A dark, atmospheric tunnel with a central light source. The tunnel is composed of several concentric arches, creating a sense of depth and perspective. The walls are dark and textured, possibly stone or concrete. A bright, circular light source is positioned in the center of the tunnel, casting a soft glow. The overall mood is mysterious and suspenseful.

В туннеле спрятана еще одна руна.  
Но двигаться надо быстро, за вами гонится что-то не очень приятное.
