Номинация: «ЭСО для первоклашек»

Друзья!

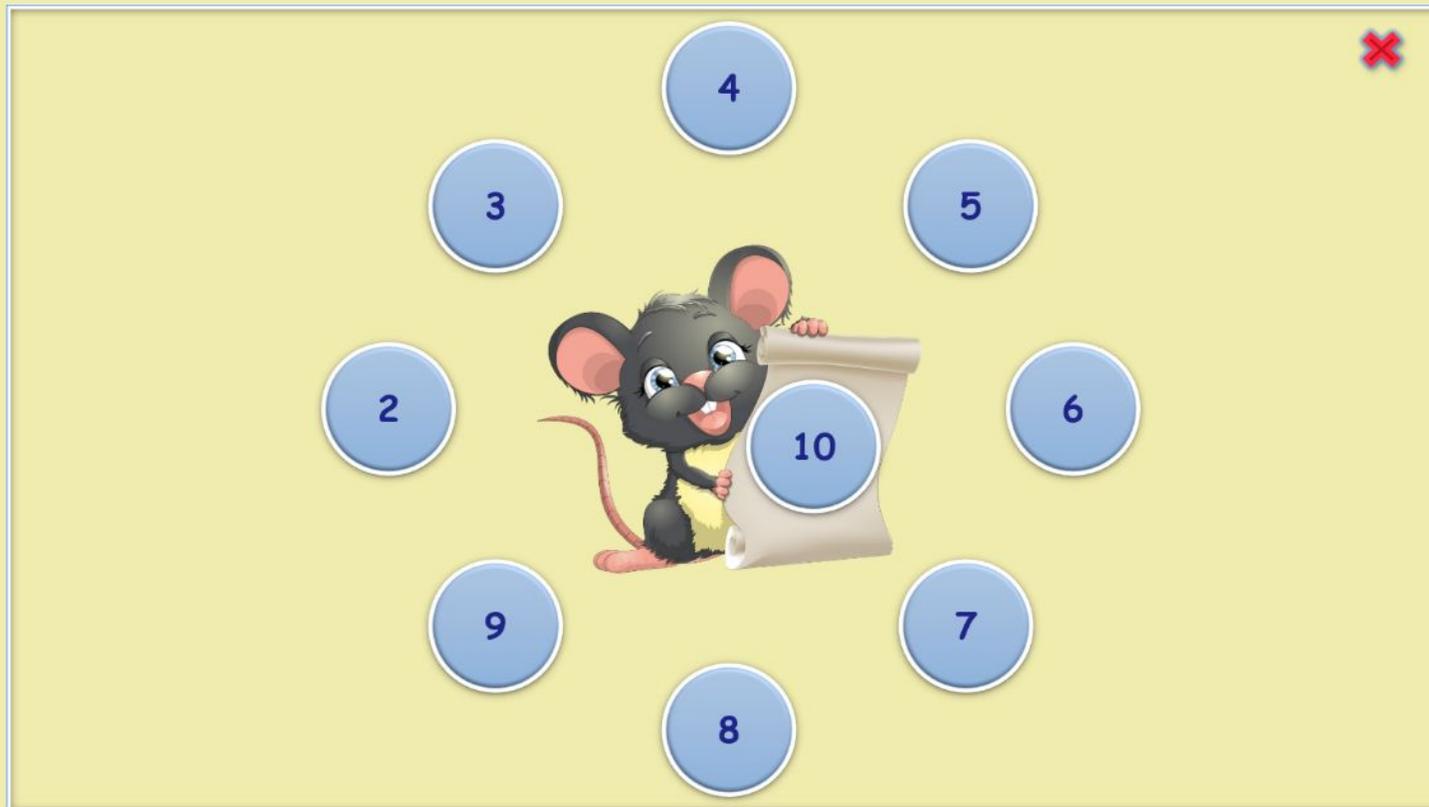

Мышонку Тику нужна ваша помощь.

Он изучает состав чисел, помогите ему заполнить «окошки».

