# Environment

The world environment means simply what is around us. Some people live in a town environment. But the air we breathe, the soil on which we stand and walk, the water we drink are all part of the environment.

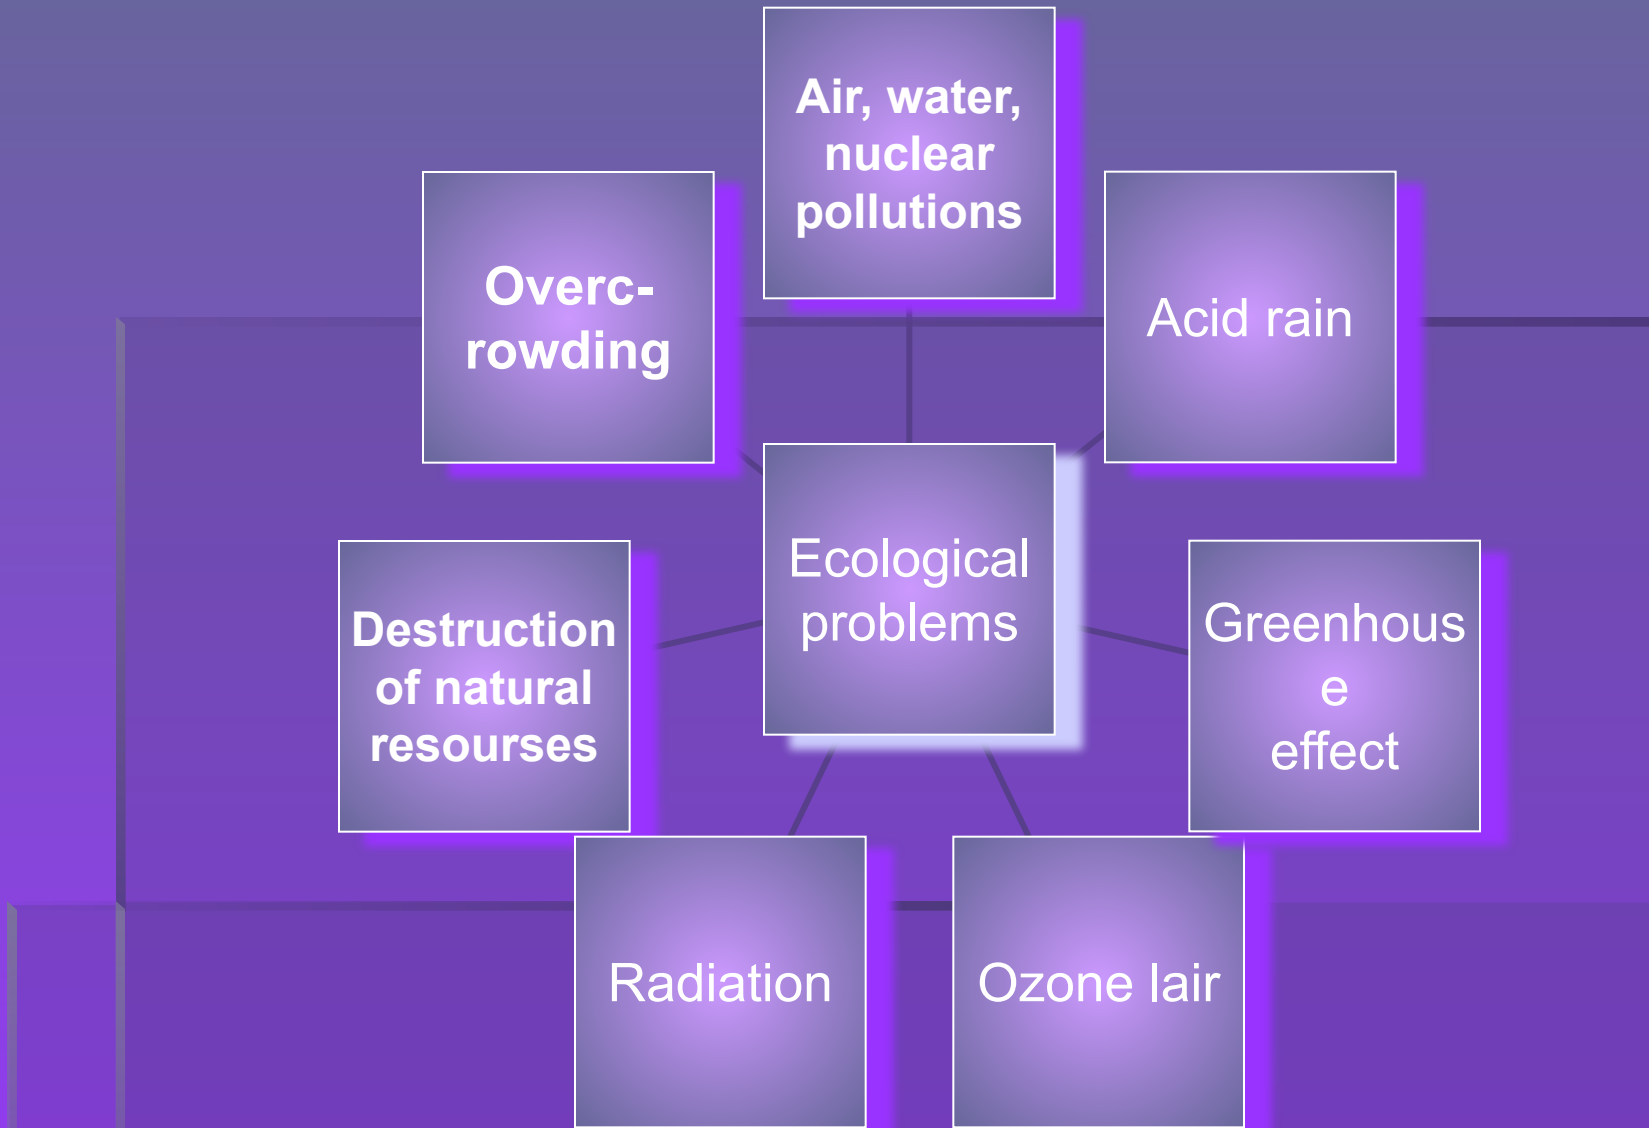

Overcrowding

Air, water, nuclear pollutions

Acid rain

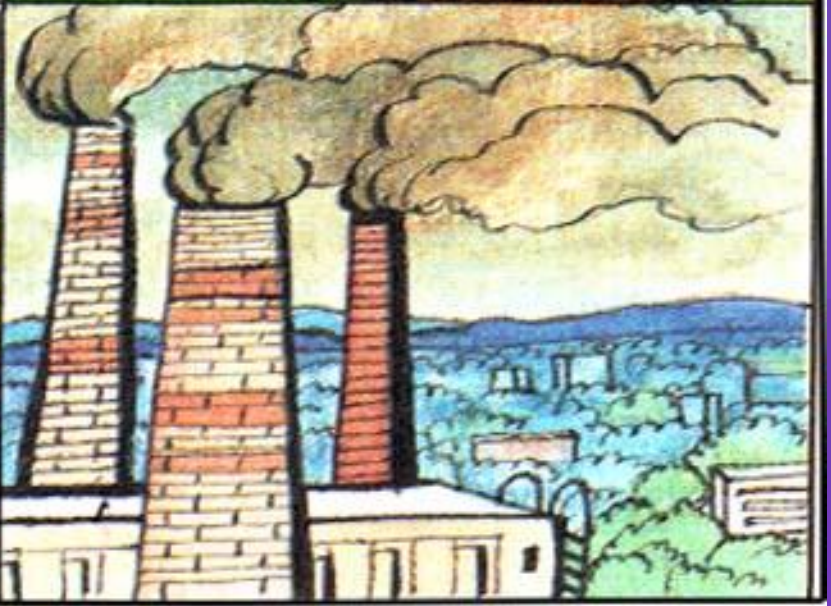

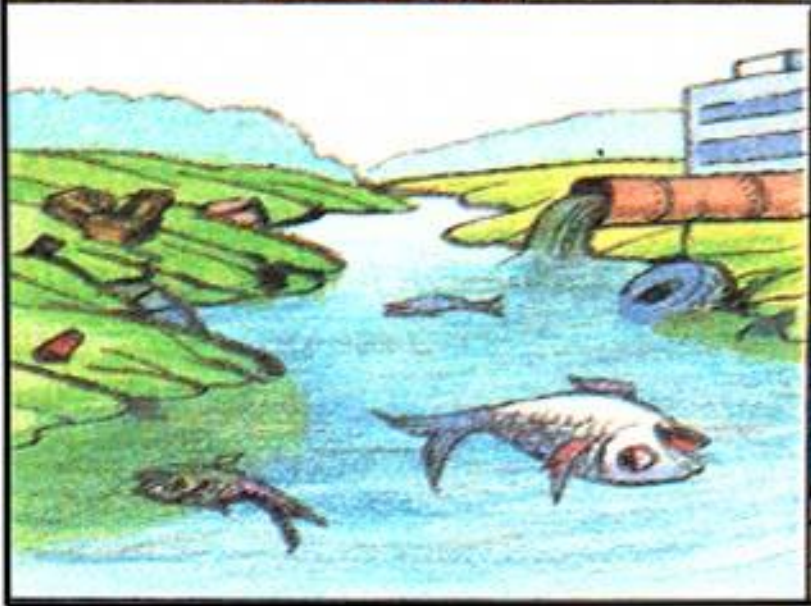

Destruction of natural resources

Ecological problems

Greenhouse effect

Radiation

Ozone layer

A vibrant blue sky filled with fluffy white cumulus clouds. The clouds are scattered across the frame, with some larger, more prominent ones in the upper left and lower right, and many smaller ones throughout. The sky is a deep, clear blue, providing a striking contrast to the bright white of the clouds.

# Berdsk environmental problems

# REMEMBER!!!

- Don't throw the paper
- Put litter away
- Put it in a rubbish bin
- Never break plants and baby trees
- Don't paint on trees
- Don't leave fire
- Don't waste energy
- Organize ecological activity
- Safe energy
- Safe water
- Use paper, not plastic

THE END
