

MOUNT OF TEMPLAR

Hello! I want say you about mystical place: Mount of Templar

In southern Poland, near Obrovtsa, it is a hill called Mount Templberg Templar. About it has long been strange rumors go.

The legend

According to legend, at the turn of the XIII-XIV centuries on the top of the mountain was built fortification belonging to the famous Knights Templar. One day before Easter, the priest went to the nearest church communion of his parishioners. In the way back he was attacked by the Knights Templar. These knights, monks did not differ generosity - they robbed a priest, took away the cup for Communion, and other valuables. Then Father cursed this place - and soon the estate of the Templars fell to the ground. Nowadays, this story remind's the old moat and a hill on which once stood the castle.

It's begin

- However, since then the miracles began to happen there.
- At noon, farmers working in the surrounding fields, scare some horrible noises coming from the other side of the hill. The same, they say, takes place at midnight, but at this time, people are just afraid to come here.

Interesting moment

- ▣ Near Mountains Templar people sometimes attacked by a strange wraith - they can not find a way out of the damned place. Thus, the witness Jerzy Lipka once mowed grass around Templberga. When finished, he decided to shorten the route, passing by mountains. Suddenly, 30 meters from the shaft Jerzy was pushed back. He stopped and realized that he could not reach the hill, though perfectly saw it before him. Just feet to not go. So I had to go back and go in a roundabout way.

Strange things

- ▣ Many enthusiasts trying to find the remains of the settlement of the Knights Templar. Archaeologists even managed to dig out the old gates and stairs. But the next morning, they returned to the place of excavation, found that all again covered with earth ...
- ▣ Another time, someone from the local, found on a hill well-preserved old gate, put them in place of the door to the warehouse in Obrovtsse. After that, the stock became restless: at night someone invisible opening and closing the door.

Phenomenal place

- ❑ Phenomenon interested in Belarusian ufologists. Arriving in Obrovets, in the territory of a dried-up moat researchers conducted a survey of digital cameras.
- ❑ Hopes for sensation justify yourself in the pictures showed a strange bright points. During his stay on the mountain ufologists feel psychological discomfort - not acted horrible stories about this place, is not it in fact has a negative aura.