The interface shows a mouse character named Tiku holding a scroll with the number 6. To the left of the mouse are three addition problems, each with a blue square for an answer. The top problem is  $\text{helicopter} + \square$ . The middle problem is  $\square + \text{leaves}$ . The bottom problem is  $\text{strawberries} + \square$ . To the right of the mouse are four scroll-like cards with numbers: 3, 5, 4, and 2.

Кликом мыши отмечайте число,  
которое необходимо вставить в мигающее «окошко».

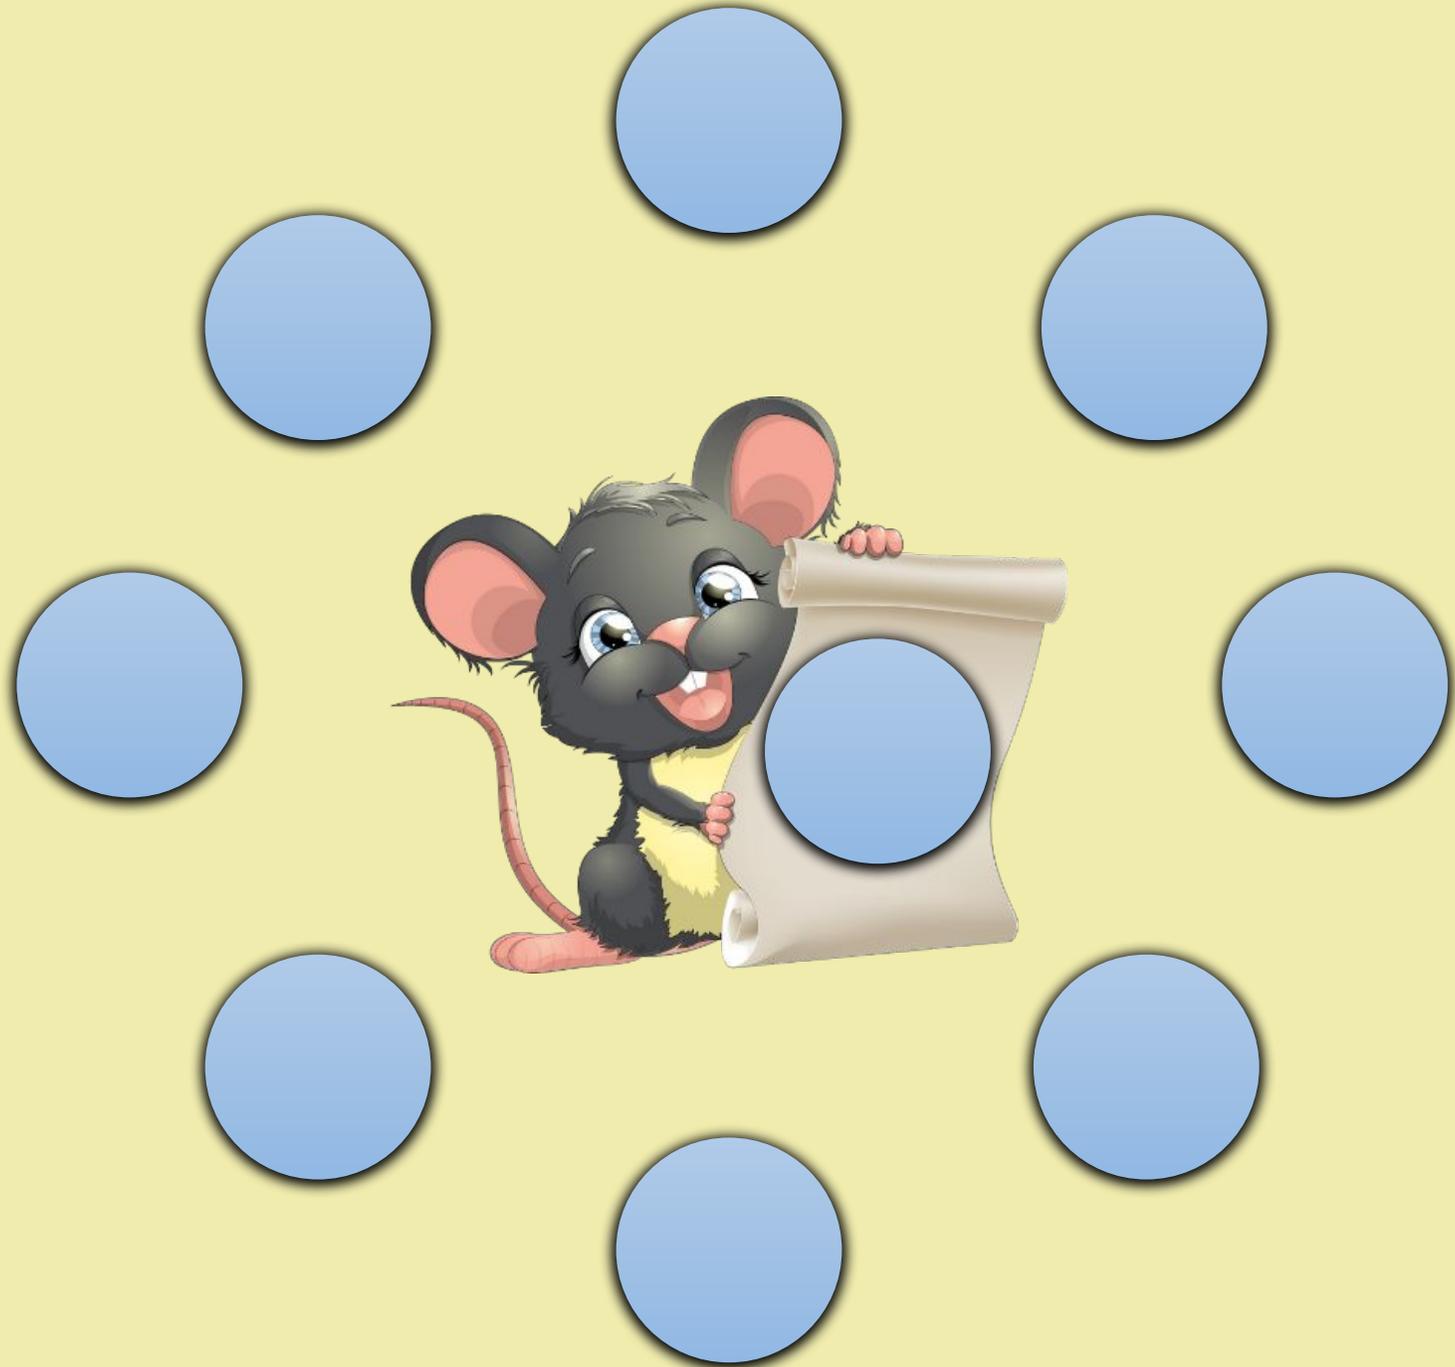

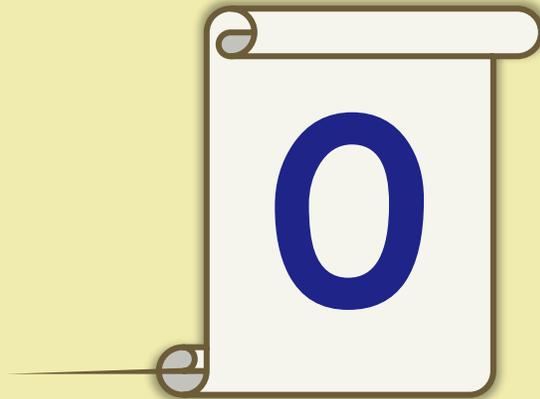

