

MY YEAR IN THE COMMUNICATIVE ENGLISH COURSE

Andronova Elizaveta

15 years old

Hi, everybody. I'm Liza - a lover of the English language. Now I am a student of Junior Academy of Sciences. I have been studying in the Creative association "Communicative English" for a one year. This year has taught me a lot, it has given me new knowledge and skills not only about English, but also about creativity. I've discovered a lot about myself and my abilities. I took part in different contests and other events. And what is even more pleasant, I often managed to take prize places in them. I think that great merit for all of this belongs to our teacher. But it isn't all that has happened to us this year!

There are some of my rewards:

And now I would like to say the most important thing. We could be called a large group of friends, because we spent a lot of time together watching movies or composing funny stories. It wasn't just a course, it was a friendly team.

I want to thank our teacher for this
amazing year!!!

Thank you for your attention
