

A mole in the hole

I had some cotton from my button.

From the button I pulled the cotton.

The button fell down a
deep, dark hole.

I looked down the hole
and saw a mole.

He had put my button in his sack.

Then he tied the sack
onto his back.

The mole went down, into the
hole so black.

Now I will never get
my button back.

1. What did the child do to the cotton?
2. Where did the button fall?
3. What was in the hole?
4. What did the mole have on his back?
5. Where did the mole go with his button?
