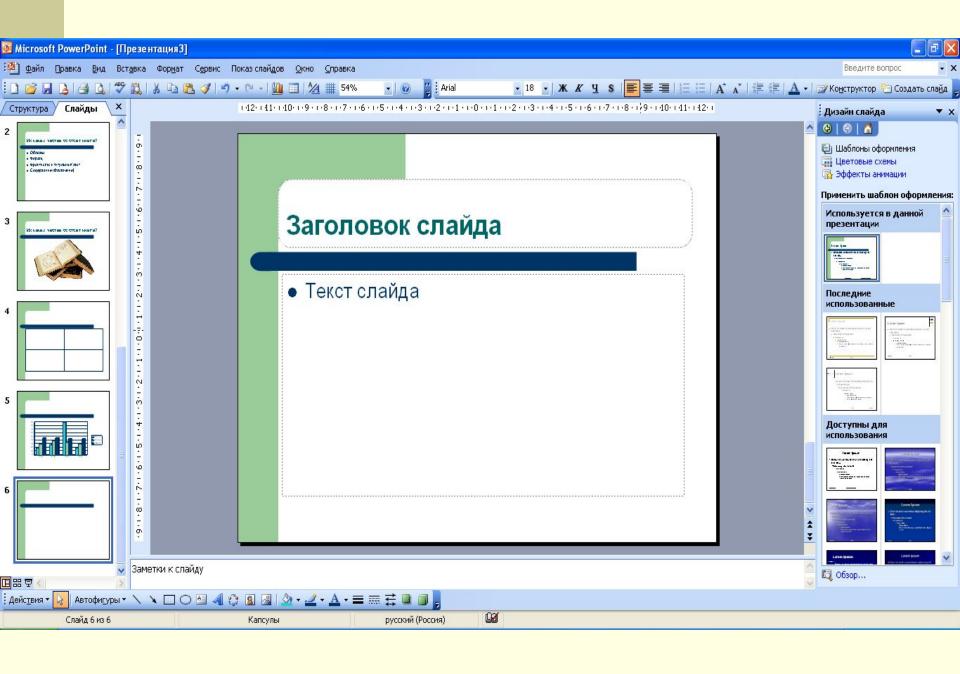

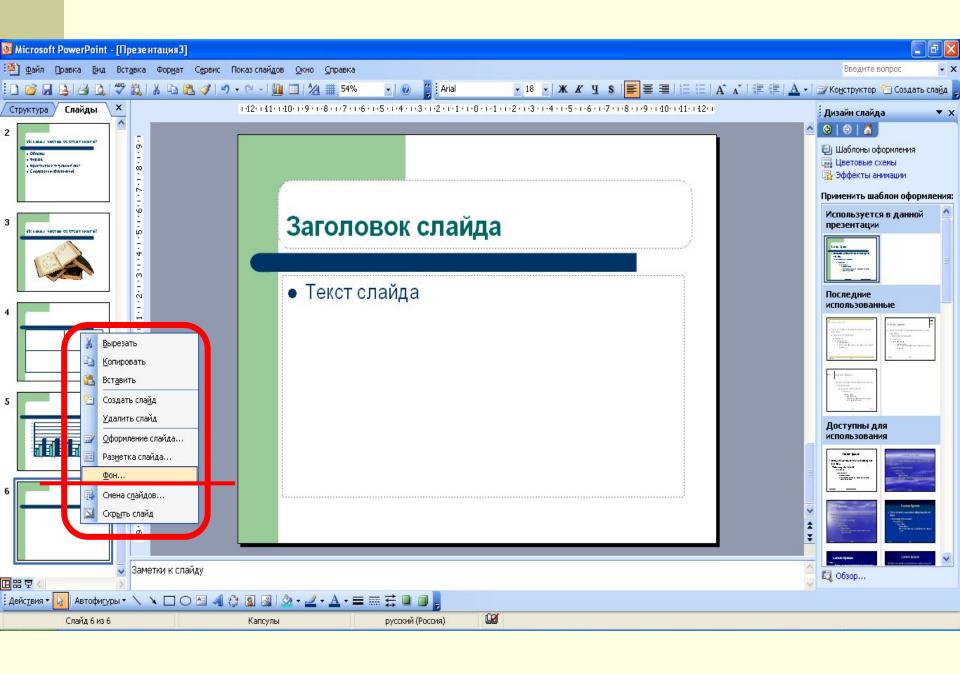