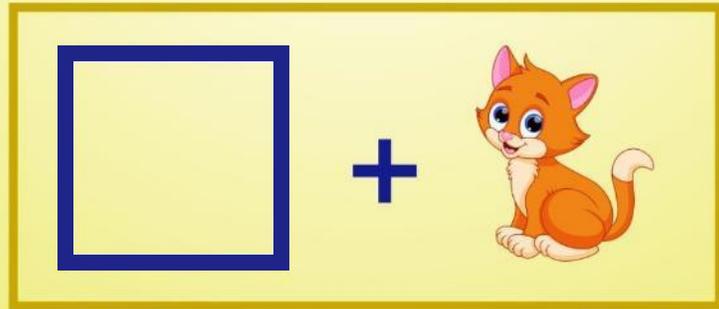

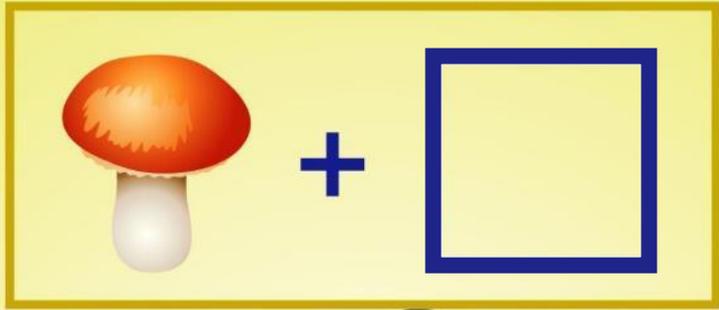

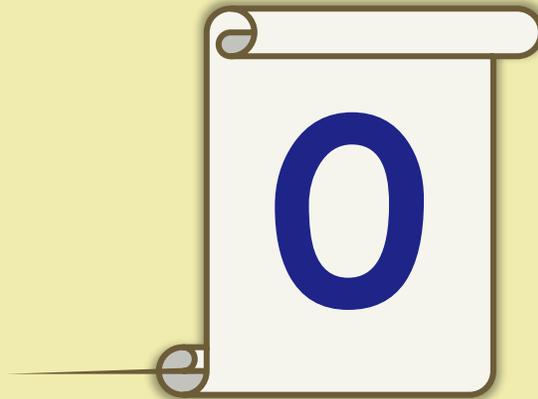

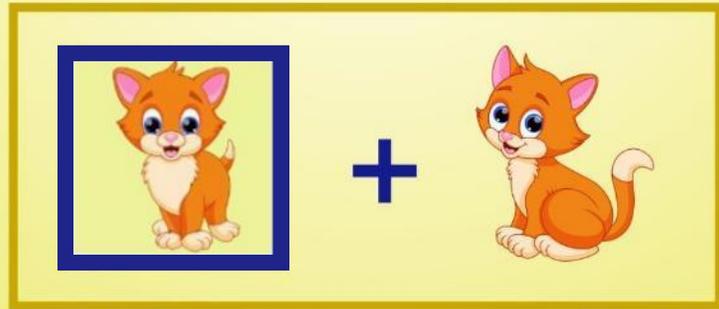

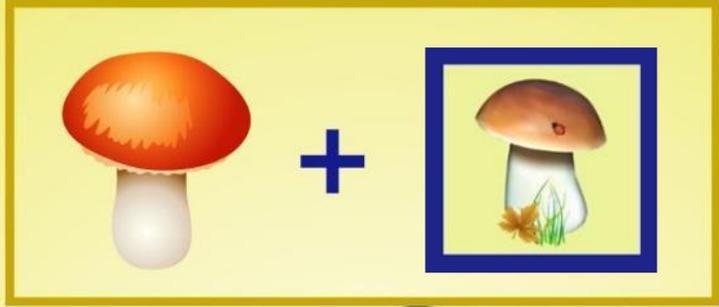

Заполнение «окошек» можно начинать с любого числа и в любом порядке.

