Обзор рынка “Классифайдс”

РИФ 2011

- Размер рынка “классифайдс” в мире: \$100 миллиардов (онлайн+офлайн)
- Быстрое движение от печатных классифайдов в онлайн и от платных к бесплатным

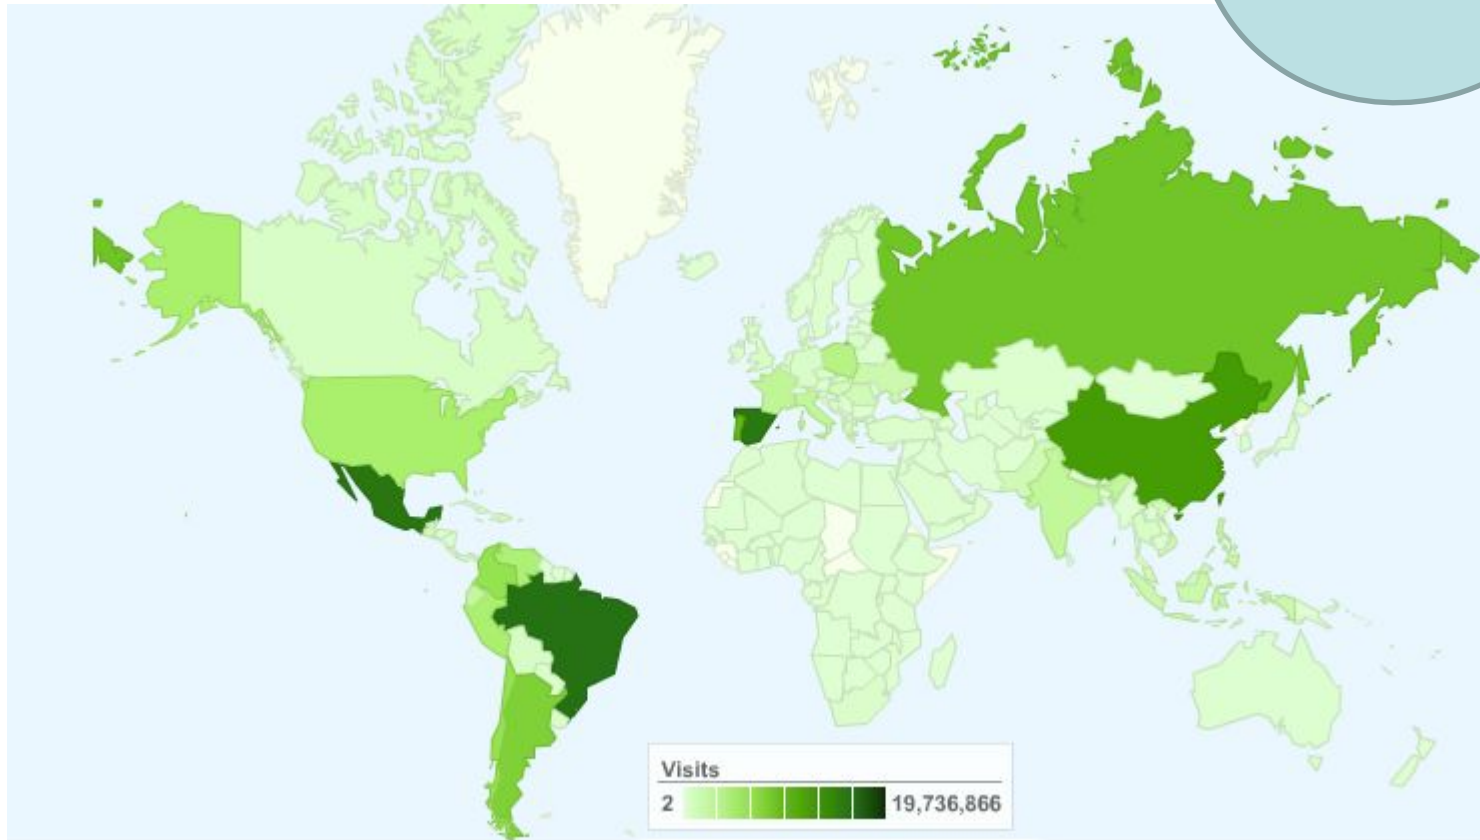

Craigslist – лидер рынка США

- Craigslist (США, с 1994 г.) лидер рынка, команда менее 50 человек
- Craigslist мог бы быть \$20 миллиардной компанией
 - 22 миллиарда просмотров страниц в месяц
 - Мог бы иметь доход \$1.2 миллиарда в год и \$1 миллиард EBITDA
- В основе бесплатный сервис, платные рубрики “работа” и “недвижимость” и доход около \$200 М
- Основатель (Craig) публично заявлял, что не хочет улучшать монетизацию сайта и “death is my exit strategy”
- Проект остается маргинальным игроком за пределами США, не был успешно локализован и продвинут на международных рынках

Почему Schibsted основной конкурент, а не Ebay?

- Основной бизнес компании Ebay – аукционы
- Основные доходы компании Ebay с аукционов – Ebay не включает доходы с направления “классифайдс” в квартальных и годовых отчетах
- Ebay обычно покупает лидеров, а не инвестирует в создание лидеров
- Ebay последовательно показывает нежелание серьезно вкладывать в сегмент “классифайдс”

Schibsted более серьезный конкурент чем Ebay

Есть страны, где лидер - игрок одного рынка (Sahibinden в Турции и SS в Латвии)

- Лидер в Турции - 3.4 миллиарда показов!
- 9^й самый большой сайт в Турции (Alexa)
