

Great Britain

The United Kingdom of Great Britain and Northern Ireland is situated on the British Isles.

The British Isles consists of two large islands, Great Britain and Ireland, and about five thousand small islands.

Their total area is over 244,000 square kilometers.

The UK is made up of four countries: England, Wales, Scotland and Northern Ireland. Great Britain consists of England, Scotland and Wales and doesn't include Northern Ireland.

The capital of the UK is London.

The British Isles are separated from European continent by the North Sea and the English Channel. The western coast of Great Britain is washed by the Atlantic Ocean and the Irish Sea.

The surface of the British Isles varies very much. The north of Scotland is mountainous and is called the Highlands, while the south, which has beautiful valleys and plains, is called the Lowlands.

There are a lot of rivers in Great Britain, but they are not very long.

The Severn is
the longest
river,
while the
Thames is the
deepest and the
most important
one.

There are many lakes in Great Britain .

The weather in Great Britain is very changeable.

The English also say that they have three variants of weather: when it rains in the morning, when it rains in the afternoon or when it rains all day long.

The most unpleasant aspect of English weather is fog and smog.

The capitals are: London in England , Edinburgh in Scotland , Cardiff in Wales and Belfast in Northern Ireland .

Every country has its own national emblem.

The red rose is the national emblem of England.

The thistle is the national emblem of Scotland.

The daffodils and the leek are the emblems of Wales.

The shamrock (a kind of clover) is the emblem of Ireland.