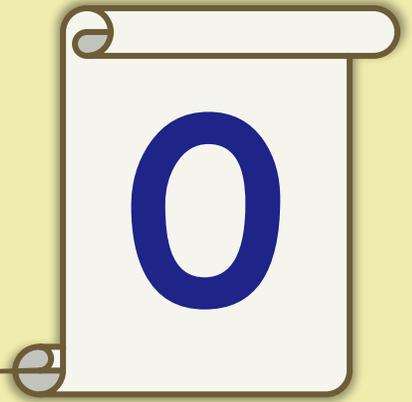

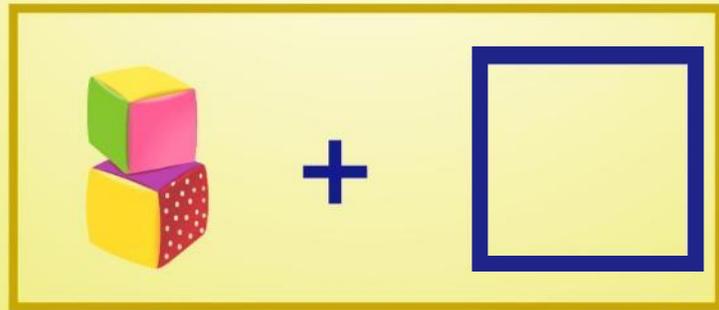

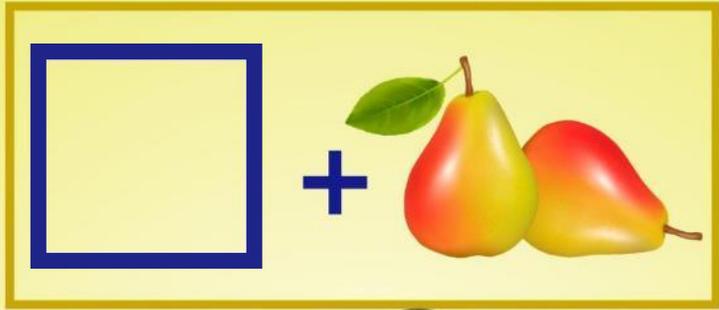

Кнопка  - завершение работы.

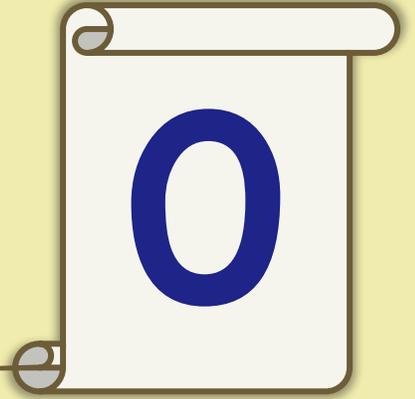

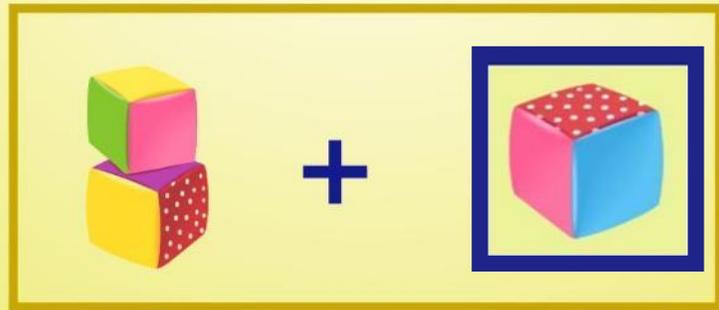

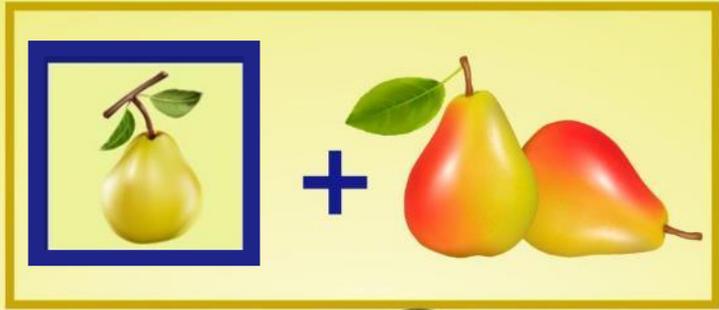

Стрелка  - переход к выбору числа.