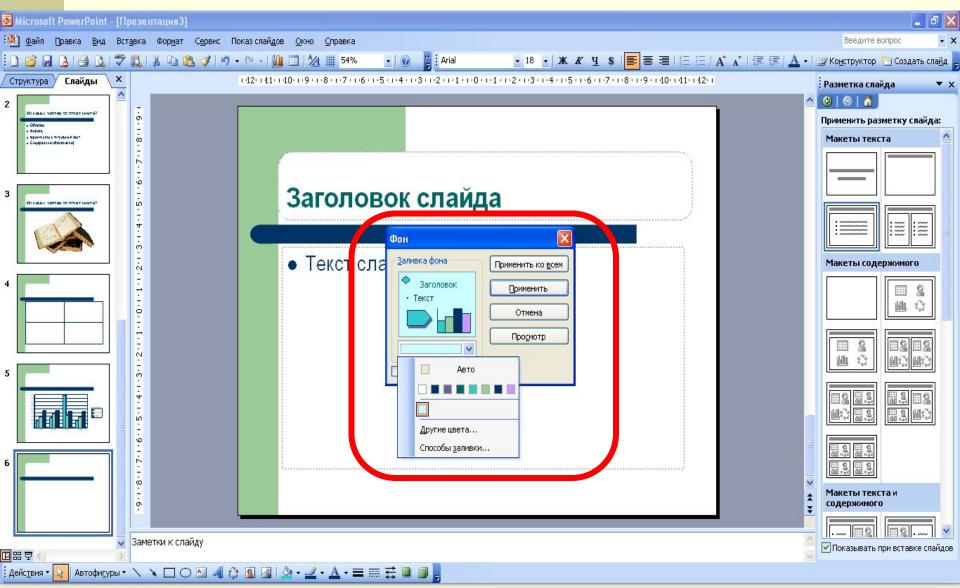

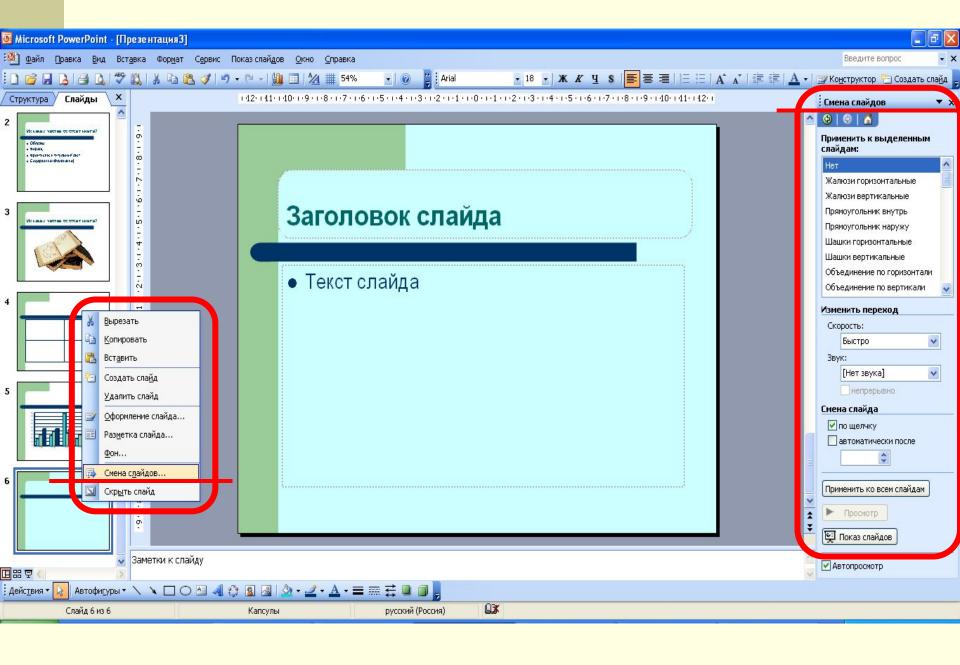

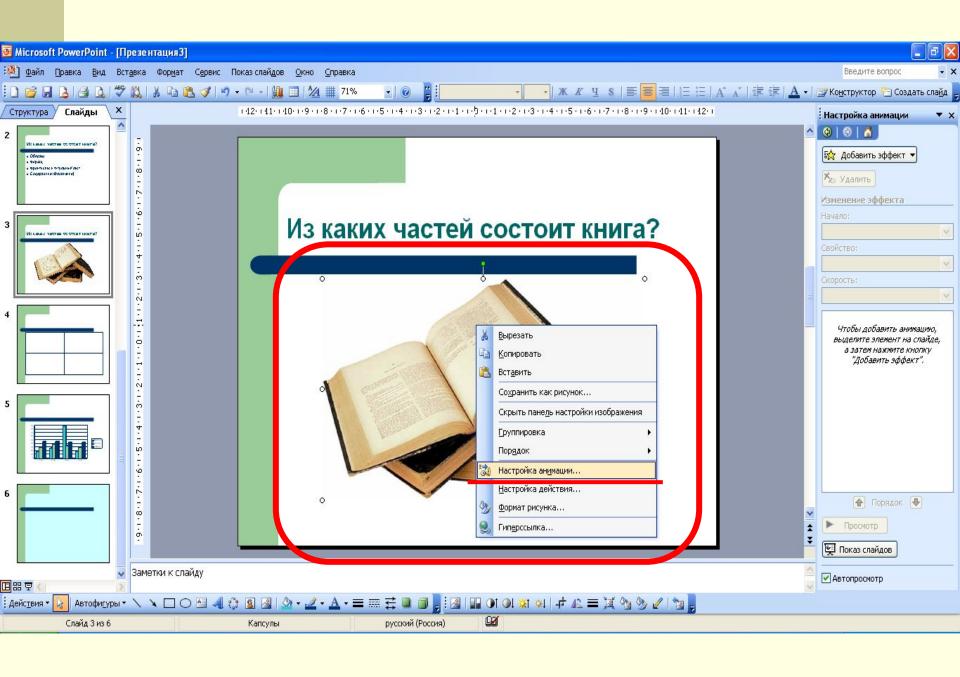

