

**Olaf's
summer
holiday
s**

The background is a vibrant illustration of a beach. In the foreground, there are rolling sand dunes in shades of yellow and orange, dotted with small white and brown specks representing sand grains. Several seashells are scattered across the dunes, including a large white scallop shell, a smaller white shell, and a few orange starfish. In the middle ground, the ocean is a deep blue, with white-capped waves breaking. Two seagulls are flying in the sky above the water. The overall scene is bright and cheerful, typical of a summer holiday setting.
