Игра «Волшебная дверь»

пройдя через волшебную дверь Мага Магнолика фигуры могут измениться по форме, цвету или размеру. Измени фигуры.

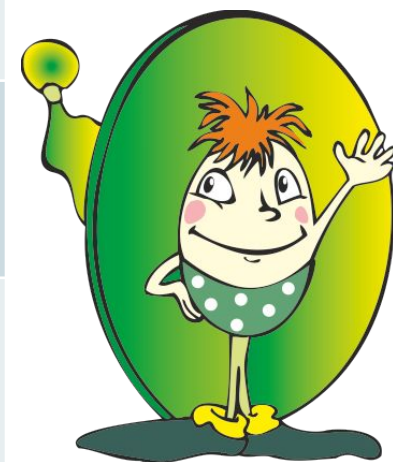

The game board is a blue vertical rectangle. At the top, a character with orange hair, wearing a green and white polka-dot dress and yellow shoes, stands in a green oval doorway. Below the character is a circle split vertically into red (left) and green (right) halves. At the bottom of the board are two giraffe illustrations: a larger one on the left labeled 'БОЛЬШОЙ ЖИРАФ ЖОРИК' and a smaller one on the right labeled 'МАЛЕНЬКИЙ ЖИРАФ ЖОРИК'. At the very bottom is a white square containing four black geometric shapes: a circle, a triangle, a square, and a rectangle.

Four rows of shapes are shown on the left and right sides of the board, with arrows pointing from the left shapes to the board and from the board to the right shapes:

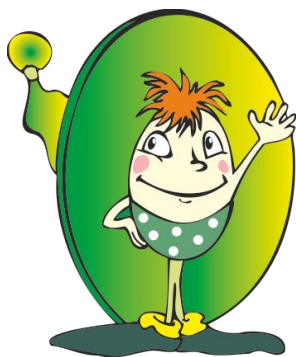

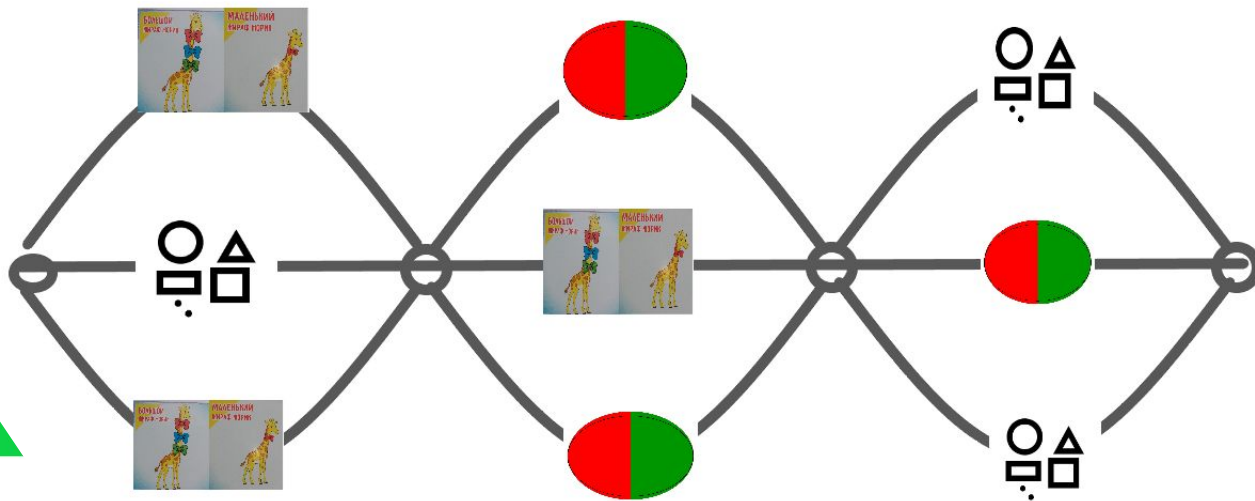

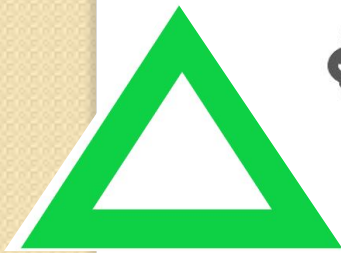

- Row 1: A green square on the left, a red square on the right.
- Row 2: A green ring on the left, a green circle on the right.
- Row 3: A green triangle on the left, a green square on the right.
- Row 4: A green circle on the left, a green ring on the right.