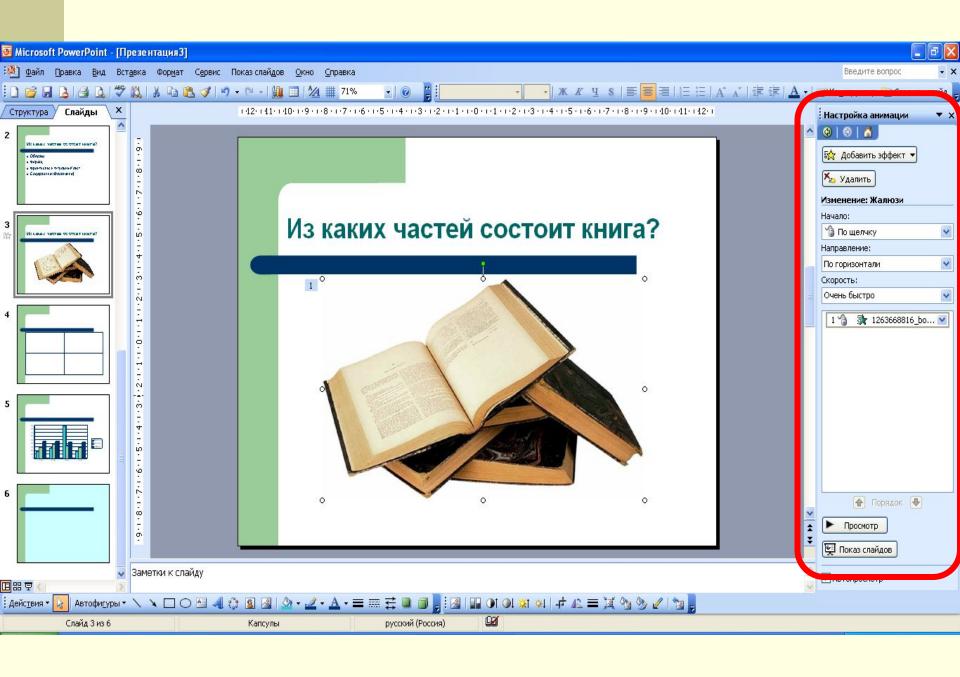

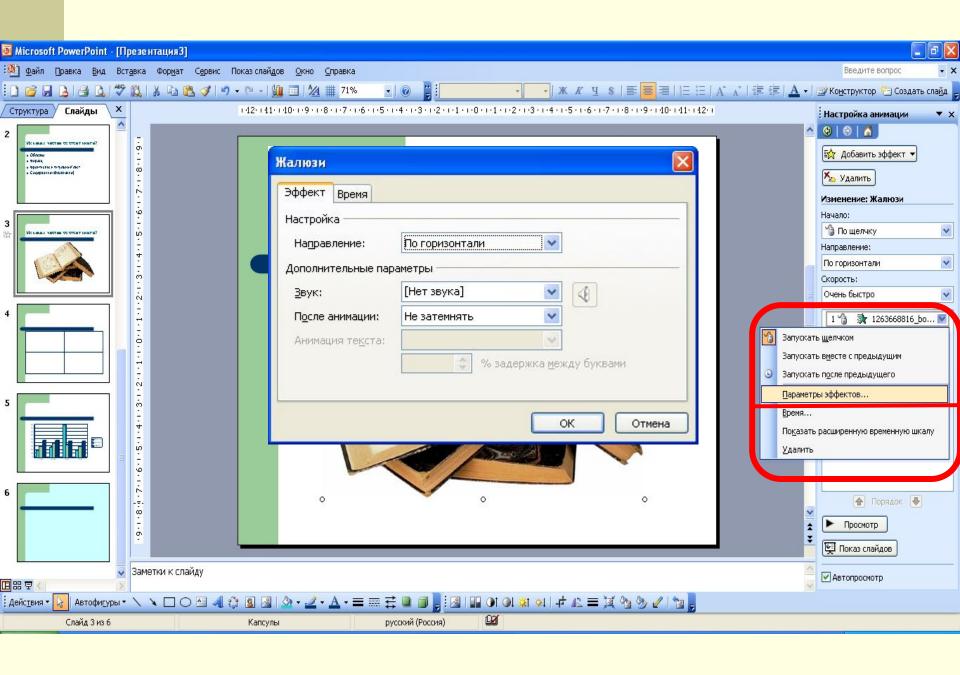

