# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of a nettle plant (Urtica dioica). The image shows several bright green, serrated leaves with prominent veins. In the center, there are small, developing flower clusters. The background is filled with more of the same plant, creating a dense, textured appearance.

**КРАПИВА**

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of a chamomile flower head, showing the intricate texture of the yellow disk florets and the surrounding white ray florets. The background is softly blurred, showing other similar flowers.

**РОМАШКА**

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of a field of yellow flowers, likely Motherwort (Leonurus japonicus). The flowers are bright yellow with many small petals, and the stems are green and slightly woody. A small bee is visible on one of the flowers in the center. The background is a mix of green foliage and brown, dry leaves on the ground.

**МАТЬ-И-МАЧЕХА**

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of several bright red, round rose hips (hips) hanging from a green rose bush. The hips are clustered together, and some green leaves with serrated edges are visible in the background. The lighting is bright, highlighting the texture of the hips and the veins on the leaves.

**ШИПОВНИК**

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of a branch of sea buckthorn (Hippophae rhamnoides) covered in bright orange berries and green leaves. The berries are small, round, and clustered together on the branch. The leaves are elongated and green. The background is a soft-focus blue sky.

**ОБЛЕПИХА**

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of a healthy mint plant. The leaves are vibrant green, serrated, and have a distinct vein pattern. The plant is growing in a garden bed with light-colored soil visible in the background.

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of several ripe, red raspberries on a branch with green leaves. The raspberries are clustered together, and some are still attached to their green, hairy stems. The background is a soft, out-of-focus green, suggesting a natural outdoor setting.

**МАЛИНА**

# ЛЕКАРСТВЕННЫЕ РАСТЕНИЯ

A close-up photograph of a dill plant in full bloom. The plant features several tall, green stems topped with large, flat-topped umbels of numerous small, bright yellow flowers. The background is a soft-focus field of similar dill plants, with some green leaves visible on the left side.
