# Spare Time.

Although I enjoy visiting art galleries, I've never been very good at drawing and painting pictures myself. For a long time I've wanted to learn some of the basic skills. At first, I considered drawing and studying on my own at home, but then a friend of mine suggested going to evening classes and I realised that would be much more fun. So, I've decided to join an evening art class at the local Technical College.

I've met the instructor, Mr Philips, and he seems really nice. First, we'll practise drawing very simple objects, and then we're going to move on to more difficult things, like people and buildings. I know it's not going to be easy, but I intend to stick at it. I'm not going to give up trying. And I hope by the end of the course I'll be able to see a real improvement in my artistic ability.

# Свободное время

• Хотя мне нравится посещать художественные галереи, я сам никогда не был очень хорош в рисовании и рисовании картин. В течение долгого времени я хотел научиться некоторым базовым навыкам. Сначала я подумывал о том, чтобы рисовать и учиться самостоятельно дома, но потом мой друг предложил пойти на вечерние занятия, и я понял, что это будет намного веселее. Итак, я решил записаться на вечерние занятия по искусству в местном техническом колледже. Я познакомился с инструктором, мистером Филипсом, и он кажется очень милым. Сначала мы попрактикуемся в рисовании очень простых объектов, а затем перейдем к более сложным вещам, таким как люди и здания. Я знаю, что это будет нелегко, но я намерен продолжать в том же духе. Я не собираюсь бросать попытки. И я надеюсь, что к концу курса я смогу увидеть реальное улучшение своих художественных способностей.
