A photograph of Lana Del Rey sitting on a red velvet sofa. She is wearing a white, draped, short-sleeved dress and has her long, dark, wavy hair styled down. Her hands are clasped in her lap, and she has a small tattoo on her left wrist. The background features a gold-framed mirror and a dark wood headboard.

Кому принадлежит эта цитата?

Now that Doja Cat, Ariana, Camila, Cardi B, Kehlani and Nicki Minaj and Beyoncé have had number ones with songs about being sexy, wearing no clothes, fucking, cheating etc - can I please go back to singing about being embodied, feeling beautiful by being in love even if the relationship is not perfect, or dancing for money - or whatever I want -without being crucified or saying that I'm glamorizing abuse??????
