

Traveling

Introduction

I would like to travel around the world, but I can't, and I try travel in Ukraine.

In Ukraine I travel to:

Carpathians

Crimea

Korsun-Shevchenkivskyi

Carpathians

Last summer I travel to Carpathians, nearly Goverla, and to mountain lake (I forgot what name of that lake).

Water in that lake was really cool.

Crimea

In Crimea mountains I was been 4 years ago. Crimea mountains are stony and steep. Between rocks was a some snow (in ends of April!!!) .

Korsun-Shevchenkovsky

I live in Korsun-Shevchenkovsky short period of my life. It`s formally city, but looks like village, because there a lot of personal houses, and some five-floor buildings.

Park

In Korsun-Shevchenkovsky there is a big park with castle in the style barocco, or maybe. In the park a lot of sculptures and they are beautiful.

River

River Ros` forms rapids, smalls water falls, and children are swimming there.

This great place on Ukraine.

Thank you for attention