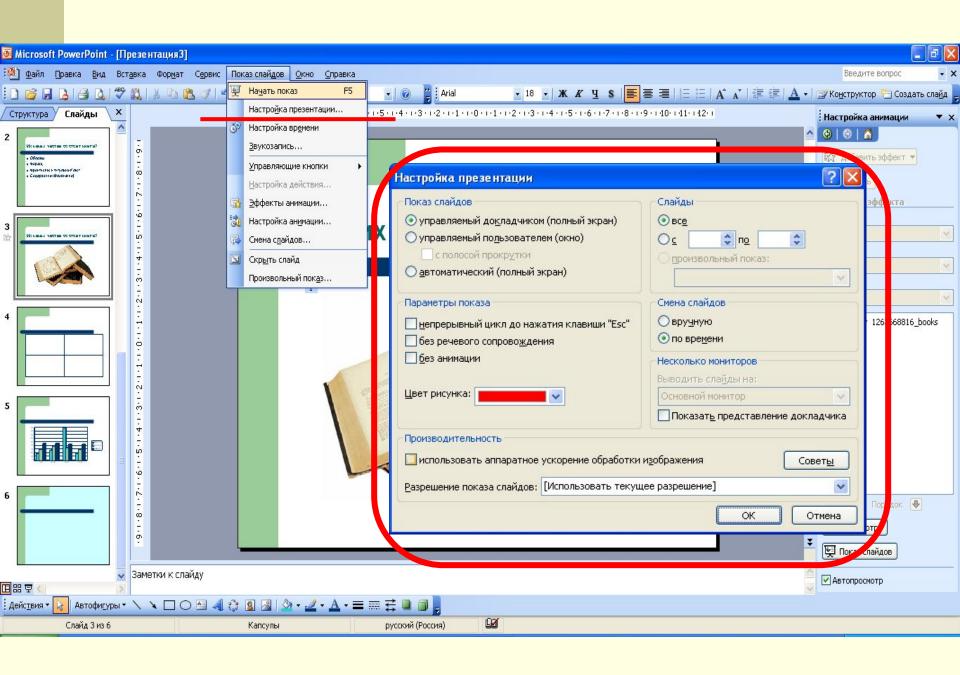

Чтобы урезать укажите на любой маркер и тащите.

