**STRAWSON'S WATERPROOF**  
 For BOOTS AND SHOES, Price 1s.

This composition will be found the best ever brought before  
 the public as a Waterproof for Leather. Boots and Shoes  
 dressed with this composition will resist all damp from wet  
 soil, wet grass, dew, and even snow, and will last three times  
 as long as any others.

"Dear Sir,—I beg to tell you that I constantly apply your  
 Waterproof Composition to my boots, and am so satisfied of its  
 usefulness that I frequently recommend it to my friends; and  
 not the least of its valuable qualities is, that it prevents leather  
 from getting dry and hard. I have dressed with your Composi  
 tion eight or ten months since, and the leather is as soft as a  
 piece of the finest kid. You may be assured that I have the  
 opinion as to the merits of your Waterproof Composition.  
 I am, dear Sir, very faithfully yours,  
 JOHN STANLEY WREN, M.R.C.S."

"Mr. Strawson,  
 "Sir,—I have much pleasure in testifying to the value of your  
 Waterproof for leather, which I have used for the last three or  
 four years with the most complete success. Having resolved to  
 submit to the test of experience, I had a pair of boots made of  
 very thin leather, dressed twice with the Composition, and  
 walked in them for some hours through fields of turnips and  
 long wet grass, and returned home with my feet perfectly dry.  
 I can with confidence assert that its use makes the leather softer  
 and more durable, as well as perfectly waterproof, and I  
 generally recommend it to gentlemen for whom I make boots for  
 shooting, fishing, &c., as being the best thing of the kind I have  
 ever tried. (Signed) GEORGE BISHOP.

### HORNIMAN'S PURE TEA

The Pure Black is not artificially  
darkened in the leaf.  
The Pure Green has no Starch  
in it, being a dark only Tea.

*Is choice and strong,  
because it consists of the most  
valuable growths that are full of  
rich essential properties.*

*Is moderate in price,  
because it is supplied direct  
from the Importers to the Consumers  
by Agents, to save all  
intermediate profits.*

*Is wholesome to use,  
because it is not 'faced' with  
the usual powdered mineral  
colors.*

These advantages  
have secured for this Tea a  
general preference. To ensure  
its reaching the purchaser at a  
low value, it is sold in packets
