9. Target market

She has always inspired people with her diligence, hard work and stamina. Meryl is an inspiration for those, who want to reach a success. She is also an example of a strong capable woman in modern society.

I NO LONGER ...

"I no longer have patience for certain things, not because I've become arrogant, but simply because I reached a point in my life where I do not want to waste more time with what displeases me or hurts me. I have no patience for cynicism, excessive criticism and demands of any nature. I lost the will to please those who do not like me, to love those who do not love me and to smile at those who do not want to smile at me.

I no longer spend a single minute on those who lie or want to manipulate. I decided not to coexist anymore with pretense, hypocrisy, dishonesty and cheap praise. I do not tolerate selective erudition nor academic arrogance. I do not adjust either to popular gossiping. I hate conflict and comparisons. I believe in a world of opposites and that's why I avoid people with rigid and inflexible personalities. In friendship I dislike the lack of loyalty and betrayal. I do not get along with those who do not know how to give a compliment or a word of encouragement. Exaggerations bore me and I have difficulty accepting those who do not like animals. And on top of everything I have no patience for anyone who does not deserve my patience." – **Meryl Streep**

My opinion

I don't like to watch interviews, but for Meryl I always make an exception. Her charisma, confidence and at the same time charming sincerity and infantilism can mesmerize anyone. Meryl Streep says that she is not the same as her characters, but always alike a bit. She prefers to play decisive people and give an example of how to act in real life in difficult situations. It's really inspiring. In movies I obviously believe her.

THANKS FOR WATCHING!