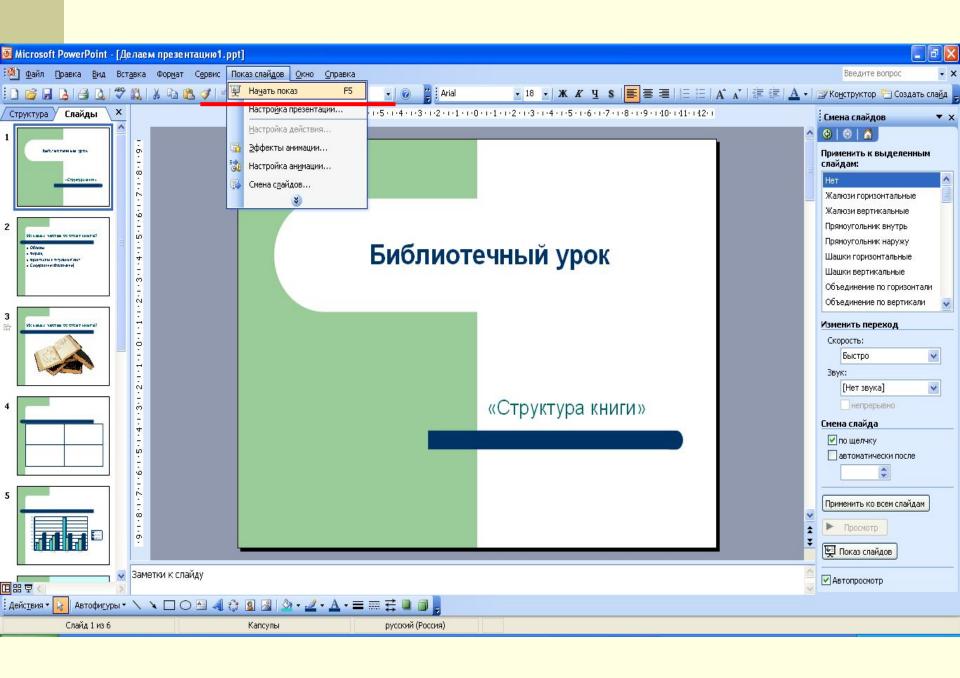

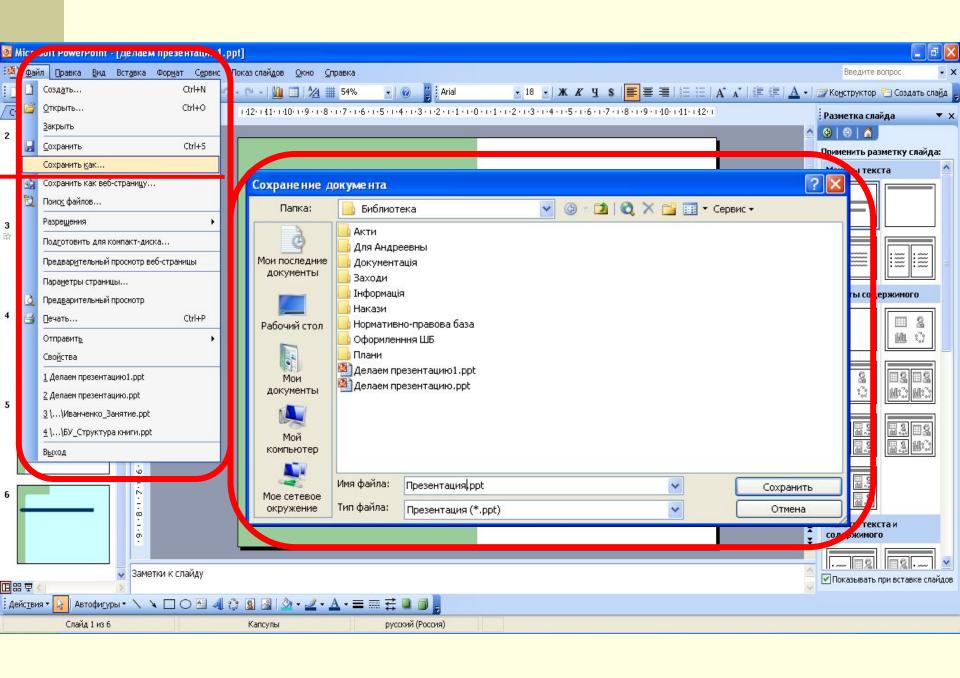

Методические рекомендации по созданию презентаций в программе Microsoft PowerPoint 2003
