## Story Time

Ask students to read the text. Ask them questions about it to test comprehension. Example questions:  
*What's Black Beauty?*  
*Who's telling the story?*  
*What was the weather like?*  
*Why didn't Black Beauty want to cross the bridge?*  
*What did his owner do that night?*  
Have a discussion with students: Do they think that people or animals can have a sixth sense? Can animals feel danger? Do they know of a similar experience to the one described in the text?
