History of palm Sunday

- The history of Palm Sunday goes back to ancient times. According to legend, in 30 AD, Jesus Christ came to Jerusalem on a donkey. There he was met by the common people, who laid palm branches on his path and greeted him with the words: "Glory to the Son of David!".

Palm Sunday traditions

- Palm Sunday does not mean a lavish feast – the holiday always falls on Lent. On Palm Sunday, according to the charter, fish is allowed. The main tradition of the holiday is the consecration of willow branches.

Holy Week in 2021 from April 26 to May 1

- Holy Week is no longer Lent or even Lent – it is a separate time. You can say so: Lent (the first 40 days) is the time when we go to meet God. Holy Week is the time when the Lord comes to meet us. It goes through suffering, through the Last Supper, the arrest, Calvary, the descent into hell, and finally to Easter. He overcomes the last barriers that separate us from God.

What not to do on Holy Week

- In order not to incur the righteous wrath of the Almighty, it is not recommended: play weddings, celebrate birthdays, other holidays make noise, have fun engage in agriculture refuse those who ask to ignore fasting, overeat, drink alcohol show negative emotions
