

The analysis of Google

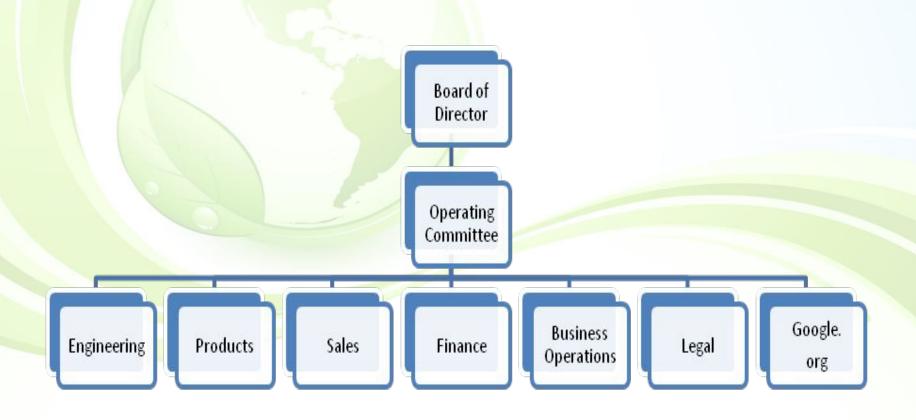

Prepared by Beloglazova Yulia, WE-101

The Value Chain of Google

Google Organizational Structure

Unusual leadership positions

Chief Culture Officer

Chief Internet Evangelist

Macroeconomic pressures have created a dysfunctional culture, one that is not supporting business performance moving forward, and now, they are trying to figure out how keep their culture from spinning out of control.

His job is to help build Google leadership within the internet community, and also build network infrastructure, architectures, systems, and standards for the next generation of Internet applications.

The 70/20/10 Rule

70%

20%

10%

Projects assigned by management

New projects or ideas connected with the core project

Any new ideas employees want to pursue regardless of what they might be
